NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE TWO-MONTH PERIOD BEGINNING MAY 1, 2017
AND ENDED JUNE 30, 2017
(In Argentine Pesos)

NOTE 1 – GENERAL INFORMATION

Cablevisión Holding S.A. is a holding company that operates in the telecommunications industry. Its operating income and cash flows derive from the operations of its subsidiaries in which it participates directly or indirectly.

The Company has been incorporated as a spun-off company from Grupo Clarín S.A., which shareholders approved at the Extraordinary Shareholders' Meeting held on September 28, 2016 the corporate reorganization transaction consisting in (i) the merger of Southtel S.A., Vistone S.A., Compañía Latinoamericana de Cable S.A. and CV B Holding S.A. into Grupo Clarín and (ii) the subsequent partial spin-off of Grupo Clarín to create Cablevisión Holding S.A.

The corporate reorganization transaction was registered with the IGJ on April 27, 2017. In view of the above and taking into consideration that, under the terms of the spin-off, the effective date of the Spin-off (the "Effective Date of the Spin-off") would be the first day of the month following the date on which the latest of the following registrations has been completed: (i) the registration of the Corporate Reorganization with the IGJ, or (ii) the registration of the incorporation of Cablevisión Holding S.A. with the IGJ, the Effective Date of the Spin-off is May 1, 2017. As from that date, Cablevisión Holding S.A. began operating and the accounting and tax effects of the Spin-off became effective, and Grupo Clarín transferred to Cablevisión Holding S.A. the operations, risks and benefits.

As a result of the spin-off, Grupo Clarín transferred to the Company mainly the direct and indirect equity interests it held in Cablevisión S.A. and in GCSA Equity, LLC. In this way, the Company became the direct and indirect holder of approximately 60% of the capital stock and votes of Cablevisión and of 100% of the capital stock of GCSA Equity.

Its operations include the provision of cable television and Internet access and telephony services, with operations in Argentina and in some neighboring countries, through its subsidiary Cablevisión. That company is the largest cable television operator in Latin America in terms of subscribers. This company also provides high-speed Internet access under the trademarks Fibertel and Flash and telephony services through Nextel.

NOTE 2 - BASIS FOR THE PREPARATION AND PRESENTATION OF THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

2.1. Basis for the preparation

Through General Resolutions No. 562/09 and No. 576/10, the Argentine Securities Commission ("CNV", for its Spanish acronym) provided for the application of Technical Resolutions ("TR") No. 26 and No. 29 issued by the Argentine Federation of Professional Councils of Economic Sciences ("FACPCE", for its Spanish acronym), which adopt the International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") for entities subject to the public offering regime governed by Law No. 26,831, whether on account of their equity or their notes, or which have requested authorization to be subject to such regime. The FACPCE issues Adoption Communications in order to implement IASB resolutions in Argentina.

These interim condensed consolidated financial statements of the Company for the two-month period beginning May 1, 2017 and ended June 30, 2017 have been prepared in accordance with "IAS 34 "Interim Financial

Reporting”. Some additional matters were included as required by the Argentine General Associations Law and/or CNV regulations, including the supplementary information provided by the last paragraph of Section 1, Chapter III, Title IV of General Resolution No. 622/13. That information is included in the Notes to these interim condensed consolidated financial statements, as provided under IFRS and CNV rules. The interim condensed consolidated financial statements have been prepared in accordance with the accounting policies the Company expects to adopt in its annual financial statements as of December 31, 2017. The accounting policies are based on IFRS issued by the International Accounting Standards Board (“IASB”) and the interpretations issued by the International Financial Reporting Interpretations Committee (“IFRIC”), which the Company expects to be applicable as of that date.

As mentioned in Note 1, Cablevisión Holding S.A. was created as a consequence of the spin-off of Grupo Clarín S.A. Consequently, the Company's Board of Directors used as a general rule for the initial valuation of the assets received by the Company the valuation of those assets and liabilities on the Effective Date of the Spin-off conducted by Grupo Clarín S.A. (“Predecessor Basis of Accounting”), which issues its financial statements under IFRS.

These interim condensed consolidated financial statements have been prepared based on historical cost except for the fair value measurement of certain non-current assets and financial instruments. In general, the historical cost is based on the fair value of the consideration granted in exchange for the assets.

International Accounting Standard (IAS) 29 “Financial Reporting in Hyperinflationary Economies” requires that the financial statements of an entity that reports in the currency of a hyperinflationary economy be stated in terms of the measuring unit current at the balance sheet closing date of the reporting period and details a series of factors that may indicate that an economy is hyperinflationary. Pursuant to the guidelines of IAS 29, there is not enough evidence to conclude that Argentina was a hyperinflationary economy and, therefore, the Company did not apply the restatement criteria to the financial information for the period reported as established under IAS 29.

The Company began operating on May 1, 2017. Therefore, these interim condensed consolidated financial statements are not presented on a comparative basis.

The attached consolidated information, approved by the Board of Directors of the Company at the meeting held on August 10, 2017, is presented in Argentine Pesos (Ps.), the Argentine legal tender, and arises from accounting records kept by Cablevisión Holding S.A. and its subsidiaries.

2.2. Standards and Interpretations issued but not adopted to date

The Company has not adopted the IFRS or revisions of IFRS detailed below, since their application is not required for the period ended June 30, 2017:

- IFRS 9 "Financial Instruments": Issued in November 2009 and amended in October 2010 and July 2014, IFRS 9 introduces new requirements for the classification and measurement of financial assets and liabilities and for their derecognition. This standard is applicable to years beginning on or after January 1st, 2018.

- IFRS 15 “Revenue from ordinary activities under contracts with customers”: issued in May 2014 and applicable to fiscal years beginning on or after January 1, 2018. This standard specifies how and when revenue will be recognized, as well as the additional information to be disclosed by the Company in the financial statements.

The standard provides a single, principles based five-step model to be applied to all contracts with customers.

- IFRS 16 "Leases": Issued in January 2016. It establishes the principles for the recognition, measurement, presentation and disclosure of leases. Said standard applies to years beginning January 1, 2019.

As of the date of these interim condensed consolidated financial statements, the Company cannot estimate its quantitative and qualitative impact because it is analyzing the corresponding accounting effects.

2.3. Standards and Interpretations issued and adopted to date

As of the date of these interim condensed consolidated financial statements, no new standards have been issued that apply to the Company for this period.

2.4. Basis for Consolidation

These interim condensed consolidated financial statements incorporate the financial statements of Cablevisión Holding and of the subsidiaries and joint ventures controlled by it as “joint operations”. Control is presumed to exist when the Company has a right to variable returns from its interest in a subsidiary and has the ability to affect those returns through its power over the subsidiary. This power is presumed to exist when it is evidenced by the voting rights, be it that the Company has the majority of voting rights or potential voting rights currently exercised.

For consolidation purposes, the intercompany transactions and the balances between the Company and the consolidated companies have been eliminated. Unrealized income has also been eliminated. Below is a detail of the most relevant consolidated subsidiaries, together with the interest percentages held directly or indirectly in each subsidiary’s capital stock and votes as of June 30, 2017:

Subsidiary	Country	Interest in capital stock and votes
		June 30, 2017
Cablevisión	Argentina	60%
NEXTEL	Argentina	60%
GCSA Equity	United States of America	100%

The financial statements of the subsidiaries and other consolidated financial information required for the preparation of the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows were prepared with the same closing date as that of the consolidated financial statements. The above-mentioned information has been prepared under exactly the same valuation criteria as those used by the Company, described in the notes to the financial statements or, where appropriate, significant adjustments were made as applicable.

2.4.1. Consolidation of structured entities

The subsidiary Cablevisión, through one of its subsidiaries, has executed certain agreements with other companies for the purpose of rendering on behalf of and by order of such companies certain selling and installation services, collections, administration of subscribers, marketing and technical assistance, financial and general business advising, with respect to cable television services in Uruguay. In accordance with IFRS 10 “Consolidated Financial Statements”, these interim condensed consolidated financial statements include the assets, liabilities and results of these companies. Since the Company does not hold an equity interest in these companies, the offsetting entry of the net effect of the consolidation of the assets, liabilities and results of these companies is disclosed under the line items “Equity attributable to non-controlling interests” and “Net Income attributable to non-controlling interests.”

Registration number with the IGT: 1,908,463

The Company considers those transactions executed with non-controlling companies that do not result in a loss of control as transactions among shareholders. A change in the equity interests held by the Company is considered as an adjustment in the book value of controlling interests and non-controlling interests to reflect the changes in its relative interests. The differences between the amount for which non-controlling interests are adjusted and the fair value of the consideration paid or received and attributed to the shareholders of the controlling company will be directly recognized in equity under a specific reserve in the equity attributed to the parent company.

2.5. Business Combinations

The Company applies the acquisition method of accounting for business combinations. The consideration for each acquisition is measured at fair value (on the date of exchange) of the assets assigned, the liabilities incurred or assumed and the equity instruments issued by the Company in exchange for the control of the company acquired. The costs related to the acquisition are expensed as incurred.

The consideration for the acquisition, if any, includes any asset or liability arising from a contingent consideration arrangement, measured at fair value at the acquisition date. Subsequent changes to such fair value, identified during the measurement period, are adjusted against the acquisition cost.

The measurement period is the effective period that begins on the acquisition date and ends on the date the Company obtains all the information about the facts and circumstances existing on the acquisition date, but may not extend beyond one year after the acquisition date. All other changes in the fair value of the contingent consideration classified as assets or liabilities, outside the measurement period, are recognized in the statement of income. The changes in the fair value of the contingent consideration classified as equity are not recognized.

In the cases of business combinations conducted in stages, the Company's equity interest in the acquiree is remeasured at fair value on its acquisition date (i.e., the date on which the Company obtained control) and the resulting gain or loss, if any, is recognized in the statement of income or in other comprehensive income, as appropriate according to the source of the variation.

The identifiable assets, liabilities and contingent liabilities of the acquired company that meet the conditions for recognition under IFRS 3 (2008) are recognized at fair value at the acquisition date, except for certain particular cases provided by such standard.

Any excess of the acquisition cost, be it incurred by the surviving company in the case of interests received at the time of the creation of the Company, or by the Company in subsequent acquisitions (including the interest previously held, if any, and the non-controlling interest) over the Company's share in the net fair value of the subsidiary's or associate's identifiable assets, liabilities and contingent liabilities measured at the acquisition date is recognized as goodwill. Any excess in the Company's share in the net fair value of the identifiable assets, liabilities and contingent liabilities over the acquisition cost, after its measurement at fair value, is immediately recognized in net income.

The acquisition cost comprises the consideration transferred, the amount of any non-controlling interest and the acquisition-date fair value of the acquirer's previously-held equity interest in the acquiree, if any.

The Company initially recognizes any non-controlling interest as per its share in the amounts recognized for the net identifiable assets of the acquired company.

2.6. Investments in Associates

An associate is an entity over which the Company has significant influence without exerting control, generally accompanied by equity holdings of between 20% and 50% of voting rights.

The associates' net income and the assets and liabilities are disclosed in the financial statements using the equity method. Under the equity method, the investment in an associate is to be initially recorded at cost and the book value will be increased or decreased to recognize the investor's share in net income for the year or in other comprehensive income obtained by the associate, after the acquisition date. The distributions received from the associate will reduce the book value of the investment. The Company's investments in associates includes the goodwill identified at the time of the acquisition, net of any impairment losses.

Any excess of the acquisition cost over the Company's share in the net fair value of the associate's identifiable assets, liabilities and contingent liabilities measured at the acquisition date is recognized as goodwill. Goodwill is included in the book value of the investment and tested for impairment as part of the investment. Any excess of the Company's share in the net fair value of the identifiable assets, liabilities and contingent liabilities over the acquisition cost, after its measurement at fair value, is immediately recognized in the statement of income.

Unrealized gains or losses on transactions between the Company (and subsidiaries) and the associates are eliminated considering the Company's interest in the associates.

Adjustments were made, where necessary, to the associates' financial statements so that their accounting policies are in line with those used by the Company.

Investments in companies in which the company does not have control or significant influence have been valued at cost, which does not differ significantly from its fair value.

The Company will record those transactions executed with non-controlling companies that do not result in a loss of control as equity transactions, i.e. as transactions with shareholders in their capacity as such. The difference between the fair value of the consideration paid and the relevant share acquired of the book value of net assets of the subsidiary is recorded inequity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

When the Company ceases to have control, any interest retained in the entity is re-measured to its fair value at the date when control is lost, and the change in the book value is recognized in results. The fair value is the initial amount for the purposes of its subsequent accounting of the interest retained as associate, joint venture or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Company had directly disposed of the related assets or liabilities. Consequently, the amounts previously recognized in Other Comprehensive Income may be reclassified to net income.

2.7. Interests in Joint Operations

A joint operation is a contractual arrangement whereby the Company and other parties undertake an economic activity that is subject to joint control, i.e., when the financial strategy and the operating decisions related to the company's activities require the unanimous consent of the parties sharing control.

In the cases of joint business arrangements executed through *Uniones Transitorias de Empresas* ("UTE"), considered joint operations under IFRS 11, the Company recognizes in its financial statements on a line-by-line basis the assets, liabilities and net income subject to joint control in proportion to its share in such arrangements. Cablevisión indirectly holds a 50% share in the UTE Ertach – Prima.

2.8. Goodwill

Goodwill arises from the acquisition of subsidiaries and refers to the excess of the cost of acquisition over the net fair value at the date of acquisition of the identifiable assets acquired and liabilities assumed. The Company initially recognizes any non-controlling interest as per its share in the amounts recognized for the net identifiable assets of the acquired company.

If, after the fair value measurement, the Company's share in the fair value of the net identifiable assets of the acquiree exceeds the amount of the transferred consideration, the amount of any non-controlling interest in that company and the fair value of the interest previously held by the acquirer in the acquiree (if any), that excess is immediately recognized in the statement of comprehensive income as income from purchase in very profitable terms.

Goodwill is not amortized, but tested for impairment on an annual basis. For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units that are expected to provide benefits from the synergies of the respective business combination. Those cash generating units to which goodwill is allocated are tested for impairment on an annual basis, or more frequently if there is any evidence of impairment. If the recoverable value of the cash-generating unit, i.e. the higher of the value in use or the fair value net of selling expenses, is lower than the value of the net assets allocated to that unit, including goodwill, the impairment loss is first allocated to reduce the goodwill allocated to the unit and then to the other assets of the unit, on a pro rata basis, based on the valuation of each asset in the unit. The impairment loss recognized against the valuation of goodwill is not reversed under any circumstance.

In case of a loss of control in a subsidiary, the amount attributable to goodwill is included in the calculation of gain or loss for retirement.

2.9. Revenue Recognition

Sales of subscription for cable television, Internet, IDEN telephony or other services subscriptions are recognized as revenues for the period in which the services are rendered.

Revenues from the installation of these services are accrued over the average term during which clients maintain their subscription to the service. Advertising sales revenues are recognized in the period in which advertising is published or broadcast.

Revenues from transactions that include more than one item have been recognized separately to the extent they have commercial substance on their own. The amount of revenues allocated to each item is based on its fair value, which is assessed or estimated at market value.

Revenues from the sale of assets are recognized only when the risks and benefits arising from the use of the disposed assets have been transferred, the amount of revenues may be fairly estimated, and the Company is likely to obtain economic benefits.

Installment sales are recognized at the value of future income discounted at a market rate assessed at the beginning of the transaction.

2.10. Leases

Leases are classified as financial leases when the terms of the lease transfer to the lessee substantially all the risks and benefits inherent to the property. All other leases are classified as operating leases.

Assets held under financial leases are recognized at the lower of the fair value of the Company's leased assets at the beginning of the lease term, or the present value of the minimum lease payments. The liability held with the lessor is included in the balance sheet as an obligation under financial leases recorded under "Bank and Financial Debt".

Lease payments are apportioned between the finance charge and the reduction of the liabilities under the lease so as to achieve a constant interest rate on the outstanding balance. The finance charge is expensed over the lease term.

Assets held under financial leases are depreciated over the shorter of the useful life of the assets or the lease term.

Rentals under operating leases are charged to income on a straight line basis over the corresponding lease term.

2.11. Foreign Currency and Functional Currency

The parent company only financial statements of each of the entities consolidated by the Company are prepared in the currency of the primary economic environment in which the entity operates (its functional currency). For the purposes of the interim condensed consolidated financial statements, the net income and the financial position of each entity are stated in Argentine Pesos (Argentina's legal tender for all companies domiciled in Argentina), which is the Company's functional currency, and the reporting currency of the interim condensed consolidated financial statements. The functional currencies of the Uruguayan and Paraguayan companies are the Uruguayan Peso and the Guarani, respectively.

In preparing the financial statements of the individual entities, the transactions in currencies other than the entity's functional currency (foreign currency) are recorded at the exchange rates prevailing on the dates on which transactions are carried out. At the end of each reporting period, the monetary items denominated in foreign currency are retranslated at the exchange rates prevailing on such date. Exchange differences are charged to net income as incurred.

In preparing the Company's interim condensed consolidated financial statements, the assets and liabilities balances of the entities which functional currency is not the Argentine Peso, stated in their own functional currency (Uruguayan Peso and Guarani) are translated to Argentine pesos at the exchange rate prevailing at the end of the period, while the net income is translated at the exchange rate prevailing on the transaction date. Translation differences are recognized in other comprehensive income as "Variation in Translation Differences of Foreign Operations" and in the consolidated Statement of Changes in Equity as "Translation of Foreign Operations".

2.12. Current and Deferred Income Tax

The income tax charge reflects the sum of current income tax and deferred income tax.

Current and deferred taxes are recognized as expense or income for the period, except when they are related to entries debited or credited to other comprehensive income or equity, in which cases taxes are also recognized in other comprehensive income or directly in equity, respectively. In the case of a business combination, the tax effect is taken into consideration in the calculation of goodwill or in the determination of the excess of acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the cost of the business combination.

Current tax payable is based on the taxable income recorded during the year. Taxable income and net income reported in the consolidated statement of comprehensive income differ due to revenue or expense items that are taxable or deductible in other fiscal years and items that are never taxable or deductible. The Company's current tax liability is calculated using the tax rate in effect as of the date of these financial statements. Current tax charge is calculated based on the tax rules effective in the countries in which the consolidated entities operate.

Deferred tax is recognized on temporary differences between the book value of the assets and liabilities included in the financial statements and the corresponding tax basis used to determine taxable income. Deferred tax liabilities are generally recognized for all temporary fiscal differences. Deferred tax assets are recognized for all deductible temporary differences to the extent that it is likely that future taxable income will be available against which those deductible temporary differences can be charged. These assets and liabilities are not recognized if the temporary differences arise from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting income.

The book value of a deferred tax asset is reviewed at each reporting period and reduced to the extent that it is no longer likely that sufficient taxable income will be available in the future to allow for the recovery of all or part of the asset.

Deferred tax is recognized on temporary differences arising from investments in subsidiaries and associates, except in the case of deferred tax liabilities where the timing of the reversal of the temporary difference is controlled by the Company and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to be applicable in the period in which the asset is realized or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the entity expects, at the end of the reporting period, to recover or settle the book value of its assets and liabilities.

Deferred tax assets are offset against deferred tax liabilities if the Company has a legally enforceable right to offset, before the tax authorities, the amounts recognized in those items, and if the deferred tax assets and liabilities arise from income taxes levied by the same tax authority and the Company intends to settle its assets and liabilities on a net basis.

Under the IFRS, deferred tax assets and liabilities are classified as non-current assets and liabilities, respectively.

2.12.1. Tax on assets

In Argentina, the tax on assets (*impuesto a la ganancia mínima presunta*) is supplementary to income tax. The Company assesses this tax at the effective rate of 1% on the taxable assets at year-end. The Company's tax liability for each year will be equal to the higher of the tax on assets assessment or the income tax liability assessed at the legally effective rate on the estimated taxable income for the year. However, if the tax on assets exceeds the income tax liability in any given fiscal year, the excess may be creditable against any excess of income tax liability over the tax on assets in any of the following ten fiscal years.

The tax on assets balance has been capitalized in the interim condensed consolidated financial statements for the amounts paid and to be paid for this tax estimated to be recoverable within the statute of limitations, based on the subsidiaries' current business plans.

2.13. Property, Plant and Equipment

Property, plant and equipment is recorded at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation of property, plant and equipment is recognized on a straight-line basis over its estimated useful life.

The estimated useful life, residual value and depreciation method are reviewed at each year-end, with the effect of any changes in estimates accounted for on a prospective basis. Land is not depreciated.

Works in process are recorded at cost less any recognized impairment loss. Depreciation of these assets, as well as in the case of other property, begins when the assets are ready for their use.

Repair and maintenance expenses are expensed as incurred.

Borrowing costs that are directly attributable to the acquisition or construction of certain capital assets are capitalized as part of the cost of these assets until they are ready for their intended use or sale, under IAS 23

(“Borrowing Costs”.) The assets in respect of which borrowing costs are capitalized are those that necessarily take a substantial period of time to get ready for their intended use.

The gain or loss arising from the retirement or disposal of an asset is calculated as the difference between income from the sale of the asset and the asset’s book value, and recognized under “Other Income and Expenses, Net” in the Statement of Comprehensive Income.

The residual value of an asset is written down to its recoverable value, if the asset’s residual value exceeds its estimated recoverable value (see Note 2.15).

The value of property, plant and equipment does not exceed its recoverable value estimated at the end of the period.

2.14. Intangible Assets

Intangible assets include trademarks, software and other rights, the purchase value of the subscriber portfolio, radio electric trunking (“SRCE”, for its Spanish acronym) service license, public network links, radio-electric spectrum and other intangible assets. The accounting policies regarding the recognition and measurement of such intangible assets are described below.

2.14.1. Intangible Assets Acquired Separately

Intangible assets acquired separately are valued at cost, net of the corresponding accumulated amortization and impairment losses. Amortization is calculated on a straight line basis over the estimated useful life of the intangible assets. The Company reviews the useful lives applied, the residual value and the amortization method at each year-end, and accounts the effect of any changes in estimates on a prospective basis.

2.14.2. Intangible Assets Acquired in a Business Combination

Intangible assets acquired in a business combination (subscriber portfolio, SRCE license, public network links and radio-electric spectrum) are identified and recognized separately regarding goodwill when they meet the definition of intangible assets and their fair value can be measured reliably. Such intangible assets are recognized at fair value at acquisition date.

After the initial recognition, intangible assets acquired in a business combination are valued at cost net of accumulated amortization and impairment losses, with the same basis as intangible assets acquired separately. Amortization is calculated on a straight line basis to allocate the cost over the estimated useful life.

2.14.3. Information Systems Projects

Costs related to the development or maintenance of computer software are generally recorded as expenses as incurred. However, the costs directly related to the development, acquisition and implementation of the information systems are recorded as intangible assets when certain conditions are met, among them, the technical feasibility to complete the development of the intangible asset, the intent of the Company to complete the development of that asset and the way in which the intangible asset will generate probable economic benefits in the future.

After the initial recognition, internally developed intangible assets are valued at cost net of accumulated amortization and impairment losses, with the same basis as intangible assets acquired separately.

Those assets are included under the columns projects in-progress and software.

2.15. Impairment of Non-Financial Assets, Except Goodwill

At the end of each financial statement, the Company reviews the book value of its non-financial assets with definite useful life to determine the existence of any evidence indicating that these assets could be impaired. If there is any indication of impairment, the recoverable value of these assets is estimated for the purposes of determining the amount of the impairment loss (in case the recoverable value is lower than the book value). Where it is not possible to estimate the recoverable value of an individual asset, the Company estimates the recoverable value of the cash-generating unit ("CGU") to which such asset belongs. Where a consistent and reasonable allocation base can be identified, corporate assets are also allocated to an individual cash-generating unit or, otherwise, to the smallest group of cash-generating units for which a consistent allocation base can be identified.

The recoverable value of an asset is the higher of the fair value less selling expenses or its value in use.

In measuring value in use, estimated future cash flows are discounted at their present value using a pre-tax discount rate, which reflects the current market assessments of the time value of money and, if any, the risks specific to the asset for which estimated future cash flows have not been adjusted.

Assets with an indefinite useful life (for example, non-financial assets unavailable for use) are not amortized, but are tested for impairment on an annual basis. No impairment losses have been recorded for the period.

Non-financial assets, except for goodwill, for which an impairment loss was recorded, are reviewed at each closing date for a possible reversal of the impairment loss.

2.16. Inventories

Inventories have been valued at acquisition cost under regular purchase conditions for the Company, net of the allowance for impairment. That allowance is calculated based on the recoverability analysis conducted by the Company at the end of the period, comparing to such end its valuation at cost with its net realizable value, which represents the cash selling price estimated in the ordinary course of business less the costs necessary to make such sale. The cost of inventories is determined under the weighted average price method. The value of inventories does not exceed its recoverable value at the end of the period.

2.17. Other Assets

The assets included in this item have been valued at acquisition cost.

Investments denominated in foreign currency subject to restrictions on disposition under financial covenants have been valued at face value plus interest accrued as of period-end.

2.18. Provisions and Other Charges

Provisions for Lawsuits and Contingencies and the Accrual for Asset Retirement are recognized when the Company has a present obligation (be it legal or constructive) as a result of a past event, when it is likely that an outflow of resources will be required to settle the obligation and when the amount of the obligation can be reliably estimated.

The amount recognized as a provision is the best estimate of the expenditure required to settle the present obligation at the end of the reporting period, taking into consideration the corresponding risks and uncertainties. Where a provision is measured using the estimated cash flow to settle the present obligation, its book value represents the present value of such cash flow.

If some or all of the expenditure required to settle a provision is expected to be reimbursed, a receivable should be recognized under Assets, when it is virtually certain that the reimbursement will be received and the amount of the receivable is reliably measurable.

In estimating its obligations, the Company takes into consideration the opinion of its legal advisors.

2.19. Financial Instruments

2.19.1. Financial Assets

Purchases and sales of financial assets are recognized at the transaction date when the Company undertakes to purchase or sell the asset, and is initially measured at fair value, plus transaction costs, except for those financial assets classified at fair value with changes in the statement of income, which are initially measured at fair value.

2.19.1.1. Classification of Financial Assets

Financial assets are classified within the following specific categories: “financial assets at fair value with changes in net income” and “loans and receivables”. The classification depends on the nature and purpose of the financial assets and is determined on initial recognition.

2.19.1.2. Recognition and Measurement of Financial Assets

2.19.1.2.1. Financial Assets at Fair Value with Changes in Net Income

Financial assets at fair value with changes in net income (mainly mutual funds) are recorded at fair value, recognizing any gain or loss arising from the measurement in the consolidated statement of comprehensive income. The net gain or loss recognized in net income includes any gain or loss generated by the financial asset and is included under the item financial income or costs, as appropriate, in the consolidated statement of comprehensive income.

The assets in this category are classified as current if the Company expects them to become transactions within 12 months; otherwise, they are classified as non-current.

The fair value of these assets is calculated based on the current quoted market price of these instruments.

2.19.1.2.2. Loans and Receivables

Loans and trade receivables with fixed or determinable payments not traded in an active market are classified as “trade receivables and other”. Trade receivables and other are initially measured at fair value plus transaction costs, and subsequently measured at amortized cost using the effective interest rate method, less any impairment, if any. Interest income is recognized using the effective interest rate method, except for short-term balances for which the recognition of interest is not significant.

Receivables are classified as current, except for those with maturities beyond 12 months as from the closing date.

In the case of balances in foreign currency, they were translated into the exchange rate effective as of the date on which the Company began operating for the settlement of these transactions. The exchange differences were charged to income for the period in which they were generated.

2.19.1.3. Impairment of Financial Assets

The Company tests financial assets or a group of assets for impairment at each closing date of the financial statements to assess if there is any objective evidence of impairment. The value of a financial asset or a group of

assets is impaired, and an impairment loss is recognized, where there is objective evidence of the impairment as a result of one or more events that occurred after the initial recognition of the asset (a “loss event”) and that loss event or events have an impact on the estimated future cash flows of the financial asset or a group of assets, which may be reliably measured.

The objective evidence of impairment may include, among others, significant financial difficulties of the issuer or obligor, or breach of contractual terms, such as default or delinquency in interest or principal payments.

For certain categories of financial assets, such as accounts receivable and other receivables, the assets that are not impaired on an individual basis are tested for impairment on a collective basis. The objective evidence of impairment of a receivables portfolio includes the Company’s past collection experience, an increase in the number of delinquent payments in the receivables portfolio, as well as observable changes in the local economic situation affecting the recoverability of receivables.

Where there is objective evidence of an impairment loss in the value of loans granted, receivables or held-to-maturity investments recorded at amortized cost, the loss amount is measured as the difference between the book value and the present value of estimated future cash flows (without including future non-incurred losses), discounted at the original effective interest rate of the financial asset. The asset’s book value is written down under a contra asset account. The loss amount is recognized in net income for the period.

If, in subsequent periods, the impairment loss amount decreases and such decrease can be objectively related to an event occurring after the impairment has been recognized (such as an improvement in the debtor’s credit rating), the previously recognized impairment loss is reversed. A loss reversal can only be recorded to the extent the financial asset’s book value does not exceed the amortized cost that would have been determined if the impairment loss had not been recorded at the reversal date. The reversal amount is recognized in net income for the period.

2.19.1.4. Derecognition of Financial Assets

The Company derecognizes a financial asset when the contractual rights to the cash flows of such assets expire or when it transfers the financial asset and, therefore, all the risks and benefits inherent to the ownership of the financial asset are transferred to another entity. If the Company retains substantially all the risks and benefits inherent to the ownership of the transferred asset, it will continue to recognize it and will recognize a liability for the amounts received.

2.19.2. Financial Liabilities

Financial liabilities, except for derivatives, are valued at amortized cost using the effective interest rate method.

2.19.2.1. Bank and Financial Debt

Bank and Financial Debt is initially valued at fair value net of the transaction costs incurred, and subsequently valued at amortized cost using the effective interest rate method. Any difference between the initial value net of the transaction costs and the settlement value is recognized in the income statement over the term of the loan using the effective interest rate method. Interest expense has been allocated to “Financial Costs” in the consolidated statement of comprehensive income, except for the portion allocated to the cost of works under construction recorded under “Property, Plant and Equipment” in the Consolidated Balance Sheet.

2.19.2.2. Trade Payables and Other

Trade payables with fixed or determinable payments that are not traded in an active market are classified as “Trade Payables and Other”. Accounts Payable and Other are initially measured at fair value, and subsequently

measured at amortized cost using the effective interest rate method. Interest expense is recognized using the effective interest rate method, except for short-term balances for which the recognition of interest is not significant.

Trade payables and other are classified as current, except for those with maturities beyond 12 months as from the closing date.

Trade payables and other in foreign currency have been valued as mentioned above, taking into consideration the exchange rates effective at the closing of each period. The exchange differences were charged to income for each period.

2.19.2.3. Derecognition of Financial Liabilities

The Company shall derecognize a financial liability (or part of it) when it has been extinguished, i.e., when the obligation specified in the corresponding agreement is discharged, canceled or expires.

2.19.3. Derivatives and Hedge Accounting

The Company executes certain financial instruments to manage its exposure to exchange risks.

Derivatives are initially recognized at fair value at the date of execution of the related contract and subsequently measured at fair value at the end of the reporting period. The resulting gain or loss is immediately recognized in net income unless the derivative is designated as a hedging instrument, in which case the timing for its recognition will depend on the nature of the hedging relationship. The Company uses certain derivatives to hedge the fair value of its recognized liabilities (fair value hedge).

The Company documents at the beginning of the transaction the existing relationship between the hedging instruments and the hedged items, as well as its objectives to manage risk and the strategy to carry out hedge transactions. The Company also documents its assessment, both at the beginning and on an ongoing basis, of the high effectiveness of its hedging transactions to offset the changes in the fair value of the hedged items.

The fair value of hedging derivatives is fully classified as a non-current asset or liability if the hedged item matures in more than 12 months, and as a current asset or liability if the hedged item matures within 12 months.

Fair Value Hedge

Changes in the fair value of derivatives designated and classified as fair value hedges are charged to net income, together with any change in the fair value of a hedged liability attributable to the hedged risk. The Company only applies fair value hedge accounting to cover the exchange rate fluctuations of a portion of the liabilities the Company holds in foreign currency. The gain or loss relating to the effective portion of foreign currency agreements is charged to net income under Financial Costs. The loss or gain related to the ineffective portion, if any, is charged to net income under Other Income and Expenses, net. Changes in the fair value of the Company's hedged liabilities denominated in foreign currency, attributable to the risk detailed above, are charged to net income under Financial Costs.

2.19.4. Debt Refinancing - Restructuring

Liabilities arising from the restructuring of Cablevisión's financial debt have been initially valued at fair value and will be subsequently measured at amortized cost using the effective interest rate method.

2.20. Other Liabilities

Other Liabilities have been valued at nominal value.

The call option included under the item Other Receivables has been valued at its acquisition cost.

2.22. Dividend Distribution

The distribution of dividends to the Company's shareholders is recognized as a liability in the financial statements for the period in which the distribution of dividends is approved by the Shareholders' Meeting.

2.23. Consolidated Statement of Cash Flows

For the purposes of preparing the statement of cash flows, the item "Cash and Cash Equivalents" includes cash and bank balances, certain high liquidity short-term investments (with original maturities shorter than 90 days). Bank overdrafts payable on demand are deducted to the extent they are part of the Company's cash management.

Bank overdraft is classified under "Bank and Financial Debt" in the Consolidated Balance Sheet.

Cash and cash equivalents at each period-end, as disclosed in the consolidated statement of cash flows, may be reconciled against the items related to the balance sheet as follows:

	<u>June 30, 2017</u>
Cash and Banks	731,144,104
Investments:	
Term Deposits	38,129,414
Mutual Funds ⁽¹⁾	583,116,294
Other Financial Instruments	338,532,717
Cash and Cash Equivalents	<u><u>1,690,922,529</u></u>

(1) Mutual Funds not considered as cash equivalents as of June 30, 2017 amount to Ps. 118,957,336.

In the two-month period ended June 30, 2017, the following transactions were carried out, which did not have an impact on cash and cash equivalents:

	<u>Two-month period ended June 30, 2017</u>
Settlement of dividends payable with debts with Companies under Section 33 of General Associations Law No, 19,550, as amended	<u>8,400,000</u> <u>8,400,000</u>

NOTE 3 - ACCOUNTING ESTIMATES AND JUDGMENTS

In applying the accounting policies of the Company which are described in Note 2, the Company has to make judgments and prepare accounting estimates of the value of the assets and liabilities that may not be otherwise obtained. The estimates and related assumptions are based on historical experience and other pertinent factors. Actual results may differ from these estimates.

The underlying estimates and assumptions are continually reviewed. The effects of the reviews of accounting

estimates are recognized for the period in which estimates are reviewed.

These estimates basically refer to:

Measurement of the fair value of certain financial instruments

The fair value of a financial instrument is the amount at which the instrument could be purchased or sold between knowledgeable, willing parties in an arm's length transaction. If there is a quoted market price available for an instrument in an active market, the fair value is calculated based on that price.

If there is not a quoted market price available for a financial instrument, its fair value is estimated based on the price established in recent transactions involving the same or similar instruments and, if not, based on valuation techniques regularly used in financial markets. The Company uses its judgment to select a variety of methods and makes assumptions based on market conditions at closing.

The method used to measure the fair value of certain financial instruments is described in further detail in Note 2.19.

Allowance for Bad Debts

The Company calculates the allowance for bad debts for debt instruments that are not valued at fair value, taking into account the uncollectibility history and other circumstances known at the time of calculation.

Impairment losses of certain assets other than accounts receivable (including property, plant and equipment and intangible assets).

Certain assets, including property, plant and equipment and intangible assets are subject to impairment testing. The Company records impairment losses when it estimates that there is objective evidence of such losses or when the cost of such losses will not be recovered through future cash flows. The evaluation of what constitutes impairment is a matter of significant judgment. The impairment of non-financial assets is dealt with in more depth in Note 2.15.

Recognition and Measurement of Deferred Tax Items

As disclosed in Note 2.12, deferred tax assets are only recognized for temporary differences to the extent that it is likely that each entity, on an individual basis, will have enough future taxable income against which the deferred tax assets can be used. Tax loss carryforwards from prior years are only recognized when it is likely that each entity will have enough future taxable income against which they can be used.

Pursuant to effective regulations, the use of the subsidiaries' tax credits is based on a projection analysis of future income.

The Company examines the recoverable value of deferred tax assets based on its business plans and books a valuation allowance, if appropriate, so that the net position of the deferred tax asset will reflect the probable recoverable value.

Impairment of Goodwill

The Company assesses goodwill for impairment on an annual basis. In determining if there is impairment of goodwill, the Company calculates the value in use of the cash generating units to which it has been allocated. The calculation of the value in use requires the determination by the entity of the future cash flows that should arise from the cash generating units and an appropriate discount rate to calculate the present value.

Provisions for Lawsuits and Contingencies

The elements taken into consideration for the calculation of the Provision for Lawsuits and Contingencies are determined based on the present value of the estimated costs arising from the lawsuits brought against the Company.

In estimating its obligations, the Company takes into consideration the opinion of its legal advisors.

Determination of the Useful Lives of Property, Plant and Equipment and Intangible Assets

The Company reviews the reasonableness of the estimated useful life of property, plant and equipment and intangible assets at each year-end.

NOTE 4 – ACQUISITION OF COMPANIES AND CORPORATE REORGANIZATION PROCESSES

- a) On March 31, 2017, Cablevisión's Board of Directors approved the Pre-Merger Commitment executed among Cablevisión, Nextel, Greenmax Telecommunications S.A.U., WX Telecommunications S.A.U. , Gridley Investments S.A., Trixco S.A., Fibercomm S.A., Netizen S.A, Eritown Corporation Argentina S.A., Skyonline de Argentina S.A., Infotel Argentina S.A., Nextwave Argentina S.A. and Callbi S.A., whereby, as of the merger date, Cablevisión, in its capacity as absorbing company, will continue with the operations of Nextel, Greenmax Telecommunications S.A.U., WX Telecommunications S.A.U. , Gridley Investments S.A., Trixco S.A., Fibercomm S.A., Netizen S.A, Eritown Corporation Argentina S.A., Skyonline de Argentina S.A., Infotel Argentina S.A., Nextwave Argentina S.A. and Callbi S.A. (the “Absorbed Companies”) thus generating the corresponding operating, accounting and tax effects. As a result of the above-mentioned corporate reorganization process, the Absorbed Companies will be dissolved without liquidation and Cablevisión will assume all the activities, receivables, property and all the rights and obligations of the above-mentioned companies, existing as of the first day of October 2017 (“Effective Date of the Merger”), or any that may exist or arise due to previous or subsequent acts or activities. That merger was approved by the shareholders of Cablevisión at the Extraordinary Shareholders’ Meeting held on May 17, 2017. On July 11, 2017, the public deed related to the merger was issued.
- b) On August 16, 2016, the Board of Directors of Cablevisión approved the Pre-Merger Commitment executed between Cablevisión, Copetonas Video Cable S.A., Dorrego Televisión S.A., Fintelco S.A., Indio Rico Cable Color S.A., Primera Red Interactiva de Medios Argentinos (PRIMA) S.A. (“Prima”), Cable Video Sur S.A., Wolves Televisión S.A. and Tres Arroyos Televisora Color S.A., whereby, on the effective date of the merger -October 1, 2016- , Cablevisión, as absorbing company, continued with the operations of Copetonas Video Cable S.A., Dorrego Televisión S.A., Fintelco S.A., Indio Rico Cable Color S.A., Prima, Cable Video SUR S.A., Wolves Televisión S.A. and Tres Arroyos Televisora Color S.A. (the “Absorbed Companies”), thus generating the corresponding operating, accounting and tax effects. As a result of the above-mentioned corporate reorganization process, the Absorbed Companies were dissolved without liquidation. That merger was approved by the shareholders of Cablevisión at the Extraordinary Shareholders’ Meeting held on September 27, 2016, and on April 20, 2017 it was registered with the Public Registry of Commerce.

In view of the above, Cablevisión made a filing with the ENACOM in order to inform that Agency of the corporate reorganization to be implemented, so that it would consequently register under the name of the absorbing company, the “Area Authorizations” required to exploit Cable Television Services corresponding

to Copetonas Video Cable S.A., Dorrego Televisión S.A., Indio Rico Cable Color S.A., Cable Video Sur S.A., and Tres Arroyos Televisora Color S.A. The license for Wolves Televisión S.A. was abandoned because Cablevisión already has an Area Authorization in the jurisdiction where Wolves Televisión S.A. exploited the Cable Television Service. In addition, Prima and Cablevisión made a filing with the ENACOM in order to request that Agency to register the license that had been granted to Prima in favor of Cablevisión as a consequence of the corporate reorganization process.

In addition, at the Extraordinary Shareholders' Meeting of Cablevisión held on September 27, 2016, the shareholders also unanimously approved: (i) the amendment of Article Three of the Bylaws in order to conform the core business of Cablevisión to the new regulatory framework under Laws Nos. 27,078 and 26,522, and (ii) the amendment of Articles Nine and Ten of the Bylaws in order to eliminate the Executive Committee. Both amendments of the Bylaws were registered with the Public Registry of Commerce.

- c) On December 22, 2016, Adesol S.A., a subsidiary of Cablevisión, entered into a call option agreement (the "Call Option Agreement") with the majority shareholder of the special purpose entities (see Note 2.4.1), whereby, Adesol has the right to exercise, until December 31, 2021, the irrevocable call option on the shares of those companies (the "Call Option"). If it exercises the Call Option, the purchase price has been preliminarily established in the amount of Ps. 127,600,002, subject to an eventual adjustment in case certain circumstances provided under the Call Option Agreement occur.

In addition to the execution of the Call Option Agreement, Adesol S.A. paid to the grantor an option premium under the Call Option in the amount of Ps. 44,660,000. If Adesol S.A. does not exercise the Call Option, the seller shall irrevocably retain the amount paid by Adesol S.A., and the agreement will be terminated.

If it exercises the Call Option, the assignment, sale and transfer of the shares in favor of Adesol S.A. shall be subject, as condition precedent, to the approval by the Communication Services Regulatory Agency of the Republic of Uruguay.

- d) On June 30, 2017, the Boards of Directors of Telecom Argentina S.A. and Cablevisión S.A. approved a pre-merger commitment whereby Telecom Argentina S.A., a company incorporated and existing under Argentine laws which shares are currently listed in the stock markets of New York and Buenos Aires (NYSE: TEO, BCBA: TECO2), in its capacity as absorbing company, will absorb Cablevisión, which will be dissolved without liquidation, pursuant to the provisions of Sections 82 and 83 of the General Associations Law No. 19,550 and subject to corporate and regulatory approvals (the "Merger").

The purpose of the Merger is for the merged company to offer in an efficient manner, in line with the national and international trend, media and telecommunications convergence technological products in the different modalities, either separately or independently, of voice, data, sound and video transmission services, both wired and wireless, as an all-in-one solution or as a series of products to be provided to users as a whole for the benefit of the users and consumers of those multiple individual services. Both companies believe that their respective operating and technical structures are highly complementary and may be optimized through a structural consolidation, achieving synergies and efficiencies in the development of convergence products along with the demand of the market.

The effective date of the Merger (the "Effective Date of the Merger") was established as from 0.00 of the day on which the Chairmen of the Boards of Directors of Telecom Argentina S.A. and Cablevisión sign the minutes regarding the transfer of operations which shall state: (i) that Telecom Argentina S.A. has adjusted its technical-operative systems to undertake the operations and activities of Cablevisión; and (ii) that the transfer of the operations and activities of Cablevisión to Telecom Argentina S.A. will take effect on that Effective Date of the Merger provided that every and each of the following conditions the Merger is subject

to has been met: 1) that the pre-merger commitment has been executed; and 2) that the ENACOM has authorized the operation.

As from the Effective Date of the Merger, (i) all the assets and liabilities, including the assets subject to registration, the licenses, the rights and obligations that belong to Cablevisión will be deemed to have been incorporated to the equity of Telecom Argentina S.A., (ii) Telecom Argentina S.A. will continue with the operations of Cablevisión, thus generating the corresponding operating, accounting and tax effects, (iii) the management and representation of Cablevisión will be undertaken by the management and representatives of Telecom Argentina S.A.

As a result of the Merger, and pursuant to Section 83 subsection c) of the Argentine General Associations Law No. 19,550, the parties have established the following exchange ratio: 1 common share of Cablevisión (either a Class A Share of Cablevisión or a Class B Share of Cablevisión) for each 9,871.07005 new shares of Telecom Argentina S.A. (the "Exchange Ratio"). This Exchange Ratio was deemed reasonable, from a financial standpoint, by the independent professional appraiser Lion Tree Advisors LLC.

In view of the above, Telecom Argentina S.A. will increase its capital stock in the amount of Ps. 1,184,528,406, through the issuance of 1,184,528,406 common book-entry shares, with nominal value of ARS 1 each and entitled to one vote per share. The shareholders of Cablevisión will receive these new shares in exchange for the shares they held of that company, in the form of Class "A" or "D" Shares of Telecom Argentina S.A., as appropriate, according to the Exchange Ratio, or the number of new shares resulting from the adjustments to the Exchange Ratio arising from the pre-merger commitment.

On June 30, 2017, the Boards of Directors of Telecom Argentina S.A. and Cablevisión, respectively, decided to call an Ordinary and/or Extraordinary Shareholders' Meeting to be held on August 31, 2017 to consider the pre-merger commitment and, with regard to Cablevisión, its consequent dissolution and with regard to Telecom Argentina S.A., the amendment of the Bylaws and the increase of its capital stock.

In connection with the above-mentioned transaction, on July 7, 2017, the Company, VLG Argentina LLC, Fintech Media LLC, Fintech Advisory Inc., GC Dominio S.A. and Fintech Telecom LLC executed a shareholder agreement that will govern the exercise of the rights of the shareholders of Telecom Argentina S.A. (the "Agreement") once the merger process between Telecom Argentina S.A. and Cablevisión S.A. has concluded and become effective. Under that Agreement, the parties have provided:

- The representation of the corporate bodies establishing that, subject to the fulfillment of certain conditions established therein and provided Cablevisión Holding S.A. complies with certain minimum holding requirements in the Merger Company, it may appoint the majority of the members of the Board of Directors, the Executive Committee, the Audit Committee and the Supervisory Committee.
- A scheme of special majority requirements for the approval by the Board of Directors and/or the Shareholders' Meeting, as appropriate, of certain issues, such as: i) the Business Plan and the Annual Budget of the Merged Company, ii) the amendment of the bylaws, iii) the change of external auditors, iv) the creation of committees of the Board of Directors, v) the hiring of Key Employees as defined under the Agreement, vi) the merger or consolidation of Telecom or any Controlled Company, vii) acquisition of certain assets, viii) sales of certain assets, ix) increases of capital stock, x) borrowing above certain limits, xi) capital investments in infrastructure, plant and equipment above certain amounts, xii) transactions with related parties, xiii) contracts that impose restrictions on the distribution of dividends, xiv) new business lines or the discontinuation of existing ones, xv) actions to be taken in insolvency situations, among others.

Pursuant to the shareholders Agreement, (a) Fintech Telecom LLC and Cablevisión Holding (i) will each deposit certain post-Merger shares of Telecom under a vote trust (the "Vote Trust") which, once the post-Merger shares held by Cablevisión Holding are incorporated, will exceed fifty percent (50%) of the

outstanding post-Merger shares, and (ii) will each appoint a co-trustee who will vote the shares under the terms of the vote trust to be executed by certain parties of the Agreement. The post-Merger shares under the Vote Trust shall be voted as per the instructions of the co-trustee appointed by Cablevisión Holding, except in the case of certain issues subject to veto, in which case the co-trustee of Fintech Telecom LLC will establish how it should be voted with respect to the post-Merger shares under the Vote Trust. (b) Subject to the fulfillment by Cablevisión Holding and Fintech Telecom LLC of certain post-Merger share ownership thresholds, Cablevisión Holding will be entitled to appoint the general manager and other key employees of Telecom Argentina S.A. and Fintech Telecom LLC will be entitled to appoint a senior financial officer and the internal auditor.

On July 7, 2017, Cablevisión Holding S.A. accepted an offer for a call option granted by Fintech Advisory Inc. and its subsidiaries for the acquisition of an equity interest of 13.51% of Telecom (which will represent approximately 6% of Telecom's capital stock once the merger process becomes effective) for USD634,275,282. The maximum term for exercising the call option is one year as from July 7 of this year. Cablevisión Holding had to pay to Fintech Advisory Inc., within a term of thirty days as from July 7, 2017, an option premium of USD 3,000,000, which has already been settled as of the date of these interim condensed consolidated financial statements.

NOTE 5 – SEGMENT INFORMATION

The Company is mainly engaged in the cable television, Internet access and IDEN Telephony business which requires the development of several activities distributed among the companies in which it holds equity interests. Based on the nature, clients, and risks involved, the following business segments have been identified, which are directly related to the way in which the Company assesses its business performance:

- a. Cable television and Internet access, mainly comprised by its own operations through its equity interests in its subsidiaries.
- b. IDEN telephony services through its interest in Nextel.

The Company's Board of Directors, the main operating decisions maker, uses EBITDA to measure the performance of the operating segments. EBITDA is defined as revenues less cost of sales and selling and administrative expenses (excluding depreciation and amortization). The Company believes that EBITDA is a significant performance measure of its businesses, since it is commonly used in the industry to analyze and compare media companies based on operating performance, indebtedness and liquidity. However, EBITDA does not measure net income or cash flows generated by operations and should not be considered as an alternative to net income, an indication of the Company's financial performance, an alternative to cash flows generated by operating activities or a measure of liquidity.

Since EBITDA is not defined by IFRS, it is possible that other companies may calculate it differently. Therefore, the EBITDA reported by other companies may not be comparable to the Company's EBITDA.

Note 1 to these interim condensed consolidated financial statements includes additional information about the Company's businesses.

The following tables include the information for the two-month period beginning May 1, 2017 and ended June 30, 2017, prepared under IFRS, for the business segments identified by the Company.

On April 20, 2016, at the Annual General Ordinary and Extraordinary Shareholders' Meeting of Cablevisión, the shareholders of Cablevisión approved, among other matters: i) the extension of the authorization of the Global Program [for the Issuance of] Notes, which had been granted at the Annual General Ordinary and Extraordinary Shareholders' Meeting of Cablevisión on April 28, 2014, increasing the maximum amount of the outstanding notes that may be issued under this Program from a nominal value outstanding at any time of USD 500,000,000 (or its equivalent in other currencies) to USD 1,000,000,000 (or its equivalent in other currencies). The Shareholders' Meeting renewed the delegation on the Board of Directors of the broadest powers in connection with the Program. The Board of Directors may subdelegate all or some powers interchangeably to one or more directors or managers of the Company; and ii) the extension of the authorization of the Short-Term Debt Securities ("VCPs", for its Spanish acronym) program under the terms that had been originally approved. The Shareholders' Meeting renewed the delegation on the Board of Directors of the broadest powers in connection with the Program. The Board of Directors may subdelegate all or some powers interchangeably to one or more directors or managers of Cablevisión.

On June 1, 2016, pursuant to its delegated powers, the Board of Directors of Cablevisión authorized the issuance of Class A Notes for a nominal value of USD 500,000,000 (the "Class A Notes"), at a fixed annual nominal interest rate of 6.50%, payable semi-annually as from June 2016, with final maturity in June 2021. Proceeds will be used for:

- (i) The settlement of the outstanding debt as of that date;
- (ii) The investment in fixed assets and other capital expenditures with the balance of the net proceeds (approximately USD 89,100,000).

In connection with the Notes issued by Cablevisión, it has undertaken certain covenants, including: (i) limitation on the issuance of guarantees by Cablevisión and its subsidiaries; (ii) consolidations, mergers, and sale of assets under certain conditions, (iii) limitation on incurring debt above certain approved ratios, (iv) restrictions on certain payments and on transactions with shareholders and affiliates under certain conditions, (v) limitation on the issuance and sale of significant subsidiaries' shares with certain exceptions and (vi) the limitation on the distribution of dividends for an amount not exceeding USD 50.0 million for fiscal year 2016 and USD 15 million for the subsequent years or up to a maximum of 50% of consolidated net income of each fiscal year, among others.

During the period covered by these interim condensed consolidated financial statements, Cablevisión has complied with such covenants.

NOTE 8 – REGULATORY FRAMEWORK

8.1. Audiovisual Communication Services Law

Cablevisión is the holder of licenses for the exploitation of subscription television services that were originally granted under Law No. 22,285. The COMFER was the enforcement authority established by that law. Under Law No. 22,285 subscription television companies in Argentina required a non-exclusive license from the COMFER in order to operate. Other approvals were also required, including, for some services, authorization by municipal agencies.

The Audiovisual Communication Services Law (Law No. 26,522) was passed and enacted on October 10, 2009, subject to strong concerns over its content and enactment procedure. Even though the new Law became effective on October 19, 2009, not all of the implementing regulations provided by the law have been issued. Therefore, Law No. 22,285 still applies with respect to those matters that to date have not been regulated, until all terms and procedures for the regulation of the new law are defined.

The law provided for the replacement of the COMFER with the Audiovisual Communication Services Law Federal Enforcement Authority (AFSCA, for its Spanish acronym) as a decentralized and autarchic agency under the jurisdiction of the Executive Branch, and vests the new agency with authority to enforce the law.

Emergency Decree No. 267/15 (the "Emergency Decree") issued on December 29, 2015, created the ENACOM as a decentralized and autarchic agency under the jurisdiction of the Ministry of Communications. Among other powers, the ENACOM has all the same powers and competences that Law No. 26,522 had vested in AFSCA (See Note 8.3).

8.2. Telecommunication Services

The regulatory framework of the Argentine telecommunications sector is undergoing a process of change. In December 2014, the Argentine Congress passed Law No. 27,078, known as the "Digital Argentina Act", which partially repealed National Telecommunications Law No. 19,798. The new law subjects the effectiveness of Decree No. 764/00, which deregulated the telecommunications market, to the enactment of four new sets of rules that will govern the License, Interconnection, Universal Service and Radio-electric Spectrum regimes.

The new law maintains the single country-wide license scheme and the individual registration of the services to be rendered, but replaces the name telecommunication services with Information and Communications Technology Services ("TIC Services", for their Spanish acronym). Notwithstanding this, the scope of the licenses originally granted to Cablevisión, its merged companies and/or subsidiaries and related companies that exploit telecommunication licenses and their respective registrations of services, remain unaltered.

The license will be called "Licencia Única Argentina Digital" and will allow licensees to render any telecommunication services to the public, be they fixed or mobile, wired or wireless, national or international, with or without the licensee's own infrastructure.

The TIC Services registered with the Argentine Secretariat of Communications under the name of Cablevisión, its merged companies and/or subsidiaries and related companies that exploit telecommunication licenses are the following: Data Transmission, Paging, Videoconference, Community Retransmission, Transport of Broadcast Signals, Value-Added, Radio-Electric Trunking, Internet Access, Public Telephony, Local Telephony and National and International Long-Distance Telephony.

The law created a new enforcement and oversight Authority as a decentralized agency under the jurisdiction of the Executive Branch, the AFTIC.

The new law maintained the obligation to contribute 1% of telecommunication service revenues, net of taxes and charges, to be used for Universal Service investments (this obligation had been imposed by Decree No. 764/00 on all

service providers as from January 1, 2001), but the Universal Service Trust Fund was placed under State control. Until August 2015, the manager of such trust fund was Banco Itaú Argentina S.A., which received the joinder requests filed by Cablevisión and its merged companies and/or subsidiaries and related companies that exploit telecommunication licenses to join the Trust Agreement.

The Argentine Secretariat of Communications has yet to decide on the approval of the Project submitted by Cablevisión on June 21, 2011, within the framework of SECOM Resolution No. 9/2011 which created the program “Infrastructure and Equipment”, whereby telecommunication service providers were allowed to submit projects aimed at developing new infrastructure, updating existing infrastructure and/or acquiring equipment for areas without coverage or with unmet needs, in order to meet the obligation to make contributions to the Universal Service Trust Fund for the amounts accrued as from January 2001 until the entry into force of Decree No. 558/08.

Another innovation of Law No. 27,078 was the creation of a new public service under the name “Public and Strategic Infrastructure Access and Use Service for and among Providers”. The right of access included “providers having to make available to other providers their network elements, associated facilities or services to render TIC services, even when such elements are used to render audiovisual content services.” Under this scheme, the government seeks to make private companies that were created and developed in competition share their networks with other companies that had not made any investments.

The foregoing applied to any provider that had its own infrastructure or networks, because the term “Associated facilities” is defined as physical infrastructures, systems, devices, associated services or other facilities or elements associated with a telecommunications network or with TIC Services that enable or support the provision of services using that network or service, or that have the potential to do so; and will include, inter alia, buildings or building entrances, building wiring, antennas, towers and other supporting constructions, ducts, masts, manholes, and cabinets (See Note 8.3.).

As of the date of these interim condensed consolidated financial statements, Law No. 27,078 has been partially regulated.

8.3. Emergency Decree No. 267/15. Convergence

Emergency Decree No. 267/15, issued on December 29, 2015 and published in the Official Gazette on January 4, 2016, creates the ENACOM as a decentralized and autarchic agency under the jurisdiction of the Ministry of Communications and vests the new agency with authority to enforce Laws Nos. 26,522 and 27,078, as amended and regulated. The ENACOM has all the same powers and competences that had been vested in AFSCA and AFTIC by Laws Nos. 26,522 and 27,078, respectively.

Among the main amendments introduced by the Emergency Decree with respect to both laws, the most remarkable is the repeal of Section 161 of Law No. 26,522, which set forth the obligation to comply with the limits established under this law with respect to ownership conditions and number of licenses. Section 45 of Law No. 26,522, which establishes the multiple license regime, has been significantly amended. As a result, Cablevisión and the subsidiaries that are licensees and/or owners of audiovisual communication services already comply with the new regulatory framework.

Under the new regulatory framework, the licenses for physical link and for radio-electric link subscription television services held by Cablevisión and its subsidiaries that had been granted under Laws Nos. 22,285 and 26,522 are now called “Registrations” for the exploitation of physical link and radio-electric link subscription television services of a Licencia Única Argentina Digital.

Pursuant to this amendment (Section 7 of the Emergency Decree, which amends, among others, Section 10 of Law No. 27,078), all the services exploited by Cablevisión and some of its subsidiaries and related companies are now governed by the Digital Argentina Act. The only license held by the Company that could be considered to be subject to the LSCA is the registered title of the signal METRO, since this signal is broadcast through other services that

acquire it for that purpose, and, therefore, it has a registration number issued by AFSCA which must be renewed on an annual basis.

Insofar as the Company and Cablevisión and its subsidiaries are concerned, Decree No. 267/15 eliminates:

- i) The incompatibility to render in the same location broadcast television services and subscription television services. When subscription television services are exploited through physical or radio-electric link, they will be subject to the Digital Argentina Act pursuant to Section 7 of the Emergency Decree which amends, among others, Section 10 of Law No. 27,078;
- ii) The limit of 10 licenses for radio-electric link subscription television services and 24 licenses for physical link subscription television services, which are considered to be TIC services as from January 4, 2016, date on which the decree became effective; and
- iii) The limit that provided that physical link and radio-electric link subscription television services may not reach more than 35% of all subscribers.

As far as Cablevisión is concerned, the Emergency Decree repeals Section 15 of Law No. 27,078, which created a new public service under the name "Public and Strategic Infrastructure Access and Use Service for and among Providers". The right of access included "providers having to make available to other providers their network elements, associated facilities or services to render TIC services, even when such elements were used to render audiovisual content services."

Due to the fact that physical link and radio-electric link subscription television services are now subject to the Digital Argentina Act:

- i) These services no longer fall within the scope of Section 45 of the LSCA, which sets forth the new multiple license regime for Audiovisual Communication Services;
- ii) The registration of physical link subscription television services is no longer limited to a specific territorial area. The same is not the case with radio-electric link subscription television services because of the portion of the spectrum allocated to render these services;
- iii) Both registrations, for physical link subscription television services and for radio-electric link subscription television services, are no longer subject to expiration terms. However, the portions of the spectrum allocated to render radio-electric link subscription television services do have expiration terms. The duration of such services shall be the longest of the term provided under their original title, or 10 years as from January 1, 2016.

Notwithstanding point iii) above, ENACOM Resolution No. 427/2016 provides that licensees that hold only one license to provide a certain type of service and have requested an extension of its term but have not obtained an express decision in this respect must ratify their requests. Accordingly, some of the companies in which Cablevisión holds an equity interest made filings to such end.

However, it should be noted that pursuant to Section 21 of the Emergency Decree and until the enactment of a law that shall unify the fee regime provided under Laws Nos. 26,522 and 27,078, the physical link and radio-electric link subscription television services exploited by Cablevisión and/or its Subsidiaries will continue to be subject only to the fee regime provided under Law No. 26,522. Therefore, they shall not be subject to the investment contribution or the payment of the Control, Oversight and Verification Fee provided under Sections 22 and 49 of Law No. 27,078.

Cablevisión will follow the procedure established under ENACOM Resolution No. 427/16 in order to report, using the online application provided by the ENACOM to such end, the territorial location of its services, indicating the original coverage area, the supplementary territorial units and/or area extensions in which it currently renders services.

In addition, and pursuant to ENACOM Resolution No. 1.394/16, which approves the General Rules for Physical Link Subscription Television Services and/or Radio-Electric Link Subscription Television Services, in those cases in which Cablevisión and/or any of its Subsidiaries purchased bidding forms to apply for a new license when the term had expired or to apply for an area extension, the applicants amended their filings and converted them into a request an authorization of coverage area.

The new General Rules also order providers of both types of services to guarantee their compliance with a programming grid in each Coverage Area. Cablevisión states that it complies with all the obligations set out under that Resolution.

Pursuant to the Emergency Decree, the providers of the Basic Telephone Service whose licenses were granted under the terms of Decree No. 62/90 and paragraphs 1 and 2 of Section 5 of Decree No. 264/98, as well as Mobile Telephone Service providers with a license granted pursuant to the list of bidding conditions approved by Resolution No. 575/93 of the then Ministry of Economy and Public Works and Services and ratified by Decree No. 1,461/93, shall only be able to provide subscription broadcasting services by means of physical or radio-electric link after a term of two years counted as from January 1, 2016. That term may be extended for one more year.

The Emergency Decree was approved on April 6, 2016 by the Lower House of Congress. Therefore, it has full force and effect.

Finally, in order to enhance the convergence of networks and services under conditions of competition, promote the deployment of next generation networks and the penetration of broadband Internet access services across the national territory, the Executive Branch issued Decree No. 1,340/16 on December 30, 2016. Among other things, the Decree:

- Provides for the protection for fifteen years of last mile fixed NGN for broadband Internet services that may be deployed by the licensees of TIC services with respect to the rules for open access to broadband services.
- Orders the issuance of regulations for the following purposes:
 - To call for a Public Bid for the allocation of new frequency bands for mobile services.
 - To ensure the re-allocation of radio-electric spectrum frequencies with economic compensation and shared use to frequencies previously allocated to other services, and to allocate such frequencies to providers of TIC Services that request to reuse them to render mobile services or fixed wireless services with LTE or higher technologies.
 - To allocate radio electric spectrum frequencies on demand, imposing compensation, deployment and coverage obligations on the current local or regional providers of TIC services and on the current providers of mobile communication services.
- Sets forth that the persons restricted under Decree No. 267/15 from rendering physical or radio-electric link subscription television services may request the corresponding registration and begin to provide those services in certain areas as from January 1st, 2018.
- Recognizes that the holders of satellite link subscription television service licenses that as of December 29, 2015 rendered TIC services may maintain the ownership of both services.
- Orders the Ministry of Communications to guarantee the interconnection principles provided under the applicable legislation in order to ensure the impartiality, non-discrimination and fair competition among providers of mobile services, restricting the possibility of delaying or hindering the technical, interconnection, operational or any other conditions that may create barriers for other providers to enter the market.

8.4. Matters related to the regulatory situation of Cablevisión and its subsidiaries

8.4.1. Fibertel License

The Ministry of Communications, as the highest government agency, replacing the MINPLAN with respect to this specific competence, issued Resolution No. 5/2016, which was notified on February 29, 2016, whereby it revoked SECOM Resolution No. 100/2010 for legitimacy reasons. This Resolution, which had been issued by the former Secretariat of Communications, had revoked the exclusive telecommunication service license held by Fibertel S.A., which was merged into Cablevisión S.A.

The ENACOM issued Resolution No. 1,359/16, whereby it authorized the transfer of ownership of the Exclusive Telecommunication Service License that had been granted to Fibertel S.A., which was merged into Cablevisión S.A. effective as of April 1, 2003.

8.4.2. Cablevisión's Shareholder Structure

Cablevisión has requested the ENACOM to acknowledge the change in its shareholder structure as a result of the corporate reorganization carried out by Grupo Clarín. In the understanding that the above-mentioned change has not implied a change of control, it does not require that agency's authorization.

8.4.3. NEXTEL

8.4.3.1 Regulatory Approval of the Acquisition of Nextel

On September 24, 2015, the Official Gazette published AFTIC Resolution No. 326/15, whereby that agency ordered Nextel to render without effect within a term of 30 days, the sale of a non-majority portion of its shares because it allegedly contravened effective legislation and could be sanctioned with the revocation of its license pursuant to the Communications and Information Technology Law.

On October 9, 2015, Grupo Clarín S.A. and Cablevisión filed the corresponding appeals against Resolution No. 326/2015, arguing that they had standing based on their acquisition of 49% of the licensee and stating that the change of control alleged by AFTIC had not occurred.

Nextel requested the suspension of the effects of Resolution No. 326/2015 and also filed an appeal against that administrative act.

On January 29, 2016, Cablevisión and Nextel made a filing before the ENACOM as established under Section 8 of Decree No. 267/15 which amends Section 13 of Law No. 27,078 in order to request authorization for the change of control in full compliance with the new legal framework.

On February 22, 2016, the ENACOM issued Resolution No. 133/2016, whereby it partially admitted the appeals that had been filed against AFTIC Resolution No. 326/2015 in order to consider the Company's request for approval of the transfer of control.

On March 7, 2016, the ENACOM issued Resolution No. 280/2016, whereby it authorized the change of control of NEXTEL in favor of Cablevisión S.A.

On April 12, 2017, the CNDC notified Cablevisión of Resolution No. 293/2017 dated April 10, 2017, whereby the CNDC authorized the economic concentration operation consisting of the acquisition by Cablevisión and Televisión Dirigida of 100% of the shares of Nextel, which were owned by NII Mercosur Telecom SLU and NII Mercosur Móviles S.L.U.

CABLEVISIÓN HOLDING S.A.

Registration number with the IGJ: 1,908,463

On May 22, 2017, the Company notified the ENACOM of the corporate reorganization process whereby Cablevisión will absorb under a merger by acquisition process Nextel, Trixco S.A., Callbi S.A., Infotel S.A., Skyonline de Argentina S.A., Netizen S.A. and Eritown Corporation Argentina S.A., which will be dissolved without liquidation, thus requesting that agency to incorporate Cablevisión's Licencia Única Argentina Digital to the records, resources, allocations, permits, and authorizations of the above-mentioned licensees.

8.4.3.2 Status of the frequencies allocated to Nextel

Through Resolution No. 325/2015, AFTIC decided, abruptly and without prior notice of its decision, to dismiss the requests for extensions of certain frequencies allocated to NEXTEL, revoking them in that same act.

On October 9, 2015, Grupo Clarín and Cablevisión filed an appeal against Resolution No. 325/2015 grounding their legitimate interest on their acquisition of 49% of the licensee.

NEXTEL first requested the suspension of the effects of Resolution No. 325/2015 and then filed an appeal against that administrative act.

The ENACOM issued Resolution No. 134/2016, whereby it decided to grant partially the appeal filed by NEXTEL against AFTIC Resolution No. 325/2015. Even though this Resolution did not entail the automatic extension of the frequencies involved, the ENACOM ordered the corresponding areas to analyze each file to verify compliance with the requirements of the effective regulatory framework to be eligible for obtaining the requested extensions.

The ENACOM issued Resolution No. 281/16, whereby it authorized the extensions for a term of 10 years counted as from the original expiration of the authorizations for the use of the frequencies that had been dismissed and revoked through Resolution No. 325/2015.

8.4.3.3 Other requests for authorization filed with the ENACOM

On June 22, 2016, NEXTEL made a filing with the ENACOM in order to request authorization for direct and indirect share transfers that would imply a direct and/or indirect change of control in favor of NEXTEL, pursuant to Section 13 of Law No. 27,078 with respect to the licensees of telecommunication services listed below:

- Fibercomm S.A.
- Trixco S.A.
- Callbi S.A.
- Infotel S.A.
- Skyonline de Argentina S.A.
- Netizen S.A.
- Eritown Corporation Argentina S.A.

Within the required term, on January 6, 2017, the ENACOM issued Resolution No. 111/2017, which under section 1 authorizes the share transfers mentioned above.

The filing made on June 22, 2016 also included a request to change the allocation of a portion of the spectrum that corresponds to the licensees acquired by the Company in order to render 4G services, which was not addressed in ENACOM Resolution No. 111/2017.

Notwithstanding the foregoing, taking into consideration the new regulations provided under Decree No. 1,340/16 and Resolution No. 171/2017 issued by the Ministry of Communications, Nextel reformulated the original request in accordance with the new effective regulations, thus initiating a new administrative file. In this last filing, the Company finally requested:

- The beginning of a Refarming process with Economic Compensation as provided under Resolution No. 171/2017.

- The authorization of the agreements executed by NEXTEL with the licensees acquired by Cablevisión to operate the services registered by NEXTEL with the portion of the spectrum allocated to those licensees to render their respective services;
- The approval of the registration requested by NEXTEL of the Advanced Mobile Telecommunications Service; and,
- The authorization of the change that would allow that company:
 - To change the allocation and channeling on a primary basis of the 905-915 MHz and 950-960 MHz bands to render advanced mobile communication services at national level with primary status; and,
 - To enhance the allocation of the frequency bands and change the channeling of the 2500 MHz band to the 2690 MHz band to render advanced mobile communication services at national level with primary status.

By means of Resolution ENACOM No. 1,033/2017, the ENACOM provided for the use of the frequency bands between 905 and 915 MHz and between 950 and 960 MHz for the rendering of the ADVANCED MOBILE COMMUNICATIONS SERVICE (“SCMA”), and by means of Resolution ENACOM No. 1,034/2017, the ENACOM provided for the use of the frequency band between 2500 and 2690 MHz for the provision of SCMA, in addition to the current services when their coexistence is possible.

The ENACOM issued Resolution No. 1,299/ENACOM/2017, whereby it approved the project for Refarming with Economic Compensation, filed by Nextel to provide Advanced Mobile Communication Services in the frequencies that had been subject to changes in allocation pursuant to ENACOM Resolutions No. 1,033 and 1,034/2017.

In addition, the ENACOM decided to register NEXTEL as provider of Advanced Mobile Communication Services in the Registry of Services; and to authorize the use of the above-mentioned frequencies.

In the same resolution and as part of the authorization, that agency imposed additional Coverage Obligations on Nextel.

It also imposes two obligations that must be fulfilled prior to initiating the rendering of Advanced Mobile Communication Services: (i) the return of the proposed radio-electric spectrum; and (ii) the creation of a guaranty issued in favor of and satisfactory to ENACOM for an amount equal to the value of the radio-electric spectrum that is subject to return.

The Resolution also orders that Nextel shall post a performance bond to guarantee the obligations and responsibilities undertaken by that company to be issued in favor and to the satisfaction of the ENACOM for the amount and under the terms that shall be set forth in the contract to be executed with the ENACOM. That contract shall establish, in addition to the economic compensation to be paid by Nextel, the terms, conditions, goals, obligations and other matters inherent to the rendering of the Advanced Mobile Communication Services authorized by that agency to which Nextel shall be bound.

On April 12, 2017, Nextel and the ENACOM executed the agreement referred to in the previous paragraph. On April 28, 2017, pursuant the Agreement executed with the ENACOM, Nextel transferred to that agency the “economic compensation” of Ps. 478,240,214, established by the ENACOM on April 26, 2017.

In another agreement also executed on April 12, 2017, NEXTEL accepted and expressly consented to the authorization granted to the Chairman of the ENACOM to decide on, within a term of 2 years as from the date of the agreement, the replacement with economic compensation -to be paid by NEXTEL- of certain channels of the 2500-

2690 MHz frequency bands for frequencies in other bands, as established under Article 7 of ENACOM Resolution No. 1,034/2017.

Also, on May 5, 2017, Nextel posted the performance bond provided under the agreement in order to guarantee: (i) compliance with the coverage obligations in the localities ordered by ENACOM; and (ii) the return of compromised radio spectrum.

Through Resolution No. 3,909-E/2017 published on May 24, 2017, the ENACOM decided to record the agreements described in the previous paragraph.

On May 22, 2017, Cablevisión made a filing with the ENACOM in order to request the incorporation of the *Licencia Única Argentina Digital* held by Cablevisión to the records, resources, allocations, permits and authorizations held by Nextel, as well as those held by Trixco S.A., Callbi S.A., Infotel S.A., Skyonline de Argentina S.A., Netizen S.A., and Eritown Corporation Argentina S.A. as a result of the corporate reorganization process to be implemented whereby Cablevisión will absorb under a merger by acquisition process the above-mentioned licensees among which is Nextel, which will be dissolved without liquidation. (See Note 4.a)).

8.4.4. Programming Grid

AFSCA Resolution No. 296/2010, as amended and/or supplemented, provided guidelines for the organization of the programming grids that had to be followed by the owners of subscription television audiovisual services. This resolution regulated section 65, subsections a) and b) of the LSCA and supplemented the provisions of the regulations to the same section of Decree No. 1,225/2010.

In spite of Cablevisión's efforts to organize its programming grids in accordance with the provisions of section 65 of Law No. 26,522, AFSCA initiated multiple summary proceedings in connection with the cable television licenses of which Cablevisión is the lawful successor. AFSCA contended that Cablevisión had failed to comply with the regulations set forth by AFSCA Resolution No. 296/2010. Cablevisión submitted the responses set forth under section 1, Exhibit II of AFSCA Resolution No. 224/2010 in connection with such accusations. A decision has been rendered on some of the summary proceedings and, as a result, a fine was imposed on Cablevisión, while other proceedings are pending resolution. Cablevisión has appealed these decisions. Some of the appeals filed by Cablevisión have been decided against it and were appealed.

Insofar as Cablevisión is concerned, as of the date of these financial statements, an injunction issued in re "CABLEVISIÓN S.A. v. NATIONAL GOVERNMENT AND OTHERS ON COMPLAINT FOR THE PROTECTION OF CONSTITUTIONAL RIGHTS" by the Federal Court of Appeals of the City of Mar del Plata, whereby that Court revoked the decision rendered in the First Instance, remains in full force and effect. The decision rendered in the First Instance had ordered the dismissal of Cablevisión's request. The Court of Appeals ordered AFSCA to suspend – until a final decision was rendered on the matter – the application of the penalties derived from the alleged non-compliance with section 65 of Law No. 26,522 and Decree No. 1.225/2010. Therefore, it also suspended the application of section 6 of AFSCA Resolution No. 296/2010 on the grounds that Cablevisión's alleged serious non-compliance was not contemplated in the Law or in the Decree. The National Government filed an appeal with the Supreme Court against this decision. Such appeal was dismissed. Consequently, AFSCA filed a direct appeal with the Supreme Court, which is still pending resolution.

In re "AFSCA v. CABLEVISION SA Decree 1,225/10 – RES. 296/10 on/ Proceeding leading to a declaratory judgment" currently pending before the Federal Court of First Instance on Administrative Matters No. 9, on May 16, 2012 the Court granted an injunction that had been requested by AFSCA, ordering Cablevisión and/or the pay television audiovisual services it exploits, to conform to Section 65, subsection 3 b of Decree No. 1,225/2010 and Sections 1, 2, 3, 4 and 5 of AFSCA Resolution No. 296/2010, until a final judgment is rendered on the merits of the case. Cablevisión has appealed such injunction.

On August 6, 2012, Cablevisión was served notice of a decision rendered by the Federal Court of First Instance on Administrative Matters No. 9 of the City of Buenos Aires, whereby that court imposed a fine on Cablevisión of Ps.

20,000 per day for each day of delay in complying with the injunction that ordered Cablevisión to comply with Section 65 of Decree No. 1,225/2010 and AFSCA Resolution No. 296/2010. Cablevisión filed an appeal against that decision in due time and form. However, the Court of Appeals ignored the strong grounds asserted by Cablevisión; partially confirmed the decision rendered in the first instance; and reduced the fine to Ps. 2,000 per day for each day of delay, to be calculated as from the date the decision is deemed final. An appeal was filed with the Supreme Court of Argentina, which was dismissed by the intervening Chamber. Cablevisión filed an appeal against such decision, which was dismissed by the Supreme Court of Argentina.

On October 21, 2013 Cablevisión was served with new charges brought for alleged noncompliance with AFSCA Resolution No. 296/2010, clearly violating the preliminary injunction mentioned above. Accordingly, Cablevisión filed an appeal, but no decision has been rendered on the matter as of the date of these financial statements.

On December 23, 2013, Cablevisión informed AFSCA of its new programming grid in digital and analogical systems, expressly maintaining the reserves brought to continue challenging the legality and constitutionality of section 65 of Decree No. 1,225/2010 and AFSCA Resolution No. 296/2010, as amended.

Section 7 of the Emergency Decree which amends, among others, Section 10 of Law No. 27,078 provides that all the physical link and radio electric link subscription television services shall be governed by the Digital Argentina Act. Therefore, Cablevisión is no longer subject to Section 65 and its implementing regulations.

The new General Rules approved by ENACOM Resolution No. 1,394/16 order providers of both types of services (physical and radio-electric link) to guarantee their compliance with a programming grid in each Coverage Area. Cablevisión states that it complies with all the obligations set out under that Resolution.

Upon the enactment of Decree No. 267/2015, whereby the physical link or radio-electric link subscription television services no longer fall within the scope of Law No. 26,522, the claim that had been brought by AFSCA against Cablevisión has become moot.

8.5. Audiovisual Communications Law of the Republic of Uruguay

Law No. 19,307 was published in the Official Gazette of the Republic of Uruguay on January 14, 2015. This Law governs radio, television, and other audiovisual communication services (hereinafter, the “Audiovisual Communications Law”). Section 202 of this law provides that the Executive Branch shall issue the implementing regulations for this law within a 120-day term as from the day following the publication of this law in the Official Gazette. As of the date of these interim condensed consolidated financial statements, only Decree No. 45/015 has been issued, but the implementing regulations for most of the sections of this law are still pending. Such Decree provides that the concession for the use and allocation of the radio-electric spectrum for non-satellite audiovisual communication services shall be granted for a term of 15 years.

Section 54 of the Audiovisual Communications Law provides that an individual or legal entity cannot be allocated the full or partial ownership of more than 6 authorizations or licenses to render television services to subscribers throughout the national territory of Uruguay. Such limit is reduced to 3 if one of the authorizations or licenses includes the department of Montevideo. Section 189 of this law provides that in the cases where such limits were exceeded as of the entry into force of the Law, the owners of those audiovisual communication services shall transfer the necessary authorizations or licenses so as not to exceed the limits mentioned above within a term of 4 years as from the date of entry into force of the Audiovisual Communications Law.

The subsidiary Adesol S.A. is analyzing the possible impact on its business that could be derived from the change in the regulatory framework and the eventual legal actions it may bring to safeguard its rights and those of its shareholders. That company is also monitoring the different unconstitutionality claims filed by other companies against certain sections of the above-mentioned law to consider whether the decisions to be rendered by the Supreme Court in those proceedings may be favorable to the position of Adesol S.A. in the future. On April 7, 2016, 28 unconstitutionality claims were brought against the above mentioned law. To date, the Supreme Court has issued 28 decisions, whereby it declared the unconstitutionality of Sections 39 subsection 3, Section 55, 56 subsection 1,

Section 60 point C, 98 subsection 2°, 117 subsection 2, 143 and 149 subsection 2 of Law No. 19,307. It is noteworthy that some of the decisions rendered in this respect by the Supreme Court dismissed the unconstitutionality claim filed by the claimant with respect to Section 54 of that Law.

NOTE 9 – PROVISIONS AND OTHER

9.1. Judicial, administrative and other proceedings

a) As from November 1, 2002 and until December 31, 2016, COMFER, then AFSCA, now ENACOM have initiated summary administrative proceedings against Cablevisión and Multicanal (merged into Cablevisión) for infringements of regulations relating to programming content. Accordingly, a provision has been set up in this regard.

b) The CNDC initiated three legal actions following complaints filed by other cable television companies under Law No. 25,156 alleging an improper refusal by Dayco Holdings Ltd. ("Dayco"), a subsidiary of Fintelco group, to sell rights to broadcast South American qualifying football matches for the Korea/Japan 2002 World Cup. On February 14, 2003, the CNDC served Cablevisión notice of the complaint in one of those legal actions to provide explanations.

Subsequently, the Technical Coordination Secretary of the Ministry of Economy and Production decided that the proceedings related to one of the actions above should be closed. Although Dayco timely submitted the answers required and Cablevisión did the same on March 10, 2003, the CNDC has not made any material decision.

On July 16, 2010, the SCI served notice to Cablevisión and Multicanal of Resolution No. 219/2010 whereby the Secretariat of Domestic Trade found that both companies had engaged in market sharing practices in connection with the paid-television service in the City of Santa Fe and imposed a fine of Ps. 2,500,000 on each of them. On July 26, 2010, both companies appealed the resolution, presenting new arguments in connection with the application of statutes of limitation, which had already been alleged prior to the issuance of the appealed resolution.

On June 4, 2012, the Federal Court of Appeals of Rosario partially confirmed SCI Resolution No. 219/2010, whereby the Secretariat of Domestic Trade found that Cablevisión and Multicanal had engaged in market sharing practices in connection with the paid-television service in the City of Santa Fe and reduced the fine imposed on each of the companies involved from Ps. 2.5 million to Ps. 2 million. However, this decision is not yet final, because Cablevisión and Multicanal and the Ministry of Economy filed appeals, which are still pending before that Court of Appeals. On October 21, 2014, the Argentine Supreme Court dismissed the appeals; therefore, Resolution No. 219/2010 became final. The case is currently pending with the Court of Appeals of Rosario, which shall order its referral to the SCI. The SCI, in turn, shall serve notice to the companies involved in order for them to pay the fine.

On March 1, 2011, the SCI served notice to Multicanal and Cablevisión of Resolution No. 19/11 whereby the Secretariat of Domestic Trade found that both companies had engaged in market sharing practices in connection with the paid-television service in the City of Paraná and imposed a fine of Ps. 2.5 million on each of them. Cablevisión filed an appeal in due time and form. This appeal was dismissed by the Federal Court of Appeals of Paraná. Therefore, Cablevisión filed an appeal with the Argentine Supreme Court. On November 4, 2011, the appeal of SCI Resolution No. 19/11 filed by Cablevisión with the Supreme Court was partially granted by the Federal Court of Appeals of Paraná.

On August 30, 2012, the Argentine Supreme Court dismissed the appeal filed by Cablevisión; therefore, Resolution No. 19/11 became final. The case is currently pending with the Court of Appeals of Paraná, which shall order its referral to the SCI. The SCI, in turn, shall serve notice to the companies involved in order for them to pay the fine.

The investigations carried out by the CNDC and SCI may lead to the imposition of more fines pursuant to Law No. 25,156, which would be appealable. The eventual fines would be graduated based on: (i) the loss incurred by the people affected by the allegedly prohibited activity; (ii) the benefit obtained by all the people involved in the

prohibited activity and (iii) the value of the assets involved owned by the people indicated in item (ii) above at the time the alleged violation was committed. To date, there is not any standard criterion on the application of the above-mentioned parameters.

While Cablevisión believes that its conduct and that of Multicanal have always been within the bounds of the Argentine Antitrust Law and regulations and that their positions in each of these proceedings are reasonably grounded, it can give no assurance that any of these cases will be resolved in its favor.

c) In 2003, ELP Investments filed a criminal complaint in Argentina against certain individuals related to the Hicks Muse Tate & Furst Group (“HMTF”), including some who were Directors of Cablevisión. That criminal complaint, which was filed by a person that is not a shareholder or creditor of Cablevisión, challenged certain operations undertaken by Cablevisión. Although Cablevisión believed that the party filing the complaint was not entitled to do so, and that the allegations by ELP Investments were false or wrongly presented, the court handling this case ordered searches at Cablevisión's offices, as well as the seizure of certain of Cablevisión's corporate books. On June 27, 2003, the criminal court appointed an agent to gather information at Cablevisión's offices regarding the case within a forty-five-day period. On September 16, 2003, this period was extended for forty-five additional days. Cablevisión and certain Directors of that company each denied the challenges alleged by ELP Investments and offered supporting evidence and Cablevisión appealed the court's appointment of the agent. On October 21, 2003, Chamber IV of the Criminal and Correctional Court of Appeals declared the nullity of all the decisions made and actions taken by the lower court judges. The litigation, however, continued through the filing of remedies before the highest criminal court of appeals (*Cámara de Casación*) and the Supreme Court of Argentina. The *Cámara de Casación* partially revoked the decision rendered by Chamber IV. The majority of the judges of this court of appeals upheld the principles and grounds held by Chamber IV. Notwithstanding the above-mentioned, the *Cámara de Casación* held that the proceedings related to the preliminary injunctions that are still pending should be resolved in the first place. It should be noted that, given the share transfers made in 2006, the companies represented by the parties involved in the above-mentioned case have ceased to be shareholders of Cablevisión. Cablevisión was never a party to the case. On July 3, 2009, Chamber IV of the Criminal Court of Appeals held that the intervention of Cablevisión was no longer in effect and, therefore, declared moot the claims that had been brought against that intervention.

On May 11, 2010, the Criminal Court of First Instance declared that the legal action had become barred by the statute of limitations and permanently acquitted the accused from all the criminal offenses claimed by ELP Investments. That decision was appealed by the acting Prosecutor and is now pending before Chamber IV of the Criminal and Correctional Court of Appeals. That Chamber suspended the application of the statutes of limitation to the criminal action. The suspension is due to the fact that the former claimant ELP Investments brought a new claim requesting to be a party to this proceeding. To date, Chamber IV has not allowed the claimant ELP Investments to be a party to this proceeding. ELP Investments filed an appeal against this decision, which is still pending.

d) The Government of the City of Mar del Plata enacted Ordinance No. 9,163, governing the installation of cable television networks. Such ordinance was amended and restated by Ordinance No. 15,981 dated February 26, 2004, giving cable companies until December 31, 2007 to adapt their cable networks to the new municipal requirements. The ordinance sets forth that in those areas where street lighting has underground wiring, cable television networks are to be placed underground. In this sense, the Executive Department of the Municipality of General Pueyrredón has submitted to the Municipal Council a proposed ordinance extending the term provided until December 31, 2015. The term for legislators to discuss that proposed ordinance within the legislative period in which it was presented has expired. Even though the ordinance provides for certain penalties/ fines that may be imposed, the city has not imposed such penalties to cable systems that are not in compliance with such ordinance.

e) Multicanal has brought several legal actions requesting the nullification of: i) all the Ordinary Shareholders' Meetings of Supercanal Holding S.A. held from 2000 to date, ii) the guarantees granted by Supercanal Holding S.A. on bank loans exclusively in favor of the group controlling Supercanal Holding S.A. (Grupo Uno S.A. and its affiliates). In addition, a claim for the dissolution and liquidation of Supercanal Holding S.A. was brought jointly with the action for the removal of all the members of the Board of Directors and the Supervisory Committee, and the dissolution of Supercanal Capital N.V. On March 29, 2000, Supercanal filed for insolvency proceedings before the

National Court of First Instance on Commercial Matters No. 20, Clerk's Office No. 40, which was admitted by the Court on March 27, 2001. On December 26, 2007, the Court rendered a decision whereby it dismissed the claims and approved the settlement proposal. That approval was appealed by the pledgees. On October 30, 2009, the Court of Appeals, rendered a decision whereby it revoked the approval of the proposal and requested the debtor to provide certain explanations and clarifications about the submitted proposal and to provide guarantee to the pledgees on the shares of the original shareholders. Supercanal made a filing stating that it complied with both requirements and provided a Ps. 2 million escrow for the pledgees. On March 3, 2011, the Court of First Instance approved once again the insolvency proceeding. That decision was once again appealed by the pledgees. On December 28, 2011, Chamber A of the Court of Appeals partially revoked the decision rendered by the Court of First Instance upholding the approval of the proposal submitted by Supercanal Holding S.A. but ordering that the guarantee for the pledgees should be of USD 30 million.

On April 23, 2012, a decision was rendered on one of the claims brought by Multicanal against Supercanal ordering the nullification of the decisions made at Supercanal's Shareholders' Meeting held on January 25, 2000 in considering points 2, 4, 5 and 6 relating to: i) the capital reduction to Ps. 12,000; ii) the cancellation of the shares corresponding to the reduced capital; iii) the capital increase to Ps. 83,012,000; iv) the delegation to the Board of Directors of the fixing of the term for the subscription and payment of the increase and the cancellation and registration of outstanding shares; and v) the amendment of the by-laws in connection with the changes in the capital stock in a new shareholders' meeting.

Such decision was appealed by both parties and the appeal is pending before the Court of Appeals.

Upon the revocation of a preliminary injunction initially granted in favor of Multicanal in re "Multicanal S.A. v/ Supercanal Holding S.A. on summary proceedings" for the request for nullification of the Shareholders' Meeting of Supercanal Holding S.A. held on January 25, 2000 at which the shareholders of that company decided to reduce the capital stock of Supercanal Holding S.A. to Ps. 12,000 and to subsequently increase the capital stock to Ps. 83,012,000, Multicanal was served on December 12, 2001 with a claim filed by Supercanal Holding S.A. for damages caused by the above-mentioned preliminary injunction which was subsequently revoked. Supercanal Holding S.A. alleges that the suspension of the effects of its Shareholders' Meeting that had been held on January 25, 2000 caused its insolvency. Multicanal answered the claim denying any liability stating that the claimant's insolvency took place, as per the documentary evidence provided by the very same claimant, before the date of the Shareholders' Meeting, which effects were suspended by the preliminary injunction. On the other hand, the suspension of the effects of the Shareholders' Meeting did not preclude the capitalization of Cablevisión by other alternative means. Based on legal and factual precedents of the case, Cablevisión, as successor of Multicanal's operations, believes that the claim filed should be rejected in its entirety, and that the legal costs should be borne by the plaintiff. The proceeding is at the discovery stage. The Court of First Instance dismissed Supercanal Holding S.A.'s request that it be allowed to sue without paying court fees or costs. This decision has been ratified by the Federal Court of Appeals.

Cablevisión cannot assure that, as a result of the actions brought, it may obtain a favorable economic or equity outcome. Currently and due to the ancillary jurisdiction of the insolvency proceedings of Supercanal Holding S.A. all the claims brought are pending before the above-mentioned court.

f) Multicanal, which was merged into Cablevisión, has taken notice of a claim (with which it has not been served as of the date of these interim condensed consolidated financial statements) brought against it by an entity representing consumers and alleged financial victims (and by six other individuals). Claimants are Multicanal noteholders - individuals who are not investment professionals or consumers- who claim to be allegedly affected by Multicanal's APE Since neither Multicanal nor Cablevisión, as successor of Multicanal, has been served with that claim, we cannot estimate the impact it will have on Cablevisión.

g) On January 22, 2010, Cablevisión was served notice of CNDC Resolution No. 8/10 issued within the framework of file No. 0021390/2010 entitled “Official Investigation of Cable Television Subscriptions (C1321)”. Pursuant to this Resolution, Cablevisión, among other companies, was ordered to refrain from conducting collusive practices and, particularly, from increasing the price of cable television subscriptions for a term of 60 days, counted as from the date compliance with all required notices is certified in the records of the case. As established by that Resolution, companies that have already increased the price of the subscriptions shall return to the price applicable in November 2009 and maintain such price for the above-mentioned term.

On February 2, 2010, by means of Resolution No. 13/10, the CNDC ordered Cablevisión to refund to its subscribers in the March 2012 invoices the amount of any price increase made after the date of CNDC Resolution No. 8/10.

Cablevisión appealed both resolutions in due time and form and their effects were suspended by an injunction issued by Chamber No. 2 of the National Court of Appeals on Federal Civil and Commercial Matters at the request of Cablevisión. The National Government filed an appeal with the Supreme Court against this decision, and the appeal has been dismissed.

On October 4, 2011, Chamber No. 2 of the National Court of Appeals on Federal Civil and Commercial Matters granted the appeal filed against both decisions in re “Cablevisión and Other on Appeal against the Decision rendered by the National Antitrust Commission” (File 1,473/2010), declaring Resolution No. 8/10 moot and nullifying Resolution No. 13/10.

The National Government filed an appeal with the Supreme Court of Argentina against the decision rendered by Chamber No. 2, which was granted, but it was dismissed by the Supreme Court of Argentina.

h) The Secretariat of Domestic Trade issued Resolution No. 50/10, whereby it approved certain rules for the sale of pay television services. These rules provide that cable television operators must apply a formula to estimate their monthly subscription prices. The price arising from the application of the formula was to be informed to the Office of Business Loyalty (*Dirección de Lealtad Comercial*) between March 8 and March 22, 2010. Cable television operators must adjust such amount semi-annually and inform the result of such adjustment to said Office.

Even though as of the date of these interim condensed consolidated financial statements Cablevisión cannot assure the actual impact of the application of this formula, given the vagueness of the variables provided by the Resolution to calculate the monthly subscription prices, Cablevisión believes that Resolution No. 50/10 is arbitrary and bluntly disregards its freedom to contract, which is part of the right to freedom of industry and trade. Therefore, it has filed the pertinent administrative claims and has brought the necessary legal actions requesting the suspension of the Resolution’s effects and ultimately requesting its nullification.

Even though Cablevisión, like other companies in the industry, has strong constitutional arguments to support its position, it cannot be assured that the final outcome of this issue will be favorable. Therefore, Cablevisión may be forced to modify the price of its pay television subscription, a situation that could significantly affect the revenues of its core business. This situation generates uncertainties about Cablevisión’s business, which could significantly affect the recoverability of the Company’s relevant assets. Notwithstanding the foregoing, as of the date of these interim condensed consolidated financial statements, in accordance with the decision rendered on August 1, 2011 in re “LA CAPITAL CABLE S.A. v/ Ministry of Economy-Secretariat of Domestic Trade”, the Federal Court of Appeals of the City of Mar del Plata has ordered the SCI to suspend the application of Resolution No. 50/10 with respect to all cable television licensees represented by the ATVC. Upon being served on the SCI and the Ministry of Economy on September 12, 2011, such decision became fully effective and may not be disregarded by the SCI. The National Government filed an appeal against the decision rendered by the Federal Court of Appeals of Mar del Plata to have the case brought before the Supreme Court. Such appeal was dismissed and so the National Government filed a direct appeal with the Supreme Court, which was also dismissed.

On June 1, 2010, the SCI imposed a Ps. 5 million fine on Cablevisión alleging that it had failed to comply with the information regime set forth by Resolution No. 50/10, and invoking the Antitrust Law to impose such penalty. The

fine was appealed and submitted to the National Court of Appeals on Federal Administrative Matters, Chamber No. 5, which decided to reduce the fine to Ps. 300,000. Cablevisión appealed this decision by filing an extraordinary appeal with the Supreme Court of Argentina.

On March 10, 2011 SCI Resolution No. 36/11 was published in the Official Gazette. This Resolution falls within the framework of SCI Resolution No. 50/10. Resolution No. 36/11 sets forth the parameters to be applied to the services rendered by Cablevisión to its subscribers from January through April 2011. These parameters are as follows: 1) the monthly basic subscription price shall be Ps. 109 for that period; 2) the price of other services rendered by Cablevisión should remain unchanged as of the date of publication of the resolution; and 3) the promotional benefits, existing rebates and/or discounts already granted as of that same date shall be maintained. The resolution also provides that Cablevisión shall reimburse users for any amount collected above the price set for that period.

Cablevisión believes that Resolution No. 36/10 is illegal and arbitrary, since it is grounded on Resolution No. 50/10, which is absolutely null and void. Since the application of Resolution No. 50/10 has been suspended, the application of Resolution No. 36/11, which falls within the framework of the former, is also suspended.

The claim filed by Cablevisión seeking the nullification of Resolution No. 50/10 is currently pending before the Federal Administrative Court of First Instance No. 7 of the City of Buenos Aires. This claim was dismissed in view of the claim pending in the City of Mar del Plata.

Subsequently, the SCI issued Resolutions Nos. 65/11, 92/11, 123/11, 141/11, 10/11, 25/12, 97/12, 161/12, 29/13, 61/13, 104/13, 1/14, 43/14 and 93/14 pursuant to which the SCI extended the effectiveness of Resolution No. 36/11 up to and including September 2014, and adjusted the cable television subscription price to Ps. 152. Cablevisión believes, however, that given the terms under which the Federal Court of the City of Mar del Plata granted the preliminary injunction, that is, ordering the SCI to suspend the application of Resolution No. 50/10 with respect to all cable television licensees represented by ATVC (among them, Cablevisión and its subsidiaries), and also given the fact that Resolutions No. 36/11, 65/11, 92/11, 123/11, 141/11, 10/11, 25/12, 97/12, 161/12, 29/13, 61/13, 104/13, 1/14, 43/14 and 93/14 merely apply Resolution No. 50/10, Cablevisión continues to be protected by said preliminary injunction, and, therefore, the ordinary course of its business will not be affected.

On April 23, 2013, Cablevisión was served notice of a decision rendered in re “Ombudsman of Buenos Aires v. Cablevisión S.A. on Complaint for the protection of constitutional rights Law 16,986 (Motion for Preliminary Injunction)” pending before Federal Court No. 2, Civil Clerk’s Office No. 4 of the City of La Plata in connection with the price of cable television subscriptions, whereby the court imposed on Cablevisión a cumulative daily fine of Ps. 100,000 per day on Cablevisión.

Cablevisión appealed the fine on the grounds that Resolution No. 50/10 issued by Mr. Moreno, as well as its extensions and/or amendments were suspended, as mentioned above, by an injunction with respect to Cablevisión and its branches and subsidiaries prior to the imposition of the fine; pursuant to the collective injunction issued by the Federal Court of the City of Mar del Plata on August 1, 2011 in re “La Capital Cable and Others v. National Government and Others on Preliminary Injunction”. That injunction suspended the application of all the criteria set by the Secretariat of Domestic Trade under Mr. Guillermo Moreno.

The Federal Court of Appeals of the City of La Plata reduced the fine to Ps. 10,000 per day. Cablevisión filed an appeal against that decision in due time and form. On October 16, 2013, the Court of Appeals dismissed the appeal filed by Cablevisión. As of the date of these interim condensed consolidated financial statements, Cablevisión had settled the fine in the amount of Ps. 1,260,000 and compliance was recorded in the file.

On June 11, 2013, Cablevisión was served notice of a resolution rendered in the above-mentioned case; whereby the court ordered the appointment of an expert overseer (*perito interventor*) specialized in economic sciences to: (i) verify whether or not the invoices corresponding to the basic cable television subscription issued by Cablevisión to subscribers domiciled in the Province of Buenos Aires, are actually prepared at the headquarters located at Gral. Hornos 690, and/or at Cablevisión’s branch offices, precisely detailing that process, (ii) identify the individuals

responsible for that area, (iii) determine whether or not the administrative actions tending towards the effective compliance with the injunction issued on that case are underway, and (iv) identify the senior staff of Cablevisión that must order the invoice issuance area to prepare the invoices as decided under that injunction.

Cablevisión timely appealed the appointment of said expert on the same grounds stated above. This appeal is also pending before the Federal Court of Appeals of the City of La Plata.

For the purposes of enforcing the injunction, the court issued letters rogatory to the competent judge of the City of Buenos Aires. Upon the initiation of that proceeding, both the National Court on Federal Administrative Matters and the National Court on Federal Civil and Commercial Matters declined jurisdiction to enforce the injunction ordered by the Federal Judge of La Plata. Cablevisión has appealed the decision in connection with the lack of jurisdiction in due time and form. Chamber 1 of the Federal Court of Appeals on Civil and Commercial Matters confirmed the appealed decision. Accordingly, Cablevisión will file an extraordinary appeal in due time and form to have the case decided by the Supreme Court of Argentina.

It should be noted that, in the light of the corporate reorganization and at the request of both parties, that company requested in the file to suspend the procedural terms for 180 days, which was granted by the judge. Therefore, the procedural terms have been suspended until December 11, 2014. Given the decision rendered by the Supreme Court of Argentina in re "Municipality of Berazategui v. Cablevisión" mentioned below, the procedural periods remain suspended until the Federal Court of Mar del Plata renders a decision thereon.

The file initiated by the Ombudsman before the Federal Court of La Plata, was sent to Mar del Plata, as established by the decision rendered in re Municipality of Berazategui v. Cablevisión referred to below, ordering that the preliminary injunction be revoked because it contradicts the injunction ordered in the proceeding initiated by ATVC.

After the Federal Court of the City of Mar del Plata issued its injunction, several Municipal Offices of Consumer Information and several individuals filed claims requesting that Cablevisión comply with Resolution No. 50/10 and the subsequent resolutions that extended its effectiveness. In some cases, preliminary injunctions were granted. In every case, Cablevisión appealed such preliminary injunctions alleging that Resolution No. 50/10, as amended, and/or the subsequent resolutions that extended its effectiveness, had been suspended with respect to Cablevisión, its branches and subsidiaries prior to the issuance of such preliminary injunctions.

On September 23, 2014, the Supreme Court of Argentina rendered a decision in re "Municipality of Berazategui v. Cablevisión" and ordered that the cases related to these resolutions continue under the jurisdiction of the Federal Court of Mar del Plata that had issued the decision on the collective action in favor of ATVC.

Decisions made on the basis of these interim condensed consolidated financial statements should consider the eventual impact that the above-mentioned resolutions might have on Cablevisión and its subsidiaries, and the Company's financial statements should be read in light of such uncertainty.

i) On October 28, 2010, Cablevisión was served notice of the National Administration of Domestic Trade's resolutions imposing two fines of Ps. 5 million each, for allegedly failing to observe the typographic character requirements under applicable regulations (Resolution No. 906/98) when informing its subscribers of the increase in the price of their cable television subscriptions. Cablevisión appealed the fines on November 12, 2010 because it believes it has strong grounds in its favor. However, it cannot assure that the outcome will be favorable. One of the files was assigned No. 1,280 and is pending before Chamber No. 1 of the Federal Administrative Court of Appeals, and the other one was assigned No. 1,278 and is pending before Chamber No. 5 of the Federal Administrative Court of Appeals.

j) On January 13, 2012, the Secretariat of Domestic Trade issued Resolution No. 2/2012 granting Cablevisión 24 hours to resume service to those subscribers who had duly paid their subscription fee in the amount established by the National Government. In its sixth section, the Resolution provides that, if the company does not comply with its obligations thereunder, penalties may be imposed as provided by Law No. 20,680.

On February 10, 2012, Cablevisión received a fine of Ps. 1,000,000 for alleged non-compliance with such Resolution. Such fine has been appealed but no decision has been rendered on the matter yet.

k) On November 27, 2012 the National Administration of Domestic Trade served Cablevisión with Resolution No. 308/2012, whereby it imposed a Ps. 5 million fine on that company alleging that it had failed to comply with Section No. 4 of the Antitrust Law (increase in the subscription price of cable television services/wrongful information provided by Customer Service, which informed by mail SECOM Resolution No. 50 and the supplementing resolutions are suspended on grounds of unconstitutionality, when in fact they have been suspended by an injunction). On December 11, 2012 Cablevisión appealed Resolution No. 308/2012. The administrative file No. S01:0312056/2011 was sent by the National Administration of Domestic Trade to the National Court of Appeals on Federal Administrative Matters. It is now pending before Chamber No. 1 in re “Cablevisión SA v. DNCI Res. 308/12 and Other” (File 140/13). A decision has not been rendered yet.

Cablevisión and its legal advisors believe that the company has strong arguments in its favor. Nevertheless, Cablevisión cannot assure that the fine will be revoked.

l) On April 9, 2013, Cablevisión was served notice of AFIP Resolution No. 45/13 dated April 3, 2013, whereby such agency imposed penalties in a summary proceeding against Cablevisión with respect to compliance with General Resolution No. 3,260/12. Cablevisión filed an appeal, which has staying effects on the execution of those penalties.

m) On May 30, 2013, Pem S.A. was served with a claim in re “TELEVISORA PRIVADA DEL OESTE S.A. v. GRUPO CLARÍN S.A. AND OTHERS on ORDINARY” File No. 99078/2011, which is pending before the Federal Commercial Court No. 16 of First Instance, Clerk’s Office No. 32. The claim seeks damages resulting from certain decisions made with respect to Televisora Privada del Oeste S.A. Cablevisión and Grupo Clarín, among others, are defendants in such lawsuit. Cablevisión was served with the claim and filed a response in due time and form. Notice of the claim is being served on the other co-defendants. According to Cablevisión’s legal advisors, the chances of success of the claim are low because the damages claimed are clearly overstated, the actual damage invoked does not exist and the claim is procedurally inappropriate, on both a factual and legal basis. Pem S.A. filed a response and the proceeding is now in the discovery stage. In view of the level of conflict that has arisen among the parties and the length of time it is taking to reach a solution, Cablevisión cannot ascertain the outcome of this claim.

n) On July 5, 2013, the National Administration of Domestic Trade served notice to Cablevisión of Resolution No. 134/2013, whereby it imposed a fine of Ps. 500,000 for breach of Section 2 of Resolution ex S.I.C. y M. No. 789/98, which regulates the Business Loyalty Law No. 22,802. Cablevisión appealed that resolution on July 16, 2013. The administrative file was sent by the National Administration of Domestic Trade to the National Court of Appeals on Federal Administrative Matters. It is now pending before Chamber No. 3 in re “Cablevisión SA v. DNCI Res. 134/13 and Other” (File 36044/13). On May 20, 2014, Chamber No. 3 partially granted the appeal filed by Cablevisión and reduced the fine to Ps. 300,000 and ordered that each party shall bear its own legal costs. On June 9, 2014, Cablevisión filed an appeal with the Argentine Supreme Court. On September 18, 2014, Cablevisión was served notice of the extraordinary appeal filed by the National Government and on October 2, 2014 that company filed a response. On October 9, 2014, the Chamber dismissed both appeals.

On October 08, 2010, the National Administration of Domestic Trade served notice to Cablevisión of Resolution No. 697/2010, whereby it imposed a fine of Ps. 500,000 for breach of Section 21 of the Business Loyalty Law No. 22,802. Cablevisión appealed that resolution on October 26, 2010. The administrative file was sent by the National Administration of Domestic Trade to the National Court of Appeals on Federal Administrative Matters. It is now pending before Chamber No. 3 in re “Cablevisión SA v. DNCI Res. 697/2010 (File S01:80822/10) and Other” (File 1,277/2011). On December 29, 2011, the Court of Appeals dismissed the appeal filed by Cablevisión, and imposed court costs on Cablevisión. On February 22, 2012, Cablevisión filed an appeal with the Argentine Supreme Court. The appeal was dismissed by the Chamber on April 10, 2012. On April 26, 2012, Cablevisión filed an appeal against the above-mentioned dismissal. The Supreme Court of Argentina granted the appeal and revoked the decision against which Cablevisión had filed the appeal with legal costs to be borne by the National Administration of

Domestic Trade, and ordered that the case be sent back to the court of first instance for it to render a new decision based on the precedent indicated in its ruling.

o) As a result of a report on suspicious activities reported by the Argentine Federal Revenue Service (“AFIP”) concerning transactions carried out between Grupo Clarín and some of its subsidiaries, the Financial Information Unit pressed criminal charges against Cablevisión and its officers in office in the corresponding fiscal year for alleged money laundering in connection with intercompany movements between Cablevisión and certain subsidiaries during fiscal period 2008. The action is now pending before Federal Court No. 9, under Dr. Luis Rodríguez.

During March 2014, the intervening prosecutor Dr. Miguel Angel Osorio broadened the request for evidence.

Cablevisión and its legal advisors believe that there are strong arguments in the Company's favor, since the suspected movements were regular and had been duly recorded, and have gathered evidence that supports the non-existence of any such illegal maneuvers. However, they cannot assure that the outcome of this action will be favorable.

p) Cablevisión, together with its merged companies and ATVC, brought a claim requesting the Judicial Branch, through a final decision rendered in a contradictory trial, to declare: 1) that the National Government undertook the obligation to provide an alternative solution to the repeal of the regime established under Section 52 of Decree No. 1,387/01 for companies that render supplementary broadcasting services and cable television services, which shall contemplate the reasons for excluding these companies from the repeal of Decree No. 1,387/01 through Decree No. 746/03, and 2) that while the Government considers the situation of those companies to find such an alternative solution, it shall maintain the effectiveness of the regime established under Section 52 of Decree No. 1,387/01 (cfr. fs.2/12).

On October 1, 2015, Chamber II of the Court of Appeals on Federal Administrative Matters, in a single joint decision in re “AEDBA and other v. National Government - Decree No. 746/03 - AFIP on Incidental Procedure”, decided that, among other things, even though ATVC was not among the claimants that had been granted an injunction in the other two above-mentioned related cases, the situation was also applicable to the sector encompassed by that association, therefore, the decision shall also apply to this association. Under these conditions, the claims brought by the claimants shall be admitted - in the joinder of the three claims - and the claimants and the companies represented by them are entitled to have a differential VAT regime applicable to the sectors involved which shall be created, enforced and regulated by the authorities duly empowered by the Constitution to such end. This regime shall guarantee the full exercise of the rights recognized under Section 14 of the National Constitution, as well as the maintenance of the exception provided under Section 2 of Decree N° 746/03 from the repeal of Section 52 of Decree No. 1,387/01. On December 3, 2015, the Supreme Court of Argentina dismissed the appeal filed by the Executive Branch. Therefore, the decision rendered by the Court of Appeals became firm and final.

As a result of the foregoing, Cablevisión and its subsidiaries started to calculate employer’s contributions as tax credit on VAT as from September 2015.

q) On April 5, 2017, a subsidiary of the Cablevisión received a notification from the Under-Secretary of State for Taxation of Treasury (“SET”) of the Republic of Paraguay, whereby that subsidiary was informed that it had failed to determine the additional IRACIS rate on the accumulated results of the companies merged in 2014. The Company's subsidiary considers that it has solid arguments to support its position.

9.2. Re-allocation of Frequencies in Uruguay

The Executive Branch of Uruguay issued Decree No. 73/012, published in the Official Gazette on March 16, 2012, whereby it expressly repealed Decree No. 231/011, which had revoked certain signals' broadcast frequencies. However, the new decree ratified and repeated – virtually in identical terms - the decree that was being repealed, and added certain provisions that caused further detriment to the two affected companies with which a subsidiary of

Cablevisión has contractual arrangements in place. Consequently, on March 23, 2012 the affected companies filed an appeal requesting that Decree No. 73/012 be revoked. The appeal is still pending resolution.

In May 2012, the aforesaid companies brought a legal action with the Court in Administrative Litigation Matters requesting the nullification of the resolution and the suspension of its execution. This motion to suspend the execution of the challenged resolution was brought as a separate case, and progressed through the corresponding instances. The Office of the Attorney General for Administrative Litigation Matters, in its opinion No. 412/013 advised the Court on Administrative Litigation Matters to grant the motion to suspend the execution of the challenged resolution for formal reasons, but the Court dismissed the motion of suspension. Notwithstanding the foregoing, as of the date of these financial statements, the governmental authorities have not yet enforced the decree.

On September 30, 2014, the Court on Administrative Litigation Matters through its decisions No. 416/2014 and No. 446/2014 revoked for formal reasons Decrees No. 73/012 and No. 231/011, respectively.

On March 9, 2015, Decree No. 82/015 was published in the Official Gazette, whereby the Executive Branch 1) repealed Decree No. 73/012; 2) 16 common stations are awarded to be held in common (the same stations) by BERSABEL S.A. and VISION SATELITAL S.A. (companies related to Adesol S.A.) for a term of 15 years: Two of the 16 stations are awarded on a secondary basis, which means that they may be exposed to interferences and they do not have the right to bring any claim in connection thereto; 3) use of existing stations must cease within 18 months of their award to mobile service operators; 4) both companies are expressly authorized to increase the number of TV signals (stations) included in their respective services making use of digitization techniques; 5) both companies shall submit before the Communication Services Regulatory Agency, within a fixed term of 60 calendar days as from the date of publication of the Decree, a technical plan for the migration and release of stations, which plan shall be assessed and approved by such agency (such plan was submitted on May 7, 2015); 6) the Bidding Terms governing the bid for frequency bands that were owned by both companies shall include an economic compensation mechanism for both companies to cover the expenses incurred in adapting their systems to the new stations awarded to them, in the amount of USD 7,000,000.

Even though both companies' request for the annulment of Decree No. 153/012 was granted for formal reasons (failure to serve prior notice) by the Court on Administrative Litigation Matters (decision 455 of June 11, 2015), this decision does not change prior considerations about the terms of Decree No. 82/015 with respect to both companies due to the fact that Decree No. 305/015 (which substituted Decree No. 153/012) confirmed the allocation of channels 21 through 36 (512 MHz - 608 MHz) and 38 through 41 (614 MHz - 638 MHz), of 6 MHz each, in the UHF band exclusively for rendering accessible, free, digital broadcast television services all over the country, except for channels 35 (596-602 MHz), 36 (602-608 MHz) and 38 through 41 (614-638 MHz) only in the geographic area for which BERSABEL S.A. and VISION SATELITAL S.A. had received authorization, which will be used solely for rendering television services to subscribers through the codified UHF system, as it had been previously and expressly stated in Section 5 of Decree No. 82/015 (which repealed and amended the language of Section 1 of the above-mentioned Decree No. 153/012).

1. Cablevisión

On March 30, 2017, at the Annual General Ordinary and Extraordinary Shareholders' Meeting of Cablevisión, its shareholders decided to appropriate the net income for the year ended December 31, 2016, which amounted to Ps. 4,045,337,263, as per the following detail: (i) Ps. 1,600,000,000 to the distribution of cash dividends payable to the shareholders in proportion to their equity interests in Argentine Pesos or US Dollars, in two installments, the first one to be paid within a term of thirty days as from the date of such Shareholders' Meeting and the second one to be paid on December 31, 2017 or earlier as determined by the Board of Directors, and delegated on the Board of Directors the power to establish the time and payment method, (ii) Ps. 200,479,147 to the increase of the Legal reserve, and (iii) Ps. 2,244,858,116 to the Optional reserve to maintain Cablevisión's level of capital expenditures and its current solvency level". As of the date of these interim condensed consolidated financial statements, Cablevisión paid Ps. 800,000,000 of distributed dividends.

NOTE 11 – FINANCIAL INSTRUMENTS

11.1. Financial Risks Management

Cablevisión Holding is a party to transactions involving financial instruments, which entail exposure to market, currency and interest rate risks. The management of these risks is based on the particular analysis of each situation, taking into account its own estimates and those made by third parties of the evolution of the respective factors.

11.1.1 Capital Risk Management

Cablevisión Holding manages its capital structure seeking to ensure its ability to continue as an ongoing concern, while maximizing the return to its shareholders through the optimization of debt and equity balances.

As part of this process, Cablevisión Holding monitors its capital structure through the debt-to-equity ratio, which is equal to the quotient of its net debt (Debt less Cash and Cash Equivalents) divided by its adjusted EBITDA.

11.1.2 Financial Risk Management

Cablevisión Holding monitors and manages the financial risks related to its operations; these risks include market risk (including exchange risk, interest rate risk and equity price risk), credit risk and liquidity risk.

Cablevisión Holding does not enter into financial instruments for speculative purposes as common practice.

11.1.3 Exchange Risk Management

Cablevisión Holding carries out transactions denominated in foreign currency. Therefore, it is exposed to exchange rate fluctuations. A portion of the Company's financial debt is denominated in US dollars while its revenues are generated in the currency of the country where it operates.

Therefore, the Company entered into foreign currency forward transactions.

Total Liabilities	<u>10,906,130,524</u>

11.1.4. Interest Rate Risk Management

As of June 30, 2017, Cablevisión Holding is not subject to any risks from variations in interest rates, because it has only taken loans at fixed interest rates.

11.1.5. Equity Price Risk Management

Cablevisión Holding is exposed to equity price risk in connection with its holdings of mutual funds, securities and bonds and foreign exchange agreements.

11.1.6 Credit Risk Management

The credit risk affects cash and cash equivalents, deposits held at banks and financial institutions, as well as credit exposures with clients, including other remaining credits and transactions involved. The company actively monitors the credit worthiness of their treasury instruments and the counterparties related to derivatives in order to minimize credit risk. Upon expiration of invoices issued, if they are still outstanding, these companies file several claims for collection purposes.

Bank deposits are held in renowned institutions.

No significant credit risk concentration is observed concerning clients, due to the atomization of the subscriber base.

11.1.7 Liquidity Risk Management

Liquidity risk is the risk that Cablevisión Holding may not be able to fulfill its financial obligations at maturity. Cablevisión Holding manages liquidity risk through the management of its capital structure and if possible, the access to different capital markets. It also manages liquidity risk through a constant review of the estimated cash flows to ensure that it will have enough liquidity to fulfill its obligations.

The Company believes that the cash flows generated by its operations and the access to financing sources will allow it to meet its financial obligations.

11.2. Financial Instruments at Fair Value

The following table shows the Company's financial assets and liabilities measured at fair value as of June 30, 2017:

<u>Assets</u>	<u>Quoted Prices (Level 1)</u>	
	<u>June 30, 2017</u>	
Current Investments	721,928,211	721,928,211

The financial assets are valued using quoted prices for identical assets and liabilities (Level 1). As of June 30, 2017, Cablevisión Holding did not have any asset or liability valued at prices of similar instruments from information sources available in the market (Level 2) or for which a comparison had not been conducted against observable market data to determine their fair value (Level 3).

11.3. Fair Value of Financial Instruments

The book value of cash, accounts receivable and current liabilities is similar to their fair value, due to the short-term maturities of these instruments. Non-current financial loans were executed on a date near the closing of the period ended June 30, 2017. Therefore, their amortized cost approximates their fair value.

Non-current investments classified as loans and receivables have been measured at amortized cost, and their book value approximates their fair value.

The fair value of non-current financial liabilities (Level 2) is measured based on the future cash flows of those liabilities, discounted at a representative market rate available to Cablevisión Holding for liabilities with similar terms (currency and remaining term) prevailing at the time of measurement.

The following table shows the estimated fair value of non-current financial liabilities (amounts stated in thousands of Argentine pesos):

	<u>June 30, 2017</u>	
	<u>Book Value</u>	<u>Fair Value</u>

SUPPLEMENTARY FINANCIAL INFORMATION
As of June 30, 2017

1. Company Activities

On September 28, the shareholders of Grupo Clarín decided to implement the merger - spin-off process proposed by the Board of Directors during August 2016, mentioned in Note 12 to the interim condensed consolidated financial statements. First, Grupo Clarín merged with certain subsidiaries, and then it span off a portion of its equity to create a new company under the name Cablevisión Holding S.A.

As part of the equity subject to the spin-off, Grupo Clarín transferred to Cablevisión Holding S.A. certain equity interests or participations, including the direct and indirect equity interests held by Grupo Clarín in Cablevisión and in GCSA Equity, LLC. Consequently, after the Corporate Reorganization was executed, Cablevisión Holding S.A. became the owner, directly or indirectly, of 60% of the capital stock and votes of Cablevisión and of 100% of the participation of GCSA Equity, LLC. Grupo Clarín retained and continued with all activities, operations, assets and liabilities that were not specifically allocated to Cablevisión Holding S.A.

The Corporate Reorganization Transaction was registered with the IGJ on April 27, 2017. In view of the above and taking into consideration that the effective date of the Spin-off (the “Effective Date of the Spin-off”) would be the first day of the month following the date on which the latest of the following registrations was completed: (i) the registration of the Corporate Reorganization with the IGJ, or (ii) the registration of the incorporation of Cablevisión Holding S.A. with the IGJ, the Effective Date of the Spin-off was May 1, 2017. As from this date, the Effective Date of the Spin-off, Cablevisión Holding S.A. began its activities on its own, and the accounting effects of the Spin-off became effective and the Company transferred the operations, risks and benefits described in the Exhibit to the Prospectus published by the Company as well as the assets and liabilities that make up the “Equity Subsequently Allocated” as decided by Grupo Clarín's Board of Directors on April 28, 2017, pursuant to the powers delegated by the Extraordinary Shareholders’ Meeting of Grupo Clarín held on September 28, 2016.

Cablevisión Holding S.A. requested authorization to be admitted to the above-mentioned public offering regime in Argentina and to the London Stock Exchange

Cablevisión, a subsidiary of the Company, informed on June 30 that its Board of Directors had approved the “Pre-merger Commitment” whereby Telecom Argentina S.A. (“Telecom Argentina”) would absorb Cablevisión under a merger by acquisition process subject to certain corporate and regulatory approvals. The Pre-Merger Commitment provides for: i) an exchange ratio of 9,871.07005 new common shares with nominal value of Ps. 1 each of Telecom Argentina to be issued, for each common share with nominal value of Ps. 10,000 each of Cablevisión (the “Exchange Ratio”). ii) as a result of the Merger, Telecom Argentina will issue on the Effective Date of the Merger to be established, 1,184,528,406 new common book-entry shares with nominal value of Ps. 1 and entitled to one vote per share to be delivered to the shareholders of Cablevisión, under the form of Class “A” Shares of Telecom Argentina or Class “D” Shares of Telecom Argentina, as appropriate, in accordance with the exchange ratio, or the number of new shares resulting from the adjustments to the Exchange Ratio under the Pre-Merger Commitment. iii) the Exchange Ratio was deemed reasonable from a financial standpoint by the financial advisors.

In addition, Cablevisión Holding informed that on July 7, 2017, it had executed with Fintech Telecom LLC, the controlling company of Telecom Argentina S.A. (“Telecom”) a shareholder agreement that will govern the exercise of the rights of the shareholders of Telecom (the “Agreement”) once the merger process between Telecom and Cablevisión S.A. informed on June 30, 2017 has concluded and become effective. The above-mentioned merger process is subject to prior authorizations from their respective shareholders’ meetings and from the pertinent regulatory authorities. Under that Agreement, the parties have provided: i) The representation of the corporate bodies establishing that, subject to the fulfillment of certain conditions established therein and provided Cablevisión Holding S.A. complies with certain minimum holding requirements in the Merger Company, it may appoint the majority of the members of the Board of Directors, the Executive Committee, the Audit Committee and the Supervisory Committee; ii) a scheme of special majority requirements for the approval by the Board of Directors and/or the Shareholders’ Meeting, as appropriate, of certain issues, such as: i) the Business Plan and the Annual Budget of the Merged Company, ii) the amendment of the bylaws, iii) the change of external auditors, iv) the creation of committees of the Board of Directors, v) the hiring of Key Employees as defined under the Agreement, vi) the merger or consolidation of Telecom or any Controlled Company, vii) acquisition of certain assets, viii) sales of certain assets, ix) increases of capital stock, x) borrowing above certain limits, xi) capital investments in infrastructure, plant and equipment above certain amounts, xii) transactions with related parties, xiii) contracts that impose restrictions on the distribution of dividends, xiv) new business lines or the discontinuation of existing ones, xv) actions to be taken in insolvency situations, among others.

On July 7, 2017, Company accepted an offer for a call option granted by Fintech Advisory Inc. and its subsidiaries for the acquisition of an equity interest of 13.51% of Telecom (which will represent approximately 6% of Telecom’s capital stock once the merger process becomes effective) for USD634,275,282. The maximum term for exercising the call option is one year as from July 7, 2017.

As far as business management is concerned, Cablevisión continues to focus on subscriber loyalty initiatives, as well as on boosting penetration of its premium services, such as, Cablevisión HD, Pay Per View (PPV), Video On Demand (VoD) and Digital Video Recording (DVR) and expanding its broadband Internet access subscriber base. Progress was also made in the optimization of the reach of digital and premium services to cities and towns in the provinces.

In November 2016, Cablevisión launched a new online content service, Flow. The distribution of contents is based on IP infrastructure and QAM Digital TV with the possibility of using new functionalities such as linear streaming, Start Over, Reverse EPG, Cloud DVR and access to VOD contents, among others. These functionalities are supported from a new user interface supplemented with advanced search and recommendation systems available in any type of device.

7. OUTLOOK

The Company will provide high quality services through its subsidiaries. It will focus on maintaining and consolidating its presence in the telecommunications market to meet the growing demand for products and services mainly associated with broadband and mobility. Its long-term business strategy is aimed at upgrading the networks of its subsidiaries to improve the quality of the service provided to their customers and increase its penetration in the broadband business, which has the greatest potential for future growth.

The Company seeks to leverage its positioning and access to opportunities for growth in the Argentine and regional industry to strengthen and develop its current businesses. As indicated in Note 4 d), on June 30, 2017, the Boards of Directors of Telecom Argentina S.A. and Cablevisión S.A. approved a pre-merger commitment whereby Telecom Argentina S.A., a company incorporated and existing under Argentine laws which shares are currently listed in the stock markets of New York and Buenos Aires (NYSE: TEO, BCBA: TECO2), in its capacity as absorbing company, will absorb Cablevisión S.A., which will be dissolved without liquidation, pursuant to the provisions of Sections 82 and 83 of the General Associations Law No. 19,550 and subject to corporate and regulatory approvals (the "Merger"). The purpose of the Merger is for the merged company to offer in an efficient manner, in line with the national and international trend, media and telecommunications convergence technological products in the different modalities, either separately or independently, of voice, data, sound and video transmission services, both wired and wireless, as an all-in-one solution or as a series of products to be provided to users as a whole for the benefit of the users and consumers of those multiple individual services. Both companies believe that their respective operating and technical structures are highly complementary and may be optimized through a structural consolidation, achieving synergies and efficiencies in the development of convergence products along with the demand of the market.

Cablevisión Holding will keep focusing on the core processes that allow for a sustainable and efficient growth from different perspectives: financial structure, management control, business strategy, human resources, innovation and corporate social responsibility.

REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

To the President and Directors of
Cablevisión Holding S.A.
Legal domicile: Tacuarí 1842, 4th floor,
City of Buenos Aires
CUIT No. 30-71559123-1

Introduction

We have reviewed the attached interim condensed consolidated financial statements of Cablevisión Holding S.A. and its controlled subsidiaries (the "Company") which comprise the consolidated balance sheet at June 30, 2017, the consolidated statement of comprehensive income for the two-month period commencing on May 1, 2017 and ended at June 30, 2017 and the consolidated statement of changes in equity and of cash flows for the two-month period ended on that date and selected explanatory notes.

Management's responsibility

The Board of Directors of the Company is responsible for the preparation and presentation of the financial statements in accordance with International Financial Reporting Standards, adopted by the Argentine Federation of Professional Councils in Economic Sciences (FACPCE, for its Spanish acronym) as professional accounting standards and incorporated by the Argentine Securities Commission (CNV, for its Spanish acronym) to its regulations, as approved by the International Accounting Standards Board (IASB) and, therefore, is responsible for the preparation and presentation of the interim condensed consolidated financial statements mentioned in the first paragraph in accordance with International Accounting Standard 34 "Interim Financial Reporting" (IAS 34).

Scope of our review

Our review was limited to the application of the procedures established by International Standard on Review Engagements ISRE 2410 "Review of interim financial information performed by the independent auditor of the entity", which was adopted as review standard in Argentina by Technical Resolution No. 33 of the FACPCE as it was approved by the International Auditing and Assurance Standards Board (IAASB). A review of interim financial information consists of making inquiries to the Company's personnel responsible for preparing the information included in the interim condensed consolidated financial statements and applying analytical and other review procedures. The scope of this review is substantially less than an audit conducted in accordance with International Standards on Auditing. Consequently, a review does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on the consolidated balance sheet, consolidated comprehensive income and consolidated cash flows of the Company.

Conclusion

Based on our review, nothing has come to our attention that caused us to believe that the interim condensed consolidated financial statements mentioned in the first paragraph of this report are not prepared, in all material respects, in accordance with International Accounting Standard 34.

Emphasis of Matter

Without modifying our conclusion, we would like to emphasize the information contained in Note 9.1.h. to the interim condensed consolidated financial statements, which describes the situation related to the resolution issued by the regulator to calculate the monthly fee payable by the users of television services provided by the subsidiary Cablevisión S.A., whose decision cannot be foreseen to date.

Report on compliance with current regulations

In accordance with current regulations, in respect to Cablevisión Holding S.A., we report that:

- a) the interim condensed consolidated financial statements of Cablevisión Holding S.A. have been transcribed to the “Inventory and Balance Sheet” book and comply with the General Companies Law and pertinent resolutions of the Argentine Securities Commission, as regards those matters that are within our competence;
- b) the interim condensed consolidated financial statements of Cablevisión Holding S.A. arise from accounting records kept in all formal respects in conformity with legal provisions;
- c) we have read the supplementary financial information, on which, as regards those matters that are within our competence, we have no observations to make;
- d) at June 30, 2017, there is no debt accrued in favor of the Argentine Integrated Social Security System according to the Company’s accounting records.

NOTES TO THE INTERIM CONDENSED PARENT COMPANY ONLY FINANCIAL STATEMENTS
FOR THE TWO-MONTH PERIOD BEGINNING MAY 1, 2017
AND ENDED JUNE 30, 2017
(In Argentine Pesos)

NOTE 1 – GENERAL INFORMATION

The Company has been incorporated as a spun-off company from Grupo Clarín S.A., which shareholders approved at the Extraordinary Shareholders' Meeting held on September 28, 2016 the corporate reorganization transaction consisting in (i) the merger of Southtel S.A., Vistone S.A., Compañía Latinoamericana de Cable S.A. and CV B Holding S.A. into Grupo Clarín and (ii) the subsequent partial spin-off of Grupo Clarín to create Cablevisión Holding S.A.

The corporate reorganization transaction was registered with the IGJ on April 27, 2017. In view of the above and taking into consideration that, under the terms of the spin-off, the effective date of the Spin-off (the "Effective Date of the Spin-off") would be the first day of the month following the date on which the latest of the following registrations has been completed: (i) the registration of the Corporate Reorganization with the IGJ, or (ii) the registration of the incorporation of Cablevisión Holding S.A. with the IGJ, the Effective Date of the Spin-off is May 1, 2017. As from that date, Cablevisión Holding S.A. began operating and the accounting and tax effects of the Spin-off became effective, and Grupo Clarín transferred to Cablevisión Holding S.A. the operations, risks and benefits.

As a result of the spin-off, Grupo Clarín transferred to the Company mainly the direct and indirect equity interests it held in Cablevisión S.A. and in GCSA Equity, LLC. In this way, the Company became the direct and indirect holder of approximately 60% of the capital stock and votes of Cablevisión and of 100% of the capital stock of GCSA Equity, The operations of the subsidiaries of the Company include mainly the provision of cable television, Internet access, and mobile telephony services.

NOTE 2 - BASIS FOR THE PREPARATION AND PRESENTATION OF THE INTERIM CONDENSED PARENT COMPANY ONLY FINANCIAL STATEMENTS

2.1. Basis for the preparation

Through General Resolutions No. 562/09 and No. 576/10, the Argentine Securities Commission ("CNV", for its Spanish acronym) provided for the application of Technical Resolutions ("TR") No. 26 and No. 29 issued by the Argentine Federation of Professional Councils of Economic Sciences ("FACPCE", for its Spanish acronym), which adopt the International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") for entities subject to the public offering regime governed by Law No. 26,831, whether on account of their equity or their notes, or which have requested authorization to be subject to such regime. The FACPCE issues Adoption Communications in order to implement IASB resolutions in Argentina.

Technical Resolution No. 43 "Amendment of Technical Resolution No. 26", effective for fiscal years beginning on or after January 1, 2016, sets out that parent company only financial statements shall be prepared fully in accordance with IFRS without applying any changes, i.e. complying with the full contents of those standards as issued by the IASB and with the mandatory or guiding provisions established by IASB in each document.

That Resolution provides that for its disclosure in parent company only financial statements of entities that are required to present consolidated financial statements, the investments in subsidiaries, joint ventures and associates shall be valued under the equity method as set out by IFRS.

CABLEVISIÓN HOLDING S.A.

Registration number with the IGJ: 1,908,463

In preparing these interim condensed parent company only financial statements for the two-month period ended June 30, 2017, the Company has followed the guidelines provided by TR 43, and, therefore, these financial statements have been prepared in accordance with IAS 34 "Interim Financial Reporting". Some additional matters were included as required by the Argentine General Associations Law and/or CNV regulations, including the supplementary information provided by the last paragraph of Section 1, Chapter III, Title IV of General Resolution No. 622/13.

That information is included in the Notes to these interim condensed parent company only financial statements, as provided by IFRS. The interim condensed parent company only financial statements have been prepared in accordance with the accounting policies the Company expects to adopt in its annual financial statements as of December 31, 2017. The accounting policies are based on the IFRS issued by the IASB and the interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC"), which the Company expects will be applicable at such date.

As mentioned in Note 1, Cablevisión Holding S.A. was created as a consequence of the spin-off of Grupo Clarín S.A. Consequently, the Company's Board of Directors used as a general rule for the initial valuation of the assets received by the Company the valuation of those assets and liabilities on the Effective Date of the Spin-off conducted by Grupo Clarín S.A. ("Predecessor Basis of Accounting"), which issues its financial statements under IFRS.

These interim condensed parent company only financial statements have been prepared based on historical cost, except for the measurement at fair value of certain non-current assets and financial instruments. In general, the historical cost is based on the fair value of the consideration granted in exchange for the assets.

International Accounting Standard (IAS) 29 "Financial Reporting in Hyperinflationary Economies" requires that the financial statements of an entity that reports in the currency of a hyperinflationary economy be stated in terms of the measuring unit current at the balance sheet closing date of the reporting period and details a series of factors that may indicate that an economy is hyperinflationary. Based on the guidelines of IAS 29, there is not enough evidence to conclude that Argentina was a hyperinflationary economy and, therefore, the Company did not apply the restatement criteria to the financial information for the period reported as established under IAS 29.

The Company began operating on May 1, 2017. Therefore, these interim condensed parent company only financial statements are not presented on a comparative basis.

The attached information, approved by the Board of Directors of the Company at the meeting held on August 10, 2017, is presented in Argentine Pesos (Ps.), the Argentine legal tender, and arises from accounting records kept by the Company.

2.2. Standards and Interpretations issued but not adopted to date

The Company has not adopted IFRS or revisions of IFRS issued as per the detail below, since their application is not required for the period ended June 30, 2017:

- IFRS 9 "Financial Instruments": Issued in November 2009 and amended in October 2010 and July 2014, IFRS 9 introduces new requirements for the classification and measurement of financial assets and liabilities and for their derecognition. This standard is applicable to years beginning on or after January 1st, 2018.

- IFRS 15 "Revenue from contracts with customers": issued in May 2014 and applicable to fiscal years beginning on or after January 1, 2018. This standard specifies how and when revenue will be recognized, as well as the additional information to be disclosed by the Company in the financial statements.

It provides a single, principles based five-step model to be applied to all contracts with customers.

- IFRS 16 "Leases": Issued in January 2016. It sets out the principles for the recognition, measurement, presentation and disclosure of leases. Said standard is applicable to years beginning January 1, 2019.

As of the date of these financial statements, the Company cannot estimate its quantitative and qualitative impact because it is analyzing the corresponding accounting effects.

2.3. Standards and Interpretations issued and adopted to date

As of the date of these interim condensed parent company only financial statements, no new standards have been issued that apply to the Company for this period.

2.4. Interests in Subsidiaries and Affiliates

The Company records the equity interests it holds in its subsidiaries and associates using the equity method.

A subsidiary is an entity over which the Company exercises control. Control is presumed to exist when the Company has a right to variable returns from its interest in a subsidiary and has the ability to affect those returns through its power over the subsidiary. This power is presumed to exist when it is evidenced by the voting rights, be it that the Company has the majority of voting rights or potential voting rights currently exercised.

An associate is an entity over which the Company has significant influence without exerting control, generally accompanied by equity holdings of between 20% and 50% of voting rights.

The subsidiaries' and associates' net income and the assets and liabilities are disclosed in the financial statements using the equity method, except when the investment is classified as held for sale, in which case it is accounted for under IFRS 5 "Non-Current Assets Held for Sale and Discontinued Operations". Under the equity method, the investment in a subsidiary or associate is to be initially recorded at the cost incurred by the surviving company in the case of the equity interests received as part of the process that comprised the creation of the Company, or that incurred by the Company in subsequent acquisitions. As from that moment, the book value will be increased or decreased to recognize the investor's share in comprehensive income for the year obtained by the subsidiary or associate, after the acquisition date. The distributions received from the subsidiary or associate will reduce the book value of the investment.

The losses incurred by an associate in excess of the Company's interest in such company are recognized to the extent the Company has undertaken any legal or implicit obligation or has made payments on behalf of the associate.

Any excess of the acquisition cost over the Company's share in the net fair value of the subsidiary's or associate's identifiable assets, liabilities and contingent liabilities measured at the acquisition date is recognized as goodwill. Goodwill is included in the book value of the investment and tested for impairment as part of the investment. Any excess of the Company's share in the net fair value of the identifiable assets, liabilities and contingent liabilities over the acquisition cost, after its measurement at fair value, is immediately recognized in net income.

Unrealized gains or losses on transactions between the Company and its subsidiaries and the associates are eliminated considering the Company's interest in those companies.

Adjustments were made, where necessary, to the subsidiaries' and associates' financial statements so that their accounting policies are in line with those used by the Company.

2.4.1 Changes in the Company's Interests in Existing Subsidiaries

The changes in the Company's interests in subsidiaries that do not generate a loss of control are recorded under equity. The book value of the Company's interests is adjusted to reflect the changes in the relative interest in the subsidiary. Any difference between the amount for which an additional investment is recorded and the fair value of the consideration paid or received is directly recognized in equity.

In case of loss of control and significant influence, any residual interest in the issuing company is measured at its fair value at such date, allocating the change in the recorded value with an impact on net income. The fair value is the initial amount recognized for such investments for the purposes of its subsequent valuation for the interest retained as associate, joint operation or financial instrument. Additionally, any amount previously recognized in Other Comprehensive Income regarding such investments is recognized as if the Company had disposed of the related assets and liabilities. Consequently, the amounts previously recognized in Other Comprehensive Income may be reclassified to net income.

2.5 Business Combinations

The Company applies the acquisition method of accounting for business combinations. The consideration for each acquisition is measured at fair value (on the date of exchange) of the assets assigned, the liabilities incurred or assumed and the equity instruments issued by the Company in exchange for the control of the company acquired. The costs related to the acquisition are expensed as incurred.

The consideration for the acquisition, if any, includes any asset or liability arising from a contingent consideration arrangement, measured at fair value at the acquisition date. Subsequent changes to such fair value, identified during the measurement period, are adjusted against the acquisition cost.

The measurement period is the actual period that begins on the acquisition date and ends as soon as the Company receives all the information it was seeking about facts and circumstances that existed as of the acquisition date. The measurement period cannot exceed one year from the acquisition date. All other changes in the fair value of the contingent consideration classified as assets or liabilities, outside the measurement period, are recognized in net income. Changes in the fair value of the contingent consideration classified as equity are not recognized.

In the case of business combinations achieved in stages, the Company's equity interest in the company acquired is remeasured at fair value at the acquisition date (i.e., the date on which the Company acquired control) and the resulting gain or loss, if any, is recognized as income/expense or in other comprehensive income, depending on the origin of the variation.

The identifiable assets, liabilities and contingent liabilities of the acquired company that meet the conditions for recognition under IFRS 3 (2008) are recognized at fair value at the acquisition date, except for certain particular cases provided by such standard.

Any excess of the acquisition cost, be it incurred by the surviving company in the case of equity interests received at the time of the creation of the Company or by the Company in subsequent acquisitions (including the interest previously held, if any, and the non-controlling interest) over the Company's share in the net fair value of the subsidiary's or associate's identifiable assets, liabilities and contingent liabilities measured at the acquisition date is recognized as goodwill. Any excess of the Company's share in the net fair value of the identifiable assets, liabilities and contingent liabilities over the acquisition cost, after its measurement at fair value, is immediately recognized in net income.

The acquisition cost comprises the consideration transferred and the acquisition-date fair value of the acquirer's previously-held equity interest in the acquiree, if any.

2.6 Goodwill

Goodwill arises from the acquisition of subsidiaries and associates and refers to the excess of the sum of the consideration transferred, the fair value of the acquirer's previously-held equity interest (if any) in the acquiree over the interest acquired in the net amount of the fair value at the date of acquisition of the identifiable assets acquired and liabilities assumed.

If, upon measurement at fair value, the Company's share in the fair value of net identifiable assets of the acquired company exceeds the amount of the consideration transferred, the amount of any non-controlling interest in such

company and the fair value of the acquirer's previous equity interest in the acquiree (if any), such excess is immediately recognized in the statement of comprehensive income as a gain arising from a very profitable acquisition.

Goodwill is not amortized, but tested for impairment on an annual basis. For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units expected to render benefits from the synergies of the respective business combination. Those cash-generating units to which goodwill is allocated are tested for impairment on an annual basis, or more frequently, when there is any indication of impairment. If the recoverable value of the cash-generating unit, i.e. the higher of the value in use or the fair value net of selling expenses, is lower than the value of the net assets allocated to that unit, including goodwill, the impairment loss is first allocated to reduce the goodwill allocated to the unit and then to the other assets of the unit, on a pro rata basis, based on the valuation of each asset in the unit. The impairment loss recognized against the valuation of goodwill is not reversed under any circumstance.

In case of a loss of control in the subsidiary, the amount attributable to goodwill is included in the calculation of the corresponding gain or loss.

2.7 Foreign Currency and Functional Currency

The financial statements of each of the Company's subsidiaries or associates are prepared in the currency of the primary economic environment in which the entity operates (its functional currency). For the purposes of the Company's interim condensed parent company only balance sheet, the financial position of each entity is stated in Argentine Pesos (Argentina's legal tender for all companies domiciled in Argentina), which is the Company's functional currency.

In preparing the financial statements of the individual entities, the transactions in currencies other than the entity's functional currency (foreign currency) are recorded at the exchange rates prevailing on the dates on which transactions are carried out. At the end of each reporting period, the monetary items denominated in foreign currency are retranslated at the exchange rates prevailing on such date.

Exchange differences are charged to net income as incurred.

In preparing the Company's interim condensed parent company only financial statements, in order to measure, under the equity method, the Company's interest in the entities which functional currencies is different from the Argentine Peso, the assets and liabilities of such companies are translated to Argentine pesos at the exchange rate prevailing at the end of the period, while the net income is translated at the exchange rate prevailing on the transaction date. Translation differences are recognized in other comprehensive income as "Variation in Translation Differences of Foreign Operations".

2.8 Taxes

The income tax charge reflects the sum of current income tax and deferred income tax.

2.8.1 Current and Deferred Income Tax for the year

Current and deferred taxes are recognized as expense or income for the year, except when they are related to entries debited or credited to other comprehensive income or directly to equity, in which cases taxes are also recognized in other comprehensive income or directly in equity, respectively. In the case of a business combination, the tax effect is taken into consideration in the calculation of goodwill or in the determination of the excess of acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the cost of the business combination.

2.8.2 Current Income Tax

Current tax payable is based on the taxable income recorded during the year. Taxable income and net income reported in the parent company only statement of comprehensive income differ due to revenue or expense items that are taxable or deductible in other fiscal years and items that are never taxable or deductible. The current tax liability is calculated using the tax rate in effect as of the date of these interim condensed parent company only financial statements.

2.8.3 Deferred Income Tax

Deferred tax is recognized on temporary differences between the book value of the assets and liabilities included in these financial statements and the corresponding tax basis used to determine taxable income. Deferred tax liabilities are generally recognized for all temporary fiscal differences. Deferred tax assets are recognized for all deductible temporary differences to the extent that it is likely that future taxable income will be available against which those deductible temporary differences can be charged. These assets and liabilities are not recognized if the temporary differences arise from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting income.

The book value of a deferred tax asset is reviewed at each reporting year and reduced to the extent that it is no longer likely that sufficient taxable income will be available in the future to allow for the recovery of all or part of the asset.

Deferred tax assets and liabilities are measured at the tax rates that are expected to be applicable in the period in which the asset is realized or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the entity expects, at the end of the reporting period, to recover or settle the book value of its assets and liabilities.

Deferred tax assets are offset against deferred tax liabilities if effective regulations allow to offset, before the tax authorities, the amounts recognized in those items; and if the deferred tax assets and liabilities arise from income taxes levied by the same tax authority and the Company intends to settle its assets and liabilities on a net basis.

Deferred income tax assets and liabilities are classified as non-current assets and liabilities, respectively.

2.8.4 Tax on Assets

In Argentina, the tax on assets (impuesto a la ganancia mínima presunta) is supplementary to income tax. The Company assesses this tax at the effective rate of 1% on the taxable assets at year-end. The Company's tax liability for each year will be equal to the higher of the tax on assets assessment or the income tax liability assessed at the legally effective rate on the estimated taxable income for the year. However, if the tax on assets exceeds the income tax liability in any given fiscal year, the excess may be creditable against any excess of income tax liability over the tax on assets in any of the following ten fiscal years.

The tax on assets balance has been capitalized in the interim condensed parent company only balance sheet, net of a valuation allowance, based on the Company's current business plans.

2.9 Financial Instruments

2.9.1 Financial Assets

Purchases and sales of financial assets are recognized at the transaction date when the Company undertakes to purchase or sell the asset, and is initially measured at fair value, plus transaction costs, except for those financial assets classified at fair value with changes in the statement of income, which are initially measured at fair value.

2.9.1.1 Classification of Financial Assets

Financial assets are classified within the following specific categories: “financial assets at fair value with changes in net income”, “held-to-maturity investments” and “loans and receivables”. The classification depends on the nature and purpose of the financial assets and is determined on initial recognition.

2.9.1.2 Recognition and Measurement of Financial Assets

2.9.1.2.1 Financial Assets at Fair Value with Changes in Net Income

Financial assets at fair value with changes in net income are recorded at fair value, recognizing any gain or loss arising from the measurement in the parent company only statement of comprehensive income. The net gain or loss recognized in net income includes any gain or loss generated by the financial asset and is included under the item other financial results, net in the parent company only statement of comprehensive income.

The assets designated in this category are classified as current assets if they are expected to be traded within 12 months; otherwise, they are classified as non-current assets.

The fair value of these assets is calculated based on the current quoted market price of these instruments.

2.9.1.2.2 Held-to-maturity Investments

Held-to-maturity investments are measured at amortized cost using the effective interest rate method less any impairment, if any.

The effective interest rate method calculates the amortized cost of a financial asset or liability and the allocation of financial income or cost over the whole corresponding period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts over the expected life of the financial instrument to the net book value of the financial asset or liability on its initial recognition.

Balances in foreign currency were translated at the exchange rate prevailing at the business start date for the settlement of these transactions. Exchange differences are charged to net income as incurred.

2.9.1.2.3 Loans and Receivables

Loans and trade receivables with fixed or determinable payments not traded in an active market are classified as “trade receivables and other”. Trade receivables and other are initially measured at fair value, and subsequently measured at amortized cost using the effective interest rate method, less any impairment, if any. Interest income is recognized using the effective interest rate method, except for short-term balances for which the recognition of interest is not significant.

Loans and receivables are classified as current assets, except for the maturities exceeding 12 months from the closing date.

Balances in foreign currency were translated at the exchange rate prevailing at the business start date for the settlement of these transactions. Exchange differences are charged to net income as incurred.

2.9.1.3 Impairment of Financial Assets

The Company tests financial assets or a group of assets for impairment at each closing date to assess if there is any objective evidence of impairment. The value of a financial asset or a group of assets is impaired, and an impairment loss is recognized, where there is objective evidence of the impairment as a result of one or more events that

occurred after the initial recognition of the asset (a “loss event”) and that loss event or events have an impact on the estimated future cash flows of the financial asset or a group of assets, which may be reliably measured.

The objective evidence of impairment may include, among others, significant financial difficulties of the issuer or obligor; or breach of contractual terms, such as default or delinquency in interest or principal payments.

The Company tests for impairment financial assets disclosed under Other Receivables on a case by case basis.

Where there is objective evidence of an impairment loss in the value of loans granted, receivables or held-to-maturity investments recorded at amortized cost, the loss amount is measured as the difference between the book value and the present value of estimated future cash flows (without including future non-incurred losses), discounted at the original effective interest rate of the financial asset. The asset’s book value is written down under a contra asset account. The loss amount is recognized in net income for the period.

If, in subsequent periods, the impairment loss amount decreases and such decrease can be objectively related to an event occurring after the impairment has been recognized (such as an improvement in the debtor’s credit rating), the previously recognized impairment loss is reversed. A loss reversal can only be recorded to the extent the financial asset’s book value does not exceed the amortized cost that would have been determined if the impairment loss had not been recorded at the reversal date. The reversal amount is recognized in net income for the period.

2.9.1.4 Derecognition of Financial Assets

The Company derecognizes a financial asset when the contractual rights to the cash flows of such assets expire or when it transfers the financial asset and, therefore, all the risks and benefits inherent to the ownership of the financial asset are transferred to another entity. If the Company retains substantially all the risks and benefits inherent to the ownership of the transferred asset, it will continue to recognize it and will recognize a liability for the amounts received.

2.9.2 Financial Liabilities

Financial liabilities are valued at amortized cost using the effective interest rate method.

2.9.2.1. Bank and Financial Debt

Bank and Financial Debt is initially valued at fair value net of the transaction costs incurred, and subsequently valued at amortized cost using the effective interest rate method. Any difference between the initial value net of the transaction costs and the settlement value is recognized in the income statement over the term of the loan using the effective interest rate method. Interest expense has been charged to the parent company only statement of comprehensive income under “Financial Costs”.

2.9.2.2 Trade Payables and Other

Trade payables with fixed or determinable payments not traded in an active market are classified as “Trade Payables and Other”. Trade Payables and Other are initially measured at fair value, and subsequently measured at amortized cost using the effective interest rate method.

Trade Payables and Other are classified as current, except for the maturities exceeding 12 months from the closing date.

Trade payables in foreign currency have been valued as mentioned above, at the exchange rates prevailing as of each period end. Foreign exchange differences were charged to net income for each period.

2.9.2.3 Derecognition of Financial Liabilities

An entity shall derecognize a financial liability (or part of it) when, and only when, it has been extinguished, i.e., when the obligation specified in the corresponding agreement is discharged, cancelled or expires.

2.10 Other Payables

The other Payables have been valued at nominal value.

2.11 Parent Company Only Statement of Cash Flows

For the purposes of preparing the statement of cash flows, the item "Cash and Cash Equivalents" includes cash and bank balances, certain high liquidity short-term investments (with original maturities shorter than 90 days). Bank overdrafts payable on demand are deducted to the extent they are part of the Company's cash management.

Cash and cash equivalents at period-end, as disclosed in the parent company only statement of cash flows, may be reconciled against the items related to the balance sheet as follows:

	<u>June 30, 2017</u>
Cash and Banks	<u>7,089</u>
Cash and Cash Equivalents	<u><u>7,089</u></u>

In the two-month period ended June 30, 2017 all the transactions had an impact on cash and cash equivalents.

2.12 Distribution of Dividends

The distribution of dividends to the Company's shareholders is recognized as a liability in the financial statements for the period in which the distribution of dividends is approved by the Shareholders' Meeting.

2.13 Revenue Recognition

Management fees are recognized when such services are rendered at the fair value of the consideration received or to be received.

NOTE 3 - ACCOUNTING ESTIMATES AND JUDGMENTS

In applying the accounting policies of the Company which are described in Note 2, the Company has to make judgments and prepare accounting estimates of the value of the assets and liabilities that may not be otherwise obtained. The estimates and related assumptions are based on historical experience and other pertinent factors. Actual results may differ from these estimates.

The underlying estimates and assumptions are continually reviewed. The effects of the reviews of accounting estimates are recognized for the period in which estimates are reviewed.

These estimates basically refer to:

Impairment of Goodwill

The Company assesses goodwill for impairment on an annual basis. In determining if there is impairment of goodwill, the Company calculates the value in use of the cash generating units to which it has been allocated. The

calculation of the value in use requires the determination by the entity of the future cash flows that should arise from the cash generating units and an appropriate discount rate to calculate the present value.

Recognition and Measurement of Deferred Tax Items

As disclosed in Note 2.8, deferred tax assets are only recognized for temporary differences to the extent that it is likely that the entity will have enough future taxable income against which the deferred tax assets can be used. Tax loss carryforwards from prior years are only recognized when it is likely that the entity will have enough future taxable income against which they can be used.

The Company examines the recoverable value of deferred tax assets based on its business plans and books a valuation allowance, if appropriate, so that the net position of the deferred tax asset will reflect the probable recoverable value.

Measurement of the fair value of certain financial instruments

The fair value of a financial instrument is the amount at which the instrument could be purchased or sold between knowledgeable, willing parties in an arm's length transaction. If there is a quoted market price available for an instrument in an active market, the fair value is calculated based on that price.

If there is no quoted market price available for a financial instrument, its fair value is estimated based on the price established in recent transactions involving the same or similar instruments and, otherwise, based on valuation techniques regularly used in financial markets. The Company uses its judgment to select a variety of methods and makes assumptions based on market conditions at closing.

NOTE 6 – ACQUISITION OF COMPANIES AND CORPORATE REORGANIZATION PROCESSES

- a) On March 31, 2017, Cablevisión's Board of Directors approved the Pre-Merger Commitment executed among Cablevisión, Nextel, Greenmax Telecommunications S.A.U., WX Telecommunications S.A.U., Gridley Investments S.A., Trixco S.A., Fibercomm S.A., Netizen S.A., Eritown Corporation Argentina S.A., Skyonline de Argentina S.A., Infotel Argentina S.A., Nextwave Argentina S.A. and Callbi S.A., whereby, as of the merger date, Cablevisión, in its capacity as absorbing company, will continue with the operations of Nextel, Greenmax Telecommunications S.A.U., WX Telecommunications S.A.U., Gridley Investments S.A., Trixco S.A., Fibercomm S.A., Netizen S.A., Eritown Corporation Argentina S.A., Skyonline de Argentina S.A., Infotel Argentina S.A., Nextwave Argentina S.A. and Callbi S.A. (the "Absorbed Companies") thus generating the corresponding operating, accounting and tax effects. As a result of the above-mentioned corporate reorganization process, the Absorbed Companies will be dissolved without liquidation and Cablevisión will assume all the activities, receivables, property and all the rights and obligations of the above-mentioned companies, existing as of the first day of October 2017 ("Effective Date of the Merger"), or any that may exist or arise due to previous or subsequent acts or activities. That merger was approved by the shareholders of Cablevisión at the Extraordinary Shareholders' Meeting held on May 17, 2017. On July 11, 2017, the public deed related to the merger was issued.
- b) On August 16, 2016, the Board of Directors of Cablevisión approved the Pre-Merger Commitment executed between Cablevisión, Copetonas Video Cable S.A., Dorrego Televisión S.A., Fintelco S.A., Indio Rico Cable Color S.A., Primera Red Interactiva de Medios Argentinos (PRIMA) S.A. Wolves Televisión S.A. and Tres Arroyos Televisora Color S.A., whereby, on the effective date of the merger -October 1, 2016-, Cablevisión, as absorbing company, continued with the operations of Copetonas Video Cable S.A., Dorrego Televisión S.A., Fintelco S.A., Indio Rico Cable Color S.A., Prima, Cable Video SUR S.A., Wolves Televisión S.A. and Tres Arroyos Televisora Color S.A. (the "Absorbed Companies"), thus generating the corresponding operating, accounting and tax effects. As a result of the above-mentioned corporate reorganization process, the Absorbed Companies were dissolved without liquidation. That merger was approved by the shareholders of Cablevisión at the Extraordinary Shareholders' Meeting held on September 27, 2016, and on April 20, 2017 it was registered with the Public Registry of Commerce.

In view of the above, Cablevisión made a filing with the ENACOM in order to inform that Agency of the corporate reorganization to be implemented, so that it would consequently register under the name of the absorbing company, the "Area Authorizations" required to exploit Cable Television Services corresponding to Copetonas Video Cable S.A., Dorrego Televisión S.A., Indio Rico Cable Color S.A., Cable Video Sur S.A., and Tres Arroyos Televisora Color S.A. The license for Wolves Televisión S.A. was abandoned because Cablevisión already has an Area Authorization in the jurisdiction where Wolves Televisión S.A. exploited the Cable Television Service. In addition, Prima and Cablevisión made a filing with the ENACOM in order to request that Agency to register the license that had been granted to Prima in favor of Cablevisión as a consequence of the corporate reorganization process.

In addition, at the Extraordinary Shareholders' Meeting of Cablevisión held on September 27, 2016, the shareholders also unanimously approved: (i) the amendment of Article Three of the Bylaws in order to conform the core business of Cablevisión to the new regulatory framework under Laws Nos. 27,078 and 26,522, and (ii) the amendment of Articles Nine and Ten of the Bylaws in order to eliminate the Executive Committee. Both amendments of the Bylaws were registered with the Public Registry of Commerce.

- c) On December 22, 2016, Adesol S.A., a subsidiary of Cablevisión, executed a call option agreement (the "Call Option Agreement") with the majority shareholder of the special purpose entities, whereby, Adesol has the right to exercise, until December 31, 2021, the irrevocable call option on the shares of those companies (the "Call Option"). If it exercises the Call Option, the purchase price has been preliminarily established in the amount of Ps. 127,600,002, subject to an eventual adjustment in case certain circumstances provided under the Call Option Agreement occur.

In addition to the execution of the Call Option Agreement, Adesol S.A. paid to the grantor an option premium under the Call Option in the amount of Ps. 44,660,000. If Adesol S.A. does not exercise the Call Option, the seller shall irrevocably retain the amount paid by Adesol S.A., and the agreement will be terminated.

If it exercises the Call Option, the assignment, sale and transfer of the shares in favor of Adesol S.A. shall be subject, as condition precedent, to the approval by the Communication Services Regulatory Agency of the Republic of Uruguay.

- d) On June 30, 2017, the Boards of Directors of Telecom Argentina S.A. and Cablevisión S.A. approved a pre-merger commitment whereby Telecom Argentina S.A., a company incorporated and existing under Argentine laws which shares are currently listed in the stock markets of New York and Buenos Aires (NYSE: TEO, BCBA: TECO2), in its capacity as absorbing company, will absorb Cablevisión, which will be dissolved without liquidation, pursuant to the provisions of Sections 82 and 83 of the General Associations Law No. 19,550 and subject to corporate and regulatory approvals (the "Merger").

The purpose of the Merger is for the merged company to offer in an efficient manner, in line with the national and international trend, media and telecommunications convergence technological products in the different modalities, either separately or independently, of voice, data, sound and video transmission services, both wired and wireless, as an all-in-one solution or as a series of products to be provided to users as a whole for the benefit of the users and consumers of those multiple individual services. structural consolidation, achieving synergies and efficiencies in the development of convergence products along with the demand of the market.

The effective date of the Merger (the “Effective Date of the Merger”) was established as from 0.00 of the day on which the Chairmans of the Boards of Directors of Telecom Argentina S.A. and Cablevisión sign the minutes regarding the transfer of operations which shall state: (i) that Telecom Argentina S.A. has adjusted its technical-operative systems to undertake the operations and activities of Cablevisión; and (ii) that the transfer of the operations and activities of Cablevisión to Telecom Argentina S.A. will take effect on that Effective Date of the Merger provided that every and each of the following conditions the Merger is subject to has been met: 1) that the pre-merger commitment has been executed; and 2) that the ENACOM has authorized the operation.

As from the Effective Date of the Merger, (i) all the assets and liabilities, including the assets subject to registration, the licenses, the rights and obligations that belong to Cablevisión will be deemed to have been incorporated to the equity of Telecom Argentina S.A., (ii) Telecom Argentina S.A. will continue with the operations of Cablevisión, thus generating the corresponding operating, accounting and tax effects, (iii) the management and representation of Cablevisión will be undertaken by the management and representatives of Telecom Argentina S.A.

As a result of the Merger, and pursuant to Section 83 subsection c) of the Argentine General Associations Law No. 19,550, the parties have established the following exchange ratio: 1 common share of Cablevisión (either a Class A Share of Cablevisión or a Class B Share of Cablevisión) for each 9,871.07005 new shares of Telecom Argentina S.A. (the “Exchange Ratio”). This Exchange Ratio was deemed reasonable, from a financial standpoint, by the independent professional appraiser Lion Tree Advisors LLC.

In view of the above, Telecom Argentina S.A. will increase its capital stock in the amount of Ps. 1,184,528,406, through the issuance of 1,184,528,406 common book-entry shares, with nominal value of ARS 1 each and entitled to one vote per share. The shareholders of Cablevisión will receive these new shares in exchange for the shares they held of that company, in the form of Class “A” or “D” Shares of Telecom Argentina S.A., as appropriate, according to the Exchange Ratio, or the number of new shares resulting from the adjustments to the Exchange Ratio arising from the pre-merger commitment.

On June 30, 2017, the Boards of Directors of Telecom Argentina S.A. and Cablevisión, respectively, decided to call an Ordinary and/or Extraordinary Shareholders’ Meeting to be held on August 31, 2017 to consider the pre-merger commitment and, with regard to Cablevisión, its consequent dissolution and with regard to Telecom Argentina S.A., the amendment of the Bylaws and the increase of its capital stock.

In connection with the above-mentioned transaction, on July 7, 2017, the Company, VLG Argentina LLC, Fintech Media LLC, Fintech Advisory Inc., GC Dominio S.A. and Fintech Telecom LLC executed a shareholder agreement that will govern the exercise of the rights of the shareholders of Telecom Argentina S.A. (the “Agreement”) once the merger process between Telecom Argentina S.A. and Cablevisión S.A. has concluded and become effective. Under that Agreement, the parties have provided:

- The representation of the corporate bodies establishing that, subject to the fulfillment of certain conditions established therein and provided Cablevisión Holding S.A. complies with certain minimum holding requirements in the Merger Company, it may appoint the majority of the members of the Board of Directors, the Executive Committee, the Audit Committee and the Supervisory Committee.
- A scheme of special majority requirements for the approval by the Board of Directors and/or the Shareholders’ Meeting, as appropriate, of certain issues, such as: i) the Business Plan and the Annual Budget of the Merged Company, ii) the amendment of the bylaws, iii) the change of external auditors, iv) the creation of committees of the Board of Directors, v) the hiring of Key Employees as defined under the Agreement, vi) the merger or consolidation of Telecom or any Controlled Company, vii) acquisition of certain assets, viii) sales of certain assets, ix) increases of capital stock, x) borrowing above certain limits,

xi) capital investments in infrastructure, plant and equipment above certain amounts, xii) transactions with related parties, xiii) contracts that impose restrictions on the distribution of dividends, xiv) new business lines or the discontinuation of existing ones, xv) actions to be taken in insolvency situations, among others.

Pursuant to the shareholders Agreement, (a) Fintech Telecom LLC and Cablevisión Holding (i) will each deposit certain post-Merger shares of Telecom under a vote trust (the "Vote Trust") which, once the post-Merger shares held by Cablevisión Holding are incorporated, will exceed fifty percent (50%) of the outstanding post-Merger shares, and (ii) will each appoint a co-trustee who will vote the shares under the terms of the vote trust to be executed by certain parties of the Agreement. The post-Merger shares under the Vote Trust shall be voted as per the instructions of the co-trustee appointed by Cablevisión Holding, except in the case of certain issues subject to veto, in which case the co-trustee of Fintech Telecom LLC will establish how it should be voted with respect to the post-Merger shares under the Vote Trust. (b) Subject to the fulfillment by Cablevisión Holding and Fintech Telecom LLC of certain post-Merger share ownership thresholds, Cablevisión Holding will be entitled to appoint the general manager and other key employees of Telecom Argentina S.A. and Fintech Telecom LLC will be entitled to appoint a senior financial officer and the internal auditor.

On July 7, 2017, Cablevisión Holding S.A. accepted an offer for a call option granted by Fintech Advisory Inc. and its subsidiaries for the acquisition of an equity interest of 13.51% of Telecom (which will represent approximately 6% of Telecom's capital stock once the merger process becomes effective) for USD634,275,282. The maximum term for exercising the call option is one year as from July 7 of this year. Cablevisión Holding had to pay to Fintech Advisory Inc., within a term of thirty days as from July 7, 2017, an option premium of USD 3,000,000, which has already been settled as of the date of these interim condensed parent company only financial statements.

NOTE 7 – REGULATORY FRAMEWORK

7.1. Audiovisual Communication Services Law

Cablevisión is the holder of licenses for the exploitation of subscription television services that were originally granted under Law No. 22,285. The COMFER was the enforcement authority established by that law. Under Law No. 22,285 subscription television companies in Argentina required a non-exclusive license from the COMFER in order to operate. Other approvals were also required, including, for some services, authorization by municipal agencies.

The Audiovisual Communication Services Law (Law No. 26,522) was passed and enacted on October 10, 2009, subject to strong concerns over its content and enactment procedure. Even though the new Law became effective on October 19, 2009, not all of the implementing regulations provided by the law have been issued. Therefore, Law No. 22,285 still applies with respect to those matters that to date have not been regulated, until all terms and procedures for the regulation of the new law are defined.

The law provided for the replacement of the COMFER with the Audiovisual Communication Services Law Federal Enforcement Authority (AFSCA, for its Spanish acronym) as a decentralized and autarchic agency under the jurisdiction of the Executive Branch, and vests the new agency with authority to enforce the law.

Emergency Decree No. 267/15 (the "Emergency Decree") issued on December 29, 2015, created the ENACOM as a decentralized and autarchic agency under the jurisdiction of the Ministry of Communications. Among other powers, the ENACOM has all the same powers and competences that Law No. 26,522 had vested in AFSCA (See Note 7.3).

7.2. Telecommunication Services

The regulatory framework of the Argentine telecommunications sector is undergoing a process of change. In December 2014, the Argentine Congress passed Law No. 27,078, known as the "Digital Argentina Act", which

partially repealed National Telecommunications Law No. 19,798. The new law subjects the effectiveness of Decree No. 764/00, which deregulated the telecommunications market, to the enactment of four new sets of rules that will govern the License, Interconnection, Universal Service and Radio-electric Spectrum regimes.

The new law maintains the single country-wide license scheme and the individual registration of the services to be rendered, but replaces the name telecommunication services with Information and Communications Technology Services (“TIC Services”, for their Spanish acronym). Notwithstanding this, the scope of the licenses originally granted to Cablevisión, its merged companies and/or subsidiaries and related companies that exploit telecommunication licenses and their respective registrations of services, remain unaltered.

The license will be called “Licencia Única Argentina Digital” and will allow licensees to render any telecommunication services to the public, be they fixed or mobile, wired or wireless, national or international, with or without the licensee’s own infrastructure.

The TIC Services registered with the Argentine Secretariat of Communications under the name of Cablevisión, its merged companies and/or subsidiaries and related companies that exploit telecommunication licenses are the following: Data Transmission, Paging, Videoconference, Community Retransmission, Transport of Broadcast Signals, Value-Added, Radio-Electric Trunking, Internet Access, Public Telephony, Local Telephony and National and International Long-Distance Telephony.

The law created a new enforcement and oversight Authority as a decentralized agency under the jurisdiction of the Executive Branch, the AFTIC.

The new law maintained the obligation to contribute 1% of telecommunication service revenues, net of taxes and charges, to be used for Universal Service investments (this obligation had been imposed by Decree No. 764/00 on all service providers as from January 1, 2001), but the Universal Service Trust Fund was placed under State control. Until August 2015, the manager of such trust fund was Banco Itaú Argentina S.A., which received the joinder requests filed by Cablevisión and its merged companies and/or subsidiaries and related companies that exploit telecommunication licenses to join the Trust Agreement.

The Argentine Secretariat of Communications has yet to decide on the approval of the Project submitted by Cablevisión on June 21, 2011, within the framework of SECOM Resolution No. 9/2011 which created the program “Infrastructure and Equipment”, whereby telecommunication service providers were allowed to submit projects aimed at developing new infrastructure, updating existing infrastructure and/or acquiring equipment for areas without coverage or with unmet needs, in order to meet the obligation to make contributions to the Universal Service Trust Fund for the amounts accrued as from January 2001 until the entry into force of Decree No. 558/08.

Another innovation of Law No. 27,078 was the creation of a new public service under the name “Public and Strategic Infrastructure Access and Use Service for and among Providers”. The right of access included “providers having to make available to other providers their network elements, associated facilities or services to render TIC services, even when such elements are used to render audiovisual content services.” Under this scheme, the government seeks to make private companies that were created and developed in competition share their networks with other companies that had not made any investments.

The foregoing applied to any provider that had its own infrastructure or networks, because the term “Associated facilities” is defined as physical infrastructures, systems, devices, associated services or other facilities or elements associated with a telecommunications network or with TIC Services that enable or support the provision of services using that network or service, or that have the potential to do so; and will include, inter alia, buildings or building entrances, building wiring, antennas, towers and other supporting constructions, ducts, masts, manholes, and cabinets (See Note 7.3.).

As of the date of these interim condensed parent company only financial statements, Law No. 27,078 has been partially regulated.

7.3. Emergency Decree No. 267/15. Convergence

Emergency Decree No. 267/15, issued on December 29, 2015 and published in the Official Gazette on January 4, 2016, creates the ENACOM as a decentralized and autarchic agency under the jurisdiction of the Ministry of Communications and vests the new agency with authority to enforce Laws Nos. 26,522 and 27,078, as amended and regulated. The ENACOM has all the same powers and competences that had been vested in AFSCA and AFTIC by Laws Nos. 26,522 and 27,078, respectively.

Among the main amendments introduced by the Emergency Decree with respect to both laws, the most remarkable is the repeal of Section 161 of Law No. 26,522, which set forth the obligation to comply with the limits established under this law with respect to ownership conditions and number of licenses. Section 45 of Law No. 26,522, which establishes the multiple license regime, has been significantly amended. As a result, Cablevisión and the subsidiaries that are licensees and/or owners of audiovisual communication services already comply with the new regulatory framework.

Under the new regulatory framework, the licenses for physical link and for radio-electric link subscription television services held by Cablevisión and its subsidiaries that had been granted under Laws Nos. 22,285 and 26,522 are now called "Registrations" for the exploitation of physical link and radio-electric link subscription television services of a Licencia Única Argentina Digital.

Pursuant to this amendment (Section 7 of the Emergency Decree, which amends, among others, Section 10 of Law No. 27,078), all the services exploited by Cablevisión and some of its subsidiaries and related companies are now governed by the Digital Argentina Act. The only license held by the Company that could be considered to be subject to the LSCA is the registered title of the signal METRO, since this signal is broadcast through other services that acquire it for that purpose, and, therefore, it has a registration number issued by AFSCA which must be renewed on an annual basis.

Insofar as the Company and Cablevisión and its subsidiaries are concerned, Decree No. 267/15 eliminates:

- i) The incompatibility to render in the same location broadcast television services and subscription television services. When subscription television services are exploited through physical or radio-electric link, they will be subject to the Digital Argentina Act pursuant to Section 7 of the Emergency Decree which amends, among others, Section 10 of Law No. 27,078;
- ii) The limit of 10 licenses for radio-electric link subscription television services and 24 licenses for physical link subscription television services, which are considered to be TIC services as from January 4, 2016, date on which the decree became effective; and
- iii) The limit that provided that physical link and radio-electric link subscription television services may not reach more than 35% of all subscribers.

As far as Cablevisión is concerned, the Emergency Decree repeals Section 15 of Law No. 27,078, which created a new public service under the name "Public and Strategic Infrastructure Access and Use Service for and among Providers". The right of access included "providers having to make available to other providers their network elements, associated facilities or services to render TIC services, even when such elements were used to render audiovisual content services."

Due to the fact that physical link and radio-electric link subscription television services are now subject to the Digital Argentina Act:

- i) These services no longer fall within the scope of Section 45 of the LSCA, which sets forth the new multiple license regime for Audiovisual Communication Services;

- ii) The registration of physical link subscription television services is no longer limited to a specific territorial area. The same is not the case with radio-electric link subscription television services because of the portion of the spectrum allocated to render these services;
- iii) Both registrations, for physical link subscription television services and for radio-electric link subscription television services, are no longer subject to expiration terms. However, the portions of the spectrum allocated to render radio-electric link subscription television services do have expiration terms. The duration of such services shall be the longest of the term provided under their original title, or 10 years as from January 1, 2016.

Notwithstanding point iii) above, ENACOM Resolution No. 427/2016 provides that licensees that hold only one license to provide a certain type of service and have requested an extension of its term but have not obtained an express decision in this respect must ratify their requests. Accordingly, some of the companies in which Cablevisión holds an equity interest made filings to such end.

However, it should be noted that pursuant to Section 21 of the Emergency Decree and until the enactment of a law that shall unify the fee regime provided under Laws Nos. 26,522 and 27,078, the physical link and radio-electric link subscription television services exploited by Cablevisión and/or its Subsidiaries will continue to be subject only to the fee regime provided under Law No. 26,522. Therefore, they shall not be subject to the investment contribution or the payment of the Control, Oversight and Verification Fee provided under Sections 22 and 49 of Law No. 27,078.

Cablevisión will follow the procedure established under ENACOM Resolution No. 427/16 in order to report, using the online application provided by the ENACOM to such end, the territorial location of its services, indicating the original coverage area, the supplementary territorial units and/or area extensions in which it currently renders services.

In addition, and pursuant to ENACOM Resolution No. 1.394/16, which approves the General Rules for Physical Link Subscription Television Services and/or Radio-Electric Link Subscription Television Services, in those cases in which Cablevisión and/or any of its Subsidiaries purchased bidding forms to apply for a new license when the term had expired or to apply for an area extension, the applicants amended their filings and converted them into a request an authorization of coverage area.

The new General Rules also order providers of both types of services to guarantee their compliance with a programming grid in each Coverage Area. Cablevisión states that it complies with all the obligations set out under that Resolution.

Pursuant to the Emergency Decree, the providers of the Basic Telephone Service whose licenses were granted under the terms of Decree No. 62/90 and paragraphs 1 and 2 of Section 5 of Decree No. 264/98, as well as Mobile Telephone Service providers with a license granted pursuant to the list of bidding conditions approved by Resolution No. 575/93 of the then Ministry of Economy and Public Works and Services and ratified by Decree No. 1,461/93, shall only be able to provide subscription broadcasting services by means of physical or radio-electric link after a term of two years counted as from January 1, 2016. That term may be extended for one more year.

The Emergency Decree was approved on April 6, 2016 by the Lower House of Congress. Therefore, it has full force and effect.

Finally, in order to enhance the convergence of networks and services under conditions of competition, promote the deployment of next generation networks and the penetration of broadband Internet access services across the national territory, the Executive Branch issued Decree No. 1,340/16 on December 30, 2016. Among other things, the Decree:

- Provides for the protection for fifteen years of last mile fixed NGN for broadband Internet services that may be deployed by the licensees of TIC services with respect to the rules for open access to broadband services.

- Orders the issuance of regulations for the following purposes:
 - To call for a Public Bid for the allocation of new frequency bands for mobile services.
 - To ensure the re-allocation of radio-electric spectrum frequencies with economic compensation and shared use to frequencies previously allocated to other services, and to allocate such frequencies to providers of TIC Services that request to reuse them to render mobile services or fixed wireless services with LTE or higher technologies.
 - To allocate radio electric spectrum frequencies on demand, imposing compensation, deployment and coverage obligations on the current local or regional providers of TIC services and on the current providers of mobile communication services.
- Sets forth that the persons restricted under Decree No. 267/15 from rendering physical or radio-electric link subscription television services may request the corresponding registration and begin to provide those services in certain areas as from January 1st, 2018.
- Recognizes that the holders of satellite link subscription television service licenses that as of December 29, 2015 rendered TIC services may maintain the ownership of both services.
- Orders the Ministry of Communications to guarantee the interconnection principles provided under the applicable legislation in order to ensure the impartiality, non-discrimination and fair competition among providers of mobile services, restricting the possibility of delaying or hindering the technical, interconnection, operational or any other conditions that may create barriers for other providers to enter the market.

7.4. Matters related to the regulatory situation of Cablevisión and its subsidiaries

7.4.1. Fibertel License

The Ministry of Communications, as the highest government agency, replacing the MINPLAN with respect to this specific competence, issued Resolution No. 5/2016, which was notified on February 29, 2016, whereby it revoked SECOM Resolution No. 100/2010 for legitimacy reasons. This Resolution, which had been issued by the former Secretariat of Communications, had revoked the exclusive telecommunication service license held by Fibertel S.A., which was merged into Cablevisión S.A.

The ENACOM issued Resolution No. 1,359/16, whereby it authorized the transfer of ownership of the Exclusive Telecommunication Service License that had been granted to Fibertel S.A., which was merged into Cablevisión S.A. effective as of April 1, 2003.

7.4.2. Cablevisión's Shareholder Structure

Cablevisión has requested the ENACOM to acknowledge the change in its shareholder structure as a result of the corporate reorganization carried out by Grupo Clarín. In the understanding that the above-mentioned change has not implied a change of control, it does not require that agency's authorization.

7.4.3. NEXTEL

7.4.3.1 Regulatory Approval of the Acquisition of Nextel

On September 24, 2015, the Official Gazette published AFTIC Resolution No. 326/15, whereby that agency ordered Nextel to render without effect within a term of 30 days, the sale of a non-majority portion of its shares because it

allegedly contravened effective legislation and could be sanctioned with the revocation of its license pursuant to the Communications and Information Technology Law.

On October 9, 2015, Grupo Clarín S.A. and Cablevisión filed the corresponding appeals against Resolution No. 326/2015, arguing that they had standing based on their acquisition of 49% of the licensee and stating that the change of control alleged by AFTIC had not occurred.

Nextel requested the suspension of the effects of Resolution No. 326/2015 and also filed an appeal against that administrative act.

On January 29, 2016, Cablevisión and Nextel made a filing before the ENACOM as established under Section 8 of Decree No. 267/15 which amends Section 13 of Law No. 27,078 in order to request authorization for the change of control in full compliance with the new legal framework.

On February 22, 2016, the ENACOM issued Resolution No. 133/2016, whereby it partially admitted the appeals that had been filed against AFTIC Resolution No. 326/2015 in order to consider the Company's request for approval of the transfer of control.

On March 7, 2016, the ENACOM issued Resolution No. 280/2016, whereby it authorized the change of control of NEXTEL in favor of Cablevisión S.A.

On April 12, 2017, the CNDC notified Cablevisión of Resolution No. 293/2017 dated April 10, 2017, whereby the CNDC authorized the economic concentration operation consisting of the acquisition by Cablevisión and Televisión Dirigida of 100% of the shares of Nextel, which were owned by NII Mercosur Telecom SLU and NII Mercosur Móviles S.L.U.

On May 22, 2017, the Company notified the ENACOM of the corporate reorganization process whereby Cablevisión will absorb under a merger by acquisition process Nextel, Trixco S.A., Callbi S.A., Infotel S.A., Skyonline de Argentina S.A., Netizen S.A. and Eritown Corporation Argentina S.A., which will be dissolved without liquidation, thus requesting that agency to incorporate Cablevisión's Licencia Única Argentina Digital to the records, resources, allocations, permits, and authorizations of the above-mentioned licensees.

7.4.3.2 Status of the frequencies allocated to Nextel

Through Resolution No. 325/2015, AFTIC decided, abruptly and without prior notice of its decision, to dismiss the requests for extensions of certain frequencies allocated to NEXTEL, revoking them in that same act.

On October 9, 2015, Grupo Clarín and Cablevisión filed an appeal against Resolution No. 325/2015 grounding their legitimate interest on their acquisition of 49% of the licensee.

NEXTEL first requested the suspension of the effects of Resolution No. 325/2015 and then filed an appeal against that administrative act.

The ENACOM issued Resolution No. 134/2016, whereby it decided to grant partially the appeal filed by NEXTEL against AFTIC Resolution No. 325/2015. Even though this Resolution did not entail the automatic extension of the frequencies involved, the ENACOM ordered the corresponding areas to analyze each file to verify compliance with the requirements of the effective regulatory framework to be eligible for obtaining the requested extensions.

The ENACOM issued Resolution No. 281/16, whereby it authorized the extensions for a term of 10 years counted as from the original expiration of the authorizations for the use of the frequencies that had been dismissed and revoked through Resolution No. 325/2015.

7.4.3.3 Other requests for authorization filed with the ENACOM

On June 22, 2016, NEXTEL made a filing with the ENACOM in order to request authorization for direct and indirect share transfers that would imply a direct and/or indirect change of control in favor of NEXTEL, pursuant to Section 13 of Law No. 27,078 with respect to the licensees of telecommunication services listed below:

- Fibercomm S.A.
- Trixco S.A.
- Callbi S.A.
- Infotel S.A.
- Skyonline de Argentina S.A.
- Netizen S.A.
- Eritown Corporation Argentina S.A.

Within the required term, on January 6, 2017, the ENACOM issued Resolution No. 111/2017, which under section 1 authorizes the share transfers mentioned above.

The filing made on June 22, 2016 also included a request to change the allocation of a portion of the spectrum that corresponds to the licensees acquired by the Company in order to render 4G services, which was not addressed in ENACOM Resolution No. 111/2017.

Notwithstanding the foregoing, taking into consideration the new regulations provided under Decree No. 1,340/16 and Resolution No. 171/2017 issued by the Ministry of Communications, Nextel reformulated the original request in accordance with the new effective regulations, thus initiating a new administrative file. In this last filing, the Company finally requested:

- The beginning of a Refarming process with Economic Compensation as provided under Resolution No. 171/2017.
- The authorization of the agreements executed by NEXTEL with the licensees acquired by Cablevisión to operate the services registered by NEXTEL with the portion of the spectrum allocated to those licensees to render their respective services;
- The approval of the registration requested by NEXTEL of the Advanced Mobile Telecommunications Service; and,
- The authorization of the change that would allow that company:
 - To change the allocation and channeling on a primary basis of the 905-915 MHz and 950-960 MHz bands to render advanced mobile communication services at national level with primary status; and,
 - To enhance the allocation of the frequency bands and change the channeling of the 2500 MHz band to the 2690 MHz band to render advanced mobile communication services at national level with primary status.

By means of Resolution ENACOM No. 1,033/2017, the ENACOM provided for the use of the frequency bands between 905 and 915 MHz and between 950 and 960 MHz for the rendering of the ADVANCED MOBILE COMMUNICATIONS SERVICE (“SCMA”), and by means of Resolution ENACOM No. 1,034/2017, the ENACOM provided for the use of the frequency band between 2500 and 2690 MHz for the provision of SCMA, in addition to the current services when their coexistence is possible.

The ENACOM issued Resolution No. 1,299/ENACOM/2017, whereby it approved the project for Refarming with Economic Compensation, filed by Nextel to provide Advanced Mobile Communication Services in the frequencies that had been subject to changes in allocation pursuant to ENACOM Resolutions No. 1,033 and 1,034/2017

In addition, the ENACOM decided to register NEXTEL as provider of Advanced Mobile Communication Services in the Registry of Services; and to authorize the use of the above-mentioned frequencies.

In the same resolution and as part of the authorization, that agency imposed additional Coverage Obligations on Nextel.

It also imposes two obligations that must be fulfilled prior to initiating the rendering of Advanced Mobile Communication Services: (i) the return of the proposed radio-electric spectrum; and (ii) the creation of a guaranty issued in favor of and satisfactory to ENACOM for an amount equal to the value of the radio-electric spectrum that is subject to return.

The Resolution also orders that Nextel shall post a performance bond to guarantee the obligations and responsibilities undertaken by that company to be issued in favor and to the satisfaction of the ENACOM for the amount and under the terms that shall be set forth in the contract to be executed with the ENACOM. That contract shall establish, in addition to the economic compensation to be paid by Nextel, the terms, conditions, goals, obligations and other matters inherent to the rendering of the Advanced Mobile Communication Services authorized by that agency to which Nextel shall be bound

On April 12, 2017, Nextel and the ENACOM executed the agreement referred to in the previous paragraph. On April 28, 2017, pursuant the Agreement executed with the ENACOM, Nextel transferred to that agency the “economic compensation” of Ps. 478,240,214, established by the ENACOM on April 26, 2017.

In another agreement also executed on April 12, 2017, NEXTEL accepted and expressly consented to the authorization granted to the Chairman of the ENACOM to decide on, within a term of 2 years as from the date of the agreement, the replacement with economic compensation -to be paid by NEXTEL- of certain channels of the 2500-2690 MHz frequency bands for frequencies in other bands, as established under Article 7 of ENACOM Resolution No. 1,034/2017.

Also, on May 5, 2017, Nextel posted the performance bond provided under the agreement in order to guarantee: (i) compliance with the coverage obligations in the localities ordered by ENACOM; and (ii) the return of compromised radio spectrum.

Through Resolution No. 3,909-E/2017 published on May 24, 2017, the ENACOM decided to record the agreements described in the previous paragraph.

On May 22, 2017, Cablevisión made a filing with the ENACOM in order to request the incorporation of the *Licencia Única Argentina Digital* held by Cablevisión to the records, resources, allocations, permits and authorizations held by Nextel, as well as those held by Trixco S.A., Callbi S.A., Infotel S.A., Skyonline de Argentina S.A., Netizen S.A., and Eritown Corporation Argentina S.A. as a result of the corporate reorganization process to be implemented whereby Cablevisión will absorb under a merger by acquisition process the above-mentioned licensees among which is Nextel, which will be dissolved without liquidation. (See Note 6.a)).

7.4.4. Programming Grid

AFSCA Resolution No. 296/2010, as amended and/or supplemented, provided guidelines for the organization of the programming grids that had to be followed by the owners of subscription television audiovisual services. This resolution regulated section 65, subsections a) and b) of the LSCA and supplemented the provisions of the regulations to the same section of Decree No. 1,225/2010.

In spite of Cablevisión’s efforts to organize its programming grids in accordance with the provisions of section 65 of Law No. 26,522, AFSCA initiated multiple summary proceedings in connection with the cable television licenses

of which Cablevisión is the lawful successor. AFSCA contended that Cablevisión had failed to comply with the regulations set forth by AFSCA Resolution No. 296/2010. Cablevisión submitted the responses set forth under section 1, Exhibit II of AFSCA Resolution No. 224/2010 in connection with such accusations. A decision has been rendered on some of the summary proceedings and, as a result, a fine was imposed on Cablevisión, while other proceedings are pending resolution. Cablevisión has appealed these decisions. Some of the appeals filed by Cablevisión have been decided against it and were appealed.

Insofar as Cablevisión is concerned, as of the date of these financial statements, an injunction issued in re “CABLEVISIÓN S.A. v. NATIONAL GOVERNMENT AND OTHERS ON COMPLAINT FOR THE PROTECTION OF CONSTITUTIONAL RIGHTS” by the Federal Court of Appeals of the City of Mar del Plata, whereby that Court revoked the decision rendered in the First Instance, remains in full force and effect. The decision rendered in the First Instance had ordered the dismissal of Cablevisión’s request. The Court of Appeals ordered AFSCA to suspend – until a final decision was rendered on the matter – the application of the penalties derived from the alleged non-compliance with section 65 of Law No. 26,522 and Decree No. 1.225/2010. Therefore, it also suspended the application of section 6 of AFSCA Resolution No. 296/2010 on the grounds that Cablevisión’s alleged serious non-compliance was not contemplated in the Law or in the Decree. The National Government filed an appeal with the Supreme Court against this decision. Such appeal was dismissed. Consequently, AFSCA filed a direct appeal with the Supreme Court, which is still pending resolution.

In re “AFSCA v. CABLEVISION SA Decree 1,225/10 – RES. 296/10 on/ Proceeding leading to a declaratory judgment” currently pending before the Federal Court of First Instance on Administrative Matters No. 9, on May 16, 2012 the Court granted an injunction that had been requested by AFSCA, ordering Cablevisión and/or the pay television audiovisual services it exploits, to conform to Section 65, subsection 3 b of Decree No. 1,225/2010 and Sections 1, 2, 3, 4 and 5 of AFSCA Resolution No. 296/2010, until a final judgment is rendered on the merits of the case. Cablevisión has appealed such injunction.

On August 6, 2012, Cablevisión was served notice of a decision rendered by the Federal Court of First Instance on Administrative Matters No. 9 of the City of Buenos Aires, whereby that court imposed a fine on Cablevisión of Ps. 20,000 per day for each day of delay in complying with the injunction that ordered Cablevisión to comply with Section 65 of Decree No. 1,225/2010 and AFSCA Resolution No. 296/2010. Cablevisión filed an appeal against that decision in due time and form. However, the Court of Appeals ignored the strong grounds asserted by Cablevisión; partially confirmed the decision rendered in the first instance; and reduced the fine to Ps. 2,000 per day for each day of delay, to be calculated as from the date the decision is deemed final. An appeal was filed with the Supreme Court of Argentina, which was dismissed by the intervening Chamber. Cablevisión filed an appeal against such decision, which was dismissed by the Supreme Court of Argentina.

On October 21, 2013 Cablevisión was served with new charges brought for alleged noncompliance with AFSCA Resolution No. 296/2010, clearly violating the preliminary injunction mentioned above. Accordingly, Cablevisión filed an appeal, but no decision has been rendered on the matter as of the date of these financial statements.

On December 23, 2013, Cablevisión informed AFSCA of its new programming grid in digital and analogical systems, expressly maintaining the reserves brought to continue challenging the legality and constitutionality of section 65 of Decree No. 1,225/2010 and AFSCA Resolution No. 296/2010, as amended.

Section 7 of the Emergency Decree which amends, among others, Section 10 of Law No. 27,078 provides that all the physical link and radio electric link subscription television services shall be governed by the Digital Argentina Act. Therefore, Cablevisión is no longer subject to Section 65 and its implementing regulations.

The new General Rules approved by ENACOM Resolution No. 1,394/16 order providers of both types of services (physical and radio-electric link) to guarantee their compliance with a programming grid in each Coverage Area. Cablevisión states that it complies with all the obligations set out under that Resolution.

Upon the enactment of Decree No. 267/2015, whereby the physical link or radio-electric link subscription television services no longer fall within the scope of Law No. 26,522, the claim that had been brought by AFSCA against Cablevisión has become moot.

7.5. Audiovisual Communications Law of the Republic of Uruguay

Law No. 19,307 was published in the Official Gazette of the Republic of Uruguay on January 14, 2015. This Law governs radio, television, and other audiovisual communication services (hereinafter, the “Audiovisual Communications Law”). Section 202 of this law provides that the Executive Branch shall issue the implementing regulations for this law within a 120-day term as from the day following the publication of this law in the Official Gazette. As of the date of these interim condensed parent company only financial statements, only Decree No. 45/015 has been issued, but the implementing regulations for most of the sections of this law are still pending. Such Decree provides that the concession for the use and allocation of the radio-electric spectrum for non-satellite audiovisual communication services shall be granted for a term of 15 years.

Section 54 of the Audiovisual Communications Law provides that an individual or legal entity cannot be allocated the full or partial ownership of more than 6 authorizations or licenses to render television services to subscribers throughout the national territory of Uruguay. Such limit is reduced to 3 if one of the authorizations or licenses includes the department of Montevideo. Section 189 of this law provides that in the cases where such limits were exceeded as of the entry into force of the Law, the owners of those audiovisual communication services shall transfer the necessary authorizations or licenses so as not to exceed the limits mentioned above within a term of 4 years as from the date of entry into force of the Audiovisual Communications Law.

The subsidiary Adesol S.A. is analyzing the possible impact on its business that could be derived from the change in the regulatory framework and the eventual legal actions it may bring to safeguard its rights and those of its shareholders. That company is also monitoring the different unconstitutionality claims filed by other companies against certain sections of the above-mentioned law to consider whether the decisions to be rendered by the Supreme Court in those proceedings may be favorable to the position of Adesol S.A. in the future. On April 7, 2016, 28 unconstitutionality claims were brought against the above-mentioned law. To date, the Supreme Court has issued 28 decisions, whereby it declared the unconstitutionality of Sections 39 subsection 3, Section 55, 56 subsection 1, Section 60 point C, 98 subsection 2°, 117 subsection 2, 143 and 149 subsection 2 of Law No. 19,307. It is noteworthy that some of the decisions rendered in this respect by the Supreme Court dismissed the unconstitutionality claim filed by the claimant with respect to Section 54 of that Law.

NOTE 8 – PROVISIONS AND OTHER CHARGES

8.1. Judicial, administrative and other proceedings

a) As from November 1, 2002 and until December 31, 2016, COMFER, then AFSCA, now ENACOM have initiated summary administrative proceedings against Cablevisión and Multicanal (merged into Cablevisión) for infringements of regulations relating to programming content. Accordingly, a provision has been set up in this regard.

b) The CNDC initiated three legal actions following complaints filed by other cable television companies under Law No. 25,156 alleging an improper refusal by Dayco Holdings Ltd. ("Dayco"), a subsidiary of Fintelco group, to sell rights to broadcast South American qualifying football matches for the Korea/Japan 2002 World Cup. On February 14, 2003, the CNDC served Cablevisión notice of the complaint in one of those legal actions to provide explanations.

Subsequently, the Technical Coordination Secretary of the Ministry of Economy and Production decided that the proceedings related to one of the actions above should be closed. Although Dayco timely submitted the answers required and Cablevisión did the same on March 10, 2003, the CNDC has not made any material decision.

On July 16, 2010, the SCI served notice to Cablevisión and Multicanal of Resolution No. 219/2010 whereby the Secretariat of Domestic Trade found that both companies had engaged in market sharing practices in connection with the paid-television service in the City of Santa Fe and imposed a fine of Ps. 2,500,000 on each of them. On

July 26, 2010, both companies appealed the resolution, presenting new arguments in connection with the application of statutes of limitation, which had already been alleged prior to the issuance of the appealed resolution.

On June 4, 2012, the Federal Court of Appeals of Rosario partially confirmed SCI Resolution No. 219/2010, whereby the Secretariat of Domestic Trade found that Cablevisión and Multicanal had engaged in market sharing practices in connection with the paid-television service in the City of Santa Fe and reduced the fine imposed on each of the companies involved from Ps. 2.5 million to Ps. 2 million. However, this decision is not yet final, because Cablevisión and Multicanal and the Ministry of Economy filed appeals, which are still pending before that Court of Appeals. On October 21, 2014, the Argentine Supreme Court dismissed the appeals; therefore, Resolution No. 219/2010 became final. The case is currently pending with the Court of Appeals of Rosario, which shall order its referral to the SCI. The SCI, in turn, shall serve notice to the companies involved in order for them to pay the fine.

On March 1, 2011, the SCI served notice to Multicanal and Cablevisión of Resolution No. 19/11 whereby the Secretariat of Domestic Trade found that both companies had engaged in market sharing practices in connection with the paid-television service in the City of Paraná and imposed a fine of Ps. 2.5 million on each of them. Cablevisión filed an appeal in due time and form. This appeal was dismissed by the Federal Court of Appeals of Paraná. Therefore, Cablevisión filed an appeal with the Argentine Supreme Court. On November 4, 2011, the appeal of SCI Resolution No. 19/11 filed by Cablevisión with the Supreme Court was partially granted by the Federal Court of Appeals of Paraná.

On August 30, 2012, the Argentine Supreme Court dismissed the appeal filed by Cablevisión; therefore, Resolution No. 19/11 became final. The case is currently pending with the Court of Appeals of Paraná, which shall order its referral to the SCI. The SCI, in turn, shall serve notice to the companies involved in order for them to pay the fine.

The investigations carried out by the CNDC and SCI may lead to the imposition of more fines pursuant to Law No. 25,156, which would be appealable. The eventual fines would be graduated based on: (i) the loss incurred by the people affected by the allegedly prohibited activity; (ii) the benefit obtained by all the people involved in the prohibited activity and (iii) the value of the assets involved owned by the people indicated in item (ii) above at the time the alleged violation was committed. To date, there is not any standard criterion on the application of the above-mentioned parameters.

While Cablevisión believes that its conduct and that of Multicanal have always been within the bounds of the Argentine Antitrust Law and regulations and that their positions in each of these proceedings are reasonably grounded, it can give no assurance that any of these cases will be resolved in its favor.

c) In 2003, ELP Investments filed a criminal complaint in Argentina against certain individuals related to the Hicks Muse Tate & Furst Group (“HMTF”), including some who were Directors of Cablevisión. That criminal complaint, which was filed by a person that is not a shareholder or creditor of Cablevisión, challenged certain operations undertaken by Cablevisión. Although Cablevisión believed that the party filing the complaint was not entitled to do so, and that the allegations by ELP Investments were false or wrongly presented, the court handling this case ordered searches at Cablevisión's offices, as well as the seizure of certain of Cablevisión's corporate books. On June 27, 2003, the criminal court appointed an agent to gather information at Cablevisión's offices regarding the case within a forty five-day period. On September 16, 2003, this period was extended for forty-five additional days. Cablevisión and certain Directors of that company each denied the challenges alleged by ELP Investments and offered supporting evidence and Cablevisión appealed the court's appointment of the agent. On October 21, 2003, Chamber IV of the Criminal and Correctional Court of Appeals declared the nullity of all the decisions made and actions taken by the lower court judges. The litigation, however, continued through the filing of remedies before the highest criminal court of appeals (*Cámara de Casación*) and the Supreme Court of Argentina. The *Cámara de Casación* partially revoked the decision rendered by Chamber IV. The majority of the judges of this court of appeals upheld the principles and grounds held by Chamber IV. Notwithstanding the above-mentioned, the *Cámara de Casación* held that the proceedings related to the preliminary injunctions that are still pending should be resolved in the first place. It should be noted that, given the share transfers made in 2006, the companies represented by the parties involved in the above-mentioned case have ceased to be shareholders of Cablevisión. Cablevisión was never

a party to the case. On July 3, 2009, Chamber IV of the Criminal Court of Appeals held that the intervention of Cablevisión was no longer in effect and, therefore, declared moot the claims that had been brought against that intervention.

On May 11, 2010, the Criminal Court of First Instance declared that the legal action had become barred by the statute of limitations and permanently acquitted the accused from all the criminal offenses claimed by ELP Investments. That decision was appealed by the acting Prosecutor and is now pending before Chamber IV of the Criminal and Correctional Court of Appeals. That Chamber suspended the application of the statutes of limitation to the criminal action. The suspension is due to the fact that the former claimant ELP Investments brought a new claim requesting to be a party to this proceeding. To date, Chamber IV has not allowed the claimant ELP Investments to be a party to this proceeding. ELP Investments filed an appeal against this decision, which is still pending.

d) The Government of the City of Mar del Plata enacted Ordinance No. 9,163, governing the installation of cable television networks. Such ordinance was amended and restated by Ordinance No. 15,981 dated February 26, 2004, giving cable companies until December 31, 2007 to adapt their cable networks to the new municipal requirements. The ordinance sets forth that in those areas where street lighting has underground wiring, cable television networks are to be placed underground. In this sense, the Executive Department of the Municipality of General Pueyrredón has submitted to the Municipal Council a proposed ordinance extending the term provided until December 31, 2015. The term for legislators to discuss that proposed ordinance within the legislative period in which it was presented has expired. Even though the ordinance provides for certain penalties/ fines that may be imposed, the city has not imposed such penalties to cable systems that are not in compliance with such ordinance.

e) Multicanal has brought several legal actions requesting the nullification of: i) all the Ordinary Shareholders' Meetings of Supercanal Holding S.A. held from 2000 to date, ii) the guarantees granted by Supercanal Holding S.A. on bank loans exclusively in favor of the group controlling Supercanal Holding S.A. (Grupo Uno S.A. and its affiliates). In addition, a claim for the dissolution and liquidation of Supercanal Holding S.A. was brought jointly with the action for the removal of all the members of the Board of Directors and the Supervisory Committee, and the dissolution of Supercanal Capital N.V. On March 29, 2000, Supercanal filed for insolvency proceedings before the National Court of First Instance on Commercial Matters No. 20, Clerk's Office No. 40, which was admitted by the Court on March 27, 2001. On December 26, 2007, the Court rendered a decision whereby it dismissed the claims and approved the settlement proposal. That approval was appealed by the pledgees. On October 30, 2009, the Court of Appeals, rendered a decision whereby it revoked the approval of the proposal and requested the debtor to provide certain explanations and clarifications about the submitted proposal and to provide guarantee to the pledgees on the shares of the original shareholders. Supercanal made a filing stating that it complied with both requirements and provided a Ps. 2 million escrow for the pledgees. On March 3, 2011, the Court of First Instance approved once again the insolvency proceeding. That decision was once again appealed by the pledgees. On December 28, 2011, Chamber A of the Court of Appeals partially revoked the decision rendered by the Court of First Instance upholding the approval of the proposal submitted by Supercanal Holding S.A. but ordering that the guarantee for the pledgees should be of USD 30 million.

On April 23, 2012, a decision was rendered on one of the claims brought by Multicanal against Supercanal ordering the nullification of the decisions made at Supercanal's Shareholders' Meeting held on January 25, 2000 in considering points 2, 4, 5 and 6 relating to: i) the capital reduction to Ps. 12,000; ii) the cancellation of the shares corresponding to the reduced capital; iii) the capital increase to Ps. 83,012,000; iv) the delegation to the Board of Directors of the fixing of the term for the subscription and payment of the increase and the cancellation and registration of outstanding shares; and v) the amendment of the by-laws in connection with the changes in the capital stock in a new shareholders' meeting.

Such decision was appealed by both parties and the appeal is pending before the Court of Appeals.

Upon the revocation of a preliminary injunction initially granted in favor of Multicanal in re "Multicanal S.A. v/ Supercanal Holding S.A. on summary proceedings" for the request for nullification of the Shareholders' Meeting of Supercanal Holding S.A. held on January 25, 2000 at which the shareholders of that company decided to reduce the

capital stock of Supercanal Holding S.A. to Ps. 12,000 and to subsequently increase the capital stock to Ps. 83,012,000, Multicanal was served on December 12, 2001 with a claim filed by Supercanal Holding S.A. for damages caused by the above-mentioned preliminary injunction which was subsequently revoked. Supercanal Holding S.A. alleges that the suspension of the effects of its Shareholders' Meeting that had been held on January 25, 2000 caused its insolvency. Multicanal answered the claim denying any liability stating that the claimant's insolvency took place, as per the documentary evidence provided by the very same claimant, before the date of the Shareholders' Meeting, which effects were suspended by the preliminary injunction. On the other hand, the suspension of the effects of the Shareholders' Meeting did not preclude the capitalization of Cablevisión by other alternative means. Based on legal and factual precedents of the case, Cablevisión, as successor of Multicanal's operations, believes that the claim filed should be rejected in its entirety, and that the legal costs should be borne by the plaintiff. The proceeding is at the discovery stage. The Court of First Instance dismissed Supercanal Holding S.A.'s request that it be allowed to sue without paying court fees or costs. This decision has been ratified by the Federal Court of Appeals.

Cablevisión cannot assure that, as a result of the actions brought, it may obtain a favorable economic or equity outcome. Currently and due to the ancillary jurisdiction of the insolvency proceedings of Supercanal Holding S.A. all the claims brought are pending before the above-mentioned court.

f) Multicanal, which was merged into Cablevisión, has taken notice of a claim (with which it has not been served as of the date of these interim condensed parent company only financial statements) brought against it by an entity representing consumers and alleged financial victims (and by six other individuals). Claimants are Multicanal noteholders -individuals who are not investment professionals or consumers- who claim to be allegedly affected by Multicanal's APE Since neither Multicanal nor Cablevisión, as successor of Multicanal, has been served with that claim, we cannot estimate the impact it will have on Cablevisión.

g) On January 22, 2010, Cablevisión was served notice of CNDC Resolution No. 8/10 issued within the framework of file No. 0021390/2010 entitled "Official Investigation of Cable Television Subscriptions (C1321)". Pursuant to this Resolution, Cablevisión, among other companies, was ordered to refrain from conducting collusive practices and, particularly, from increasing the price of cable television subscriptions for a term of 60 days, counted as from the date compliance with all required notices is certified in the records of the case. As established by that Resolution, companies that have already increased the price of the subscriptions shall return to the price applicable in November 2009 and maintain such price for the above-mentioned term.

On February 2, 2010, by means of Resolution No. 13/10, the CNDC ordered Cablevisión to refund to its subscribers in the March 2012 invoices the amount of any price increase made after the date of CNDC Resolution No. 8/10.

Cablevisión appealed both resolutions in due time and form and their effects were suspended by an injunction issued by Chamber No. 2 of the National Court of Appeals on Federal Civil and Commercial Matters at the request of Cablevisión. The National Government filed an appeal with the Supreme Court against this decision, and the appeal has been dismissed.

On October 4, 2011, Chamber No. 2 of the National Court of Appeals on Federal Civil and Commercial Matters granted the appeal filed against both decisions in re "Cablevisión and Other on Appeal against the Decision rendered by the National Antitrust Commission" (File 1,473/2010), declaring Resolution No. 8/10 moot and nullifying Resolution No. 13/10.

The National Government filed an appeal with the Supreme Court of Argentina against the decision rendered by Chamber No. 2, which was granted, but it was dismissed by the Supreme Court of Argentina.

h) The Secretariat of Domestic Trade issued Resolution No. 50/10, whereby it approved certain rules for the sale of pay television services. These rules provide that cable television operators must apply a formula to estimate their monthly subscription prices. The price arising from the application of the formula was to be informed to the Office

of Business Loyalty (*Dirección de Lealtad Comercial*) between March 8 and March 22, 2010. Cable television operators must adjust such amount semi-annually and inform the result of such adjustment to said Office.

Even though as of the date of these interim condensed parent company only financial statements Cablevisión cannot assure the actual impact of the application of this formula, given the vagueness of the variables provided by the Resolution to calculate the monthly subscription prices, Cablevisión believes that Resolution No. 50/10 is arbitrary and bluntly disregards its freedom to contract, which is part of the right to freedom of industry and trade. Therefore, it has filed the pertinent administrative claims and has brought the necessary legal actions requesting the suspension of the Resolution's effects and ultimately requesting its nullification.

Even though Cablevisión, like other companies in the industry, has strong constitutional arguments to support its position, it cannot be assured that the final outcome of this issue will be favorable. Therefore, Cablevisión may be forced to modify the price of its pay television subscription, a situation that could significantly affect the revenues of its core business. This situation generates uncertainties about Cablevisión's business, which could significantly affect the recoverability of the Company's relevant assets. Notwithstanding the foregoing, as of the date of these interim condensed parent company only financial statements, in accordance with the decision rendered on August 1, 2011 in re "LA CAPITAL CABLE S.A. v/ Ministry of Economy-Secretariat of Domestic Trade", the Federal Court of Appeals of the City of Mar del Plata has ordered the SCI to suspend the application of Resolution No. 50/10 with respect to all cable television licensees represented by the ATVC. Upon being served on the SCI and the Ministry of Economy on September 12, 2011, such decision became fully effective and may not be disregarded by the SCI. The National Government filed an appeal against the decision rendered by the Federal Court of Appeals of Mar del Plata to have the case brought before the Supreme Court. Such appeal was dismissed and so the National Government filed a direct appeal with the Supreme Court, which was also dismissed.

On June 1, 2010, the SCI imposed a Ps. 5 million fine on Cablevisión alleging that it had failed to comply with the information regime set forth by Resolution No. 50/10, and invoking the Antitrust Law to impose such penalty. The fine was appealed and submitted to the National Court of Appeals on Federal Administrative Matters, Chamber No. 5, which decided to reduce the fine to Ps. 300,000. Cablevisión appealed this decision by filing an extraordinary appeal with the Supreme Court of Argentina.

On March 10, 2011 SCI Resolution No. 36/11 was published in the Official Gazette. This Resolution falls within the framework of SCI Resolution No. 50/10. Resolution No. 36/11 sets forth the parameters to be applied to the services rendered by Cablevisión to its subscribers from January through April 2011. These parameters are as follows: 1) the monthly basic subscription price shall be Ps. 109 for that period; 2) the price of other services rendered by Cablevisión should remain unchanged as of the date of publication of the resolution; and 3) the promotional benefits, existing rebates and/or discounts already granted as of that same date shall be maintained. The resolution also provides that Cablevisión shall reimburse users for any amount collected above the price set for that period.

Cablevisión believes that Resolution No. 36/10 is illegal and arbitrary, since it is grounded on Resolution No. 50/10, which is absolutely null and void. Since the application of Resolution No. 50/10 has been suspended, the application of Resolution No. 36/11, which falls within the framework of the former, is also suspended.

The claim filed by Cablevisión seeking the nullification of Resolution No. 50/10 is currently pending before the Federal Administrative Court of First Instance No. 7 of the City of Buenos Aires. This claim was dismissed in view of the claim pending in the City of Mar del Plata.

Subsequently, the SCI issued Resolutions Nos. 65/11, 92/11, 123/11, 141/11, 10/11, 25/12, 97/12, 161/12, 29/13, 61/13, 104/13, 1/14, 43/14 and 93/14 pursuant to which the SCI extended the effectiveness of Resolution No. 36/11 up to and including September 2014, and adjusted the cable television subscription price to Ps. 152. Cablevisión believes, however, that given the terms under which the Federal Court of the City of Mar del Plata granted the preliminary injunction, that is, ordering the SCI to suspend the application of Resolution No. 50/10 with respect to all cable television licensees represented by ATVC (among them, Cablevisión and its subsidiaries), and also given the fact that Resolutions No. 36/11, 65/11, 92/11, 123/11, 141/11, 10/11, 25/12, 97/12, 161/12, 29/13, 61/13,

104/13, 1/14 , 43/14 and 93/14 merely apply Resolution No. 50/10, Cablevisión continues to be protected by said preliminary injunction, and, therefore, the ordinary course of its business will not be affected.

On April 23, 2013, Cablevisión was served notice of a decision rendered in re “Ombudsman of Buenos Aires v. Cablevisión S.A. on Complaint for the protection of constitutional rights Law 16,986 (Motion for Preliminary Injunction)” pending before Federal Court No. 2, Civil Clerk’s Office No. 4 of the City of La Plata in connection with the price of cable television subscriptions, whereby the court imposed on Cablevisión a cumulative daily fine of Ps. 100,000 per day on Cablevisión.

Cablevisión appealed the fine on the grounds that Resolution No. 50/10 issued by Mr. Moreno, as well as its extensions and/or amendments were suspended, as mentioned above, by an injunction with respect to Cablevisión and its branches and subsidiaries prior to the imposition of the fine; pursuant to the collective injunction issued by the Federal Court of the City of Mar del Plata on August 1, 2011 in re “La Capital Cable and Others v. National Government and Others on Preliminary Injunction”. That injunction suspended the application of all the criteria set by the Secretariat of Domestic Trade under Mr. Guillermo Moreno.

The Federal Court of Appeals of the City of La Plata reduced the fine to Ps. 10,000 per day. Cablevisión filed an appeal against that decision in due time and form. On October 16, 2013, the Court of Appeals dismissed the appeal filed by Cablevisión. As of the date of these interim condensed parent company only financial statements, Cablevisión had settled the fine in the amount of Ps. 1,260,000 and compliance was recorded in the file.

On June 11, 2013, Cablevisión was served notice of a resolution rendered in the above-mentioned case; whereby the court ordered the appointment of an expert overseer (*perito interventor*) specialized in economic sciences to: (i) verify whether or not the invoices corresponding to the basic cable television subscription issued by Cablevisión to subscribers domiciled in the Province of Buenos Aires, are actually prepared at the headquarters located at Gral. Hornos 690, and/or at Cablevisión’s branch offices, precisely detailing that process, (ii) identify the individuals responsible for that area, (iii) determine whether or not the administrative actions tending towards the effective compliance with the injunction issued on that case are underway, and (iv) identify the senior staff of Cablevisión that must order the invoice issuance area to prepare the invoices as decided under that injunction.

Cablevisión timely appealed the appointment of said expert on the same grounds stated above. This appeal is also pending before the Federal Court of Appeals of the City of La Plata.

For the purposes of enforcing the injunction, the court issued letters rogatory to the competent judge of the City of Buenos Aires. Upon the initiation of that proceeding, both the National Court on Federal Administrative Matters and the National Court on Federal Civil and Commercial Matters declined jurisdiction to enforce the injunction ordered by the Federal Judge of La Plata. Cablevisión has appealed the decision in connection with the lack of jurisdiction in due time and form. Chamber 1 of the Federal Court of Appeals on Civil and Commercial Matters confirmed the appealed decision. Accordingly, Cablevisión will file an extraordinary appeal in due time and form to have the case decided by the Supreme Court of Argentina.

It should be noted that, in the light of the corporate reorganization and at the request of both parties, that company requested in the file to suspend the procedural terms for 180 days, which was granted by the judge. Therefore, the procedural terms have been suspended until December 11, 2014. Given the decision rendered by the Supreme Court of Argentina in re “Municipality of Berazategui v. Cablevisión” mentioned below, the procedural periods remain suspended until the Federal Court of Mar del Plata renders a decision thereon.

The file initiated by the Ombudsman before the Federal Court of La Plata, was sent to Mar del Plata, as established by the decision rendered in re Municipality of Berazategui v. Cablevisión referred to below, ordering that the preliminary injunction be revoked because it contradicts the injunction ordered in the proceeding initiated by ATVC.

After the Federal Court of the City of Mar del Plata issued its injunction, several Municipal Offices of Consumer Information and several individuals filed claims requesting that Cablevisión comply with Resolution No. 50/10 and the subsequent resolutions that extended its effectiveness. In some cases, preliminary injunctions were granted. In every case, Cablevisión appealed such preliminary injunctions alleging that Resolution No. 50/10, as amended, and/or the subsequent resolutions that extended its effectiveness, had been suspended with respect to Cablevisión, its branches and subsidiaries prior to the issuance of such preliminary injunctions.

On September 23, 2014, the Supreme Court of Argentina rendered a decision in re "Municipality of Berazategui v. Cablevisión" and ordered that the cases related to these resolutions continue under the jurisdiction of the Federal Court of Mar del Plata that had issued the decision on the collective action in favor of ATVC.

Decisions made on the basis of these interim condensed parent company only financial statements should consider the eventual impact that the above-mentioned resolutions might have on Cablevisión and its subsidiaries, and the Company's financial statements should be read in light of such uncertainty.

i) On October 28, 2010, Cablevisión was served notice of the National Administration of Domestic Trade's resolutions imposing two fines of Ps. 5 million each, for allegedly failing to observe the typographic character requirements under applicable regulations (Resolution No. 906/98) when informing its subscribers of the increase in the price of their cable television subscriptions. Cablevisión appealed the fines on November 12, 2010 because it believes it has strong grounds in its favor. However, it cannot assure that the outcome will be favorable. One of the files was assigned No. 1,280 and is pending before Chamber No. 1 of the Federal Administrative Court of Appeals, and the other one was assigned No. 1,278 and is pending before Chamber No. 5 of the Federal Administrative Court of Appeals.

j) On January 13, 2012, the Secretariat of Domestic Trade issued Resolution No. 2/2012 granting Cablevisión 24 hours to resume service to those subscribers who had duly paid their subscription fee in the amount established by the National Government. In its sixth section, the Resolution provides that, if the company does not comply with its obligations thereunder, penalties may be imposed as provided by Law No. 20,680.

On February 10, 2012, Cablevisión received a fine of Ps. 1,000,000 for alleged non-compliance with such Resolution. Such fine has been appealed but no decision has been rendered on the matter yet.

k) On November 27, 2012 the National Administration of Domestic Trade served Cablevisión with Resolution No. 308/2012, whereby it imposed a Ps. 5 million fine on that company alleging that it had failed to comply with Section No. 4 of the Antitrust Law (increase in the subscription price of cable television services/wrongful information provided by Customer Service, which informed by mail SECOM Resolution No. 50 and the supplementing resolutions are suspended on grounds of unconstitutionality, when in fact they have been suspended by an injunction). On December 11, 2012 Cablevisión appealed Resolution No. 308/2012. The administrative file No. S01:0312056/2011 was sent by the National Administration of Domestic Trade to the National Court of Appeals on Federal Administrative Matters. It is now pending before Chamber No. 1 in re "Cablevisión SA v. DNCI Res. 308/12 and Other" (File 140/13). A decision has not been rendered yet.

Cablevisión and its legal advisors believe that the company has strong arguments in its favor. Nevertheless, Cablevisión cannot assure that the fine will be revoked.

l) On April 9, 2013, Cablevisión was served notice of AFIP Resolution No. 45/13 dated April 3, 2013, whereby such agency imposed penalties in a summary proceeding against Cablevisión with respect to compliance with General Resolution No. 3,260/12. Cablevisión filed an appeal, which has staying effects on the execution of those penalties.

m) On May 30, 2013, Pem S.A. was served with a claim in re "TELEVISORA PRIVADA DEL OESTE S.A. v. GRUPO CLARÍN S.A. AND OTHERS on ORDINARY" File No. 99078/2011, which is pending before the Federal Commercial Court No. 16 of First Instance, Clerk's Office No. 32. The claim seeks damages resulting from

certain decisions made with respect to Televisora Privada del Oeste S.A. Cablevisión and Grupo Clarín, among others, are defendants in such lawsuit. Cablevisión was served with the claim and filed a response in due time and form. Notice of the claim is being served on the other co-defendants. According to Cablevisión's legal advisors, the chances of success of the claim are low because the damages claimed are clearly overstated, the actual damage invoked does not exist and the claim is procedurally inappropriate, on both a factual and legal basis. Pem S.A. filed a response and the proceeding is now in the discovery stage. In view of the level of conflict that has arisen among the parties and the length of time it is taking to reach a solution, Cablevisión cannot ascertain the outcome of this claim.

n) On July 5, 2013, the National Administration of Domestic Trade served notice to Cablevisión of Resolution No. 134/2013, whereby it imposed a fine of Ps. 500,000 for breach of Section 2 of Resolution ex S.I.C. y M. No. 789/98, which regulates the Business Loyalty Law No. 22,802. Cablevisión appealed that resolution on July 16, 2013. The administrative file was sent by the National Administration of Domestic Trade to the National Court of Appeals on Federal Administrative Matters. It is now pending before Chamber No. 3 in re "Cablevisión SA v. DNCI Res. 134/13 and Other" (File 36044/13). On May 20, 2014, Chamber No. 3 partially granted the appeal filed by Cablevisión and reduced the fine to Ps. 300,000 and ordered that each party shall bear its own legal costs. On June 9, 2014, Cablevisión filed an appeal with the Argentine Supreme Court. On September 18, 2014, Cablevisión was served notice of the extraordinary appeal filed by the National Government and on October 2, 2014 that company filed a response. On October 9, 2014, the Chamber dismissed both appeals.

On October 08, 2010, the National Administration of Domestic Trade served notice to Cablevisión of Resolution No. 697/2010, whereby it imposed a fine of Ps. 500,000 for breach of Section 21 of the Business Loyalty Law No. 22,802. Cablevisión appealed that resolution on October 26, 2010. The administrative file was sent by the National Administration of Domestic Trade to the National Court of Appeals on Federal Administrative Matters. It is now pending before Chamber No. 3 in re "Cablevisión SA v. DNCI Res. 697/2010 (File S01:80822/10) and Other" (File 1,277/2011). On December 29, 2011, the Court of Appeals dismissed the appeal filed by Cablevisión, and imposed court costs on Cablevisión. On February 22, 2012, Cablevisión filed an appeal with the Argentine Supreme Court. The appeal was dismissed by the Chamber on April 10, 2012. On April 26, 2012, Cablevisión filed an appeal against the above-mentioned dismissal. The Supreme Court of Argentina granted the appeal and revoked the decision against which Cablevisión had filed the appeal with legal costs to be borne by the National Administration of Domestic Trade, and ordered that the case be sent back to the court of first instance for it to render a new decision based on the precedent indicated in its ruling.

o) As a result of a report on suspicious activities reported by the Argentine Federal Revenue Service ("AFIP") concerning transactions carried out between Grupo Clarín and some of its subsidiaries, the Financial Information Unit pressed criminal charges against Cablevisión and its officers in office in the corresponding fiscal year for alleged money laundering in connection with intercompany movements between Cablevisión and certain subsidiaries during fiscal period 2008. The action is now pending before Federal Court No. 9, under Dr. Luis Rodriguez.

During March 2014, the intervening prosecutor Dr. Miguel Angel Osorio broadened the request for evidence.

Cablevisión and its legal advisors believe that there are strong arguments in the Company's favor, since the suspected movements were regular and had been duly recorded, and have gathered evidence that supports the non-existence of any such illegal maneuvers. However, they cannot assure that the outcome of this action will be favorable.

p) Cablevisión, together with its merged companies and ATVC, brought a claim requesting the Judicial Branch, through a final decision rendered in a contradictory trial, to declare: 1) that the National Government undertook the obligation to provide an alternative solution to the repeal of the regime established under Section 52 of Decree No. 1,387/01 for companies that render supplementary broadcasting services and cable television services, which shall contemplate the reasons for excluding these companies from the repeal of Decree No. 1,387/01 through Decree No. 746/03, and 2) that while the Government considers the situation of those companies to find such an alternative

solution, it shall maintain the effectiveness of the regime established under Section 52 of Decree No. 1,387/01 (cfr. fs.2/12).

On October 1, 2015, Chamber II of the Court of Appeals on Federal Administrative Matters, in a single joint decision in re “AEDBA and other v. National Government - Decree No. 746/03 - AFIP on Incidental Procedure”, decided that, among other things, even though ATVC was not among the claimants that had been granted an injunction in the other two above-mentioned related cases, the situation was also applicable to the sector encompassed by that association, therefore, the decision shall also apply to this association. Under these conditions, the claims brought by the claimants shall be admitted - in the joinder of the three claims - and the claimants and the companies represented by them are entitled to have a differential VAT regime applicable to the sectors involved which shall be created, enforced and regulated by the authorities duly empowered by the Constitution to such end. This regime shall guarantee the full exercise of the rights recognized under Section 14 of the National Constitution, as well as the maintenance of the exception provided under Section 2 of Decree N° 746/03 from the repeal of Section 52 of Decree No. 1,387/01. On December 3, 2015, the Supreme Court of Argentina dismissed the appeal filed by the Executive Branch. Therefore, the decision rendered by the Court of Appeals became firm and final.

As a result of the foregoing, Cablevisión and its subsidiaries started to calculate employer's contributions as tax credit on VAT as from September 2015.

q) On April 5, 2017, a subsidiary of the Cablevisión received a notification from the Under-Secretary of State for Taxation of Treasury ("SET") of the Republic of Paraguay, whereby that subsidiary was informed that it had failed to determine the additional IRACIS rate on the accumulated results of the companies merged in 2014. The Company's subsidiary considers that it has solid arguments to support its position.

8.2. Re-allocation of Frequencies in Uruguay

The Executive Branch of Uruguay issued Decree No. 73/012, published in the Official Gazette on March 16, 2012, whereby it expressly repealed Decree No. 231/011, which had revoked certain signals' broadcast frequencies. However, the new decree ratified and repeated – virtually in identical terms - the decree that was being repealed, and added certain provisions that caused further detriment to the two affected companies with which a subsidiary of Cablevisión has contractual arrangements in place. Consequently, on March 23, 2012 the affected companies filed an appeal requesting that Decree No. 73/012 be revoked. The appeal is still pending resolution.

In May 2012, the aforesaid companies brought a legal action with the Court in Administrative Litigation Matters requesting the nullification of the resolution and the suspension of its execution. This motion to suspend the execution of the challenged resolution was brought as a separate case, and progressed through the corresponding instances. The Office of the Attorney General for Administrative Litigation Matters, in its opinion No. 412/013 advised the Court on Administrative Litigation Matters to grant the motion to suspend the execution of the challenged resolution for formal reasons, but the Court dismissed the motion of suspension. Notwithstanding the foregoing, as of the date of these financial statements, the governmental authorities have not yet enforced the decree.

On September 30, 2014, the Court on Administrative Litigation Matters through its decisions No. 416/2014 and No. 446/2014 revoked for formal reasons Decrees No. 73/012 and No. 231/011, respectively.

On March 9, 2015, Decree No. 82/015 was published in the Official Gazette, whereby the Executive Branch 1) repealed Decree No. 73/012; 2) 16 common stations are awarded to be held in common (the same stations) by BERSABEL S.A. and VISION SATELITAL S.A. (companies related to Adesol S.A.) for a term of 15 years: Two of the 16 stations are awarded on a secondary basis, which means that they may be exposed to interferences and they do not have the right to bring any claim in connection thereto; 3) use of existing stations must cease within 18 months of their award to mobile service operators; 4) both companies are expressly authorized to increase the number of TV signals (stations) included in their respective services making use of digitization techniques; 5) both companies shall submit before the Communication Services Regulatory Agency, within a fixed term of 60 calendar days as from the date of publication of the Decree, a technical plan for the migration and release of stations, which

plan shall be assessed and approved by such agency (such plan was submitted on May 7, 2015); 6) the Bidding Terms governing the bid for frequency bands that were owned by both companies shall include an economic compensation mechanism for both companies to cover the expenses incurred in adapting their systems to the new stations awarded to them, in the amount of USD 7,000,000.

Even though both companies' request for the annulment of Decree No. 153/012 was granted for formal reasons (failure to serve prior notice) by the Court on Administrative Litigation Matters (decision 455 of June 11, 2015), this decision does not change prior considerations about the terms of Decree No. 82/015 with respect to both companies due to the fact that Decree No. 305/015 (which substituted Decree No. 153/012) confirmed the allocation of channels 21 through 36 (512 MHz - 608 MHz) and 38 through 41 (614 MHz - 638 MHz), of 6 MHz each, in the UHF band exclusively for rendering accessible, free, digital broadcast television services all over the country, except for channels 35 (596-602 MHz), 36 (602-608 MHz) and 38 through 41 (614-638 MHz) only in the geographic area for which BERSABEL S.A. and VISION SATELITAL S.A. had received authorization, which will be used solely for rendering television services to subscribers through the codified UHF system, as it had been previously and expressly stated in Section 5 of Decree No. 82/015 (which repealed and amended the language of Section 1 of the above-mentioned Decree No. 153/012).

NOTE 9 – FINANCIAL INSTRUMENTS

The relevant information about the financial assets and liabilities directly held by the Company is detailed below:

9.1 Financial Risks Management

The Company is a party to transactions involving financial instruments, which entail exposure to market, currency and interest rate risks. The management of these risks is based on the particular analysis of each situation, taking into account its own estimates and those made by third parties of the evolution of the respective factors.

9.1.1 Capital Risk Management

The Company manages its capital structure seeking to ensure its ability to continue as an ongoing concern, while maximizing the return to its shareholders through the optimization of debt and equity balances.

As part of this process, the Company monitors its capital structure through the debt-to-equity ratio, which is equal to the quotient of its net debt (Bank and Financial Debt less Cash and Cash Equivalents) divided by shareholders' equity.

9.1.3 Objectives of Financial Risk Management

The Company monitors and manages the financial risks related to its operations; these risks include market risk (including exchange risk, interest rate risk and equity price risk), credit risk and liquidity risk.

The Company does not enter into financial instruments for speculative purposes as common practice. As of June 30, 2017, the Company was not a party to agreements involving derivatives.

9.1.4 Exchange Risk Management

The Company enters into foreign currency transactions, therefore, it is exposed to fluctuations of exchange rates.

The Company does not currently enter into foreign exchange hedging transactions to manage foreign currency fluctuation risk. In case the Company enters into such transactions, it cannot assure that those operations will protect its financial position from the eventual negative effect of exchange rate fluctuations.

The following table shows the monetary assets and liabilities denominated in foreign currency (USD) as of June 30, 2017:

9.1.4.1 Foreign Exchange Sensitivity Analysis

The Company is exposed to exchange risk, mainly with respect to the US dollar.

The following table shows the Company's sensitivity to an increase in the exchange rate of the US dollar. The sensitivity rate represents Management's assessment of the possible reasonable changes in exchange rates. The sensitivity analysis only includes the outstanding monetary items denominated in foreign currency and adjusts its translation at the end of the period with a 20% increase in the exchange rate, assuming that all the remaining variables remain constant.

The sensitivity analysis presented above is hypothetical since the quantified impact is not necessarily an indicator of the actual impact, because exposure levels may vary over time.

9.1.5. Interest Rate Risk Management

As of June 30, 2017, the Company does not have any financial liabilities with variable interest rates. However, a substantial increase in interest rates may limit the Company's ability to access financing.

9.1.6. Credit Risk Management

Credit risk is defined as the risk that one of the parties may breach its contractual obligations, generating an eventual financial loss for the Company. The Company renders services solely to companies of the same economic group. The credit risk on liquid funds is limited due to the fact that the counterparties are banks with high credit ratings issued by credit rating agencies.

The following table details the maturities of the Company's financial assets as from June 30, 2017. The amounts disclosed in the table are the undiscounted contractual cash flows.

NOTE 10 - CAPITAL STOCK STRUCTURE

The Company's capital stock is of Ps. 180,642,580 and is represented by:

- 47,753,621 Class A common, registered, non-endorsable shares, with nominal value of Ps. 1 each and entitled to 5 votes per share.
- 117,077,867 Class B book-entry common shares, with nominal value of Ps. 1 each and entitled to 1 vote per share.
- 15,811,092 Class C common, registered, non-endorsable shares, with nominal value of Ps. 1 each and entitled to 1 vote per share.

On March 21, 2017, the Company made a filing with the CNV in order to request admission to the public offering regime. On May 29, 2017, Cablevisión Holding requested the BCBA the listing of its Class B common shares. It has begun a similar process in an international market.

On August 10, 2017, the Argentine Securities Commission approved the prospectus for admission to the public offering submitted by Cablevisión Holding and, consequently, the Company fulfilled the conditions detailed in the Resolution No. CNV 18818.

Due to the fact that, as of the date of these financial statements, the Company has not obtained all of the required regulatory authorizations, Grupo Clarín and Cablevisión Holding have not yet exchanged their shares under the exchange ratio approved by Grupo Clarín's shareholders at the time of approval of the spin-off process. Once those approvals have been obtained, Grupo Clarín and Cablevisión Holding will exchange their shares.

NOTE 11 - RESERVES, ACCUMULATED INCOME AND DIVIDENDS

1. Cablevisión Holding

The Company's bylaws set forth that retained earnings shall be appropriated as follows: (i) 5% to the Company's legal reserve until such reserve equals 20% of the Company's capital stock; and (ii) the balance, in whole or in part, to the payment of the fees of the members of the Board of Directors and the Supervisory Committee, to dividends on common shares, or reserve accounts, or as otherwise determined by the Shareholders, among other situations.

2. Cablevisión

On March 30, 2017, at the Annual General Ordinary and Extraordinary Shareholders' Meeting of Cablevisión, its shareholders decided to appropriate the net income for the year ended December 31, 2016, which amounted to Ps. 4,045,337,263, as per the following detail: (i) Ps. 1,600,000,000 to the distribution of cash dividends payable to the shareholders in proportion to their equity interests in Argentine Pesos or US Dollars, in two installments, the first one to be paid within a term of thirty days as from the date of such Shareholders' Meeting and the second one to be paid on December 31, 2017 or earlier as determined by the Board of Directors, and delegated on the Board of Directors the power to establish the time and payment method, (ii) Ps. 200,479,147 to the increase of the Legal reserve, and (iii) Ps. 2,244,858,116 to the Optional reserve to maintain Cablevisión's level of capital expenditures and its current solvency level". As of the date of these interim condensed parent company only financial statements, Cablevisión paid Ps. 800,000,000 of distributed dividends.

REPORT ON REVIEW OF INTERIM CONDENSED PARENT COMPANY ONLY FINANCIAL STATEMENTS

To the President and Directors of
Cablevisión Holding S.A.
Legal domicile: Tacuarí 1842, 4th floor,
City of Buenos Aires
CUIT No. 30-71559123-1

Introduction

We have reviewed the attached interim condensed parent company only financial statements of Cablevisión Holding S.A. (the "Company") which comprise the parent company only statement of balance sheet at June 30, 2017, the parent company only statement of comprehensive income for the two-month period beginning on May 1, 2017 and ended at June 30, 2017 and the parent company only statements of changes in equity and of cash flows for the two-month period ended on that date and selected explanatory notes.

Management's responsibility

The Board of Directors of the Company is responsible for the preparation and presentation of the financial statements in accordance with International Financial Reporting Standards, adopted by the Argentine Federation of Professional Councils in Economic Sciences (FACPCE, for its Spanish acronym) as professional accounting standards and incorporated by the Argentine Securities Commission (CNV, for its Spanish acronym) to its regulations, as approved by the International Accounting Standards Board (IASB) and, therefore, is responsible for the preparation and presentation of the interim condensed parent company only financial statements mentioned in the first paragraph in accordance with International Accounting Standard 34 "Interim Financial Reporting" (IAS 34).

Scope of our review

Our review was limited to the application of the procedures established by International Standard on Review Engagements ISRE 2410 "Review of interim financial information performed by the independent auditor of the entity", which was adopted as review standard in Argentina by Technical Resolution No. 33 of the FACPCE as it was approved by the International Auditing and Assurance Standards Board (IAASB). A review of interim financial information consists of making inquiries to the Company's personnel responsible for preparing the information included in the interim condensed parent company only financial statements and applying analytical and other review procedures. The scope of this review is substantially less than an audit conducted in accordance with International Standards on Auditing. Consequently, a review does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on the parent company only balance sheet, parent company only comprehensive income and parent company only cash flows of the Company.

Conclusion

Based on our review, nothing has come to our attention that caused us to believe that the interim condensed parent company only financial statements mentioned in the first paragraph of this report are not prepared, in all material respects, in accordance with International Accounting Standard 34.

Emphasis of Matter

Without modifying our conclusion, we would like to emphasize the information contained in Note 8.1.h. to the interim condensed parent only financial statements, which describes the situation related to the resolution issued by the regulator to calculate the monthly fee payable by the users of television services provided by the subsidiary Cablevisión S.A., whose decision cannot be foreseen to date.

Report on compliance with current regulations

In accordance with current regulations, in respect to Cablevisión Holding S.A., we report that:

- a) the interim condensed parent company only financial statements of Cablevisión Holding S.A. have been transcribed to the "Inventory and Balance Sheet" book and comply with the General Companies Law and pertinent resolutions of the Argentine Securities Commission, as regards those matters that are within our competence;
- b) the interim condensed parent company only financial statements of Cablevisión Holding S.A. arise from accounting records kept in all formal respects in conformity with legal provisions;
- c) we have read the additional information to the Notes to the interim condensed parent company only financial statements required by Section 12, Chapter III, Title IV of the regulations of the Argentine Securities Commission, on which, as regards those matters that are within our competence, we have no observations to make;
- d) at June 30, 2017, there is no debt accrued in favor of the Argentine Integrated Social Security System according to the Company's accounting records.

SUPERVISORY COMMITTEE'S REPORT ON THE REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS

To the Shareholders of:

Cablevisión Holding S.A.

TAX IDENTIFICATION NUMBER: 30-71559123-1

Registered office: Tacuarí 1842, Piso 4°

City of Buenos Aires

I. INTRODUCTION

In our capacity as members of Cablevisión Holding S.A.'s Supervisory Committee, pursuant to the regulations of the Argentine Securities Commission (CNV, for its Spanish acronym) and of the Buenos Aires Stock Exchange, we have performed a review of:

a) The Interim Condensed Parent Company Only Financial Statements of Cablevisión Holding S.A. comprising the Parent Company Only Balance Sheet as of June 30, 2017, the Parent Company Only Statement of Comprehensive Income for the two-month period beginning May 1, 2017 and ended June 30, 2017, the Parent Company Only Statement of Changes in Equity and the Parent Company Only Statement of Cash Flows for the two-month period then ended, together with the corresponding notes.

b) The Interim Condensed Consolidated Financial Statements of Cablevisión Holding S.A. and its subsidiaries comprising the Consolidated Balance Sheet as of June 30, 2017, the Consolidated Statement of Comprehensive Income for the two-month period beginning May 1, 2017 and ended June 30, 2017, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the two-month period then ended, together with the corresponding notes.

II. RESPONSIBILITY OF THE COMPANY'S MANAGEMENT

The Company's Board of Directors is responsible for the preparation and presentation of the financial statements detailed in point I. in accordance with the International Financial Reporting Standards (IFRS) adopted by the Argentine Federation of Professional Councils of Economic Sciences ("FACPCE", for its Spanish acronym) as professional accounting standards and incorporated by the CNV to its regulations, as approved by the International Accounting Standards Board (IASB). Therefore, the Board of Directors is responsible for the preparation and presentation of the financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting" (IAS 34).

III. SCOPE OF OUR REVIEW

We conducted our review in accordance with effective statutory auditing standards established by the Argentine General Associations Law (Law No. 19,550, as amended) and by Technical Resolution No. 15 issued by the FACPCE. (amended by Technical Resolution No. 45 issued by the FACPCE). Said standards require that the review of the documents detailed in point I. be conducted in accordance with effective audit standards for the review of interim condensed financial statements; that the documents be checked for consistency with the information on corporate decisions stated in minutes and that such decisions conform to the law and the by-laws, in all formal and documentary aspects.

In order to conduct our professional work on the documents detailed in point I., we have reviewed the work performed by the Company's external auditor, Carlos A. Pace, a partner of Price Waterhouse & Co. S.R.L., who issued his reports on August 10, 2017, pursuant to International Standard on Review Engagements 2410 ("ISRE 2410") about "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", which was adopted as a standard of review in Argentina through Technical Resolution No. 33 issued by the FACPCE as approved by the International Auditing and Assurance Standards Board (IAASB) .

A review of interim financial information consists of making inquiries of the Company's personnel engaged in the preparation of the information included in the interim condensed financial statements and applying analytical and other review procedures. The scope of this review is substantially lower than that of an audit review performed in accordance with international auditing standards and, consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that may be identified in an audit. Accordingly, we do not express an audit opinion on the Company's financial position, the comprehensive income and the cash flow position (both on a consolidated and parent company basis).

We have not performed any management control and, therefore, we have not assessed the business criteria and decisions on administrative, financing, commercialization and production matters, since these issues are the exclusive responsibility of the Board of Directors.

IV. CONCLUSION

Based on our work, within the review scope described in point III of this report, nothing has come to our attention that caused us to believe that the financial statements mentioned in point I are not prepared, in all material respects, in accordance with International Accounting Standard 34.

V. EMPHASIS OF MATTER

Without qualifying our conclusion, we would like to emphasize the information disclosed under Note 8.1.h. to the Interim Condensed Parent Company Only Financial Statements and under Note 9.1.h. to the Interim Condensed Consolidated Financial Statements, which describe the situation related to the resolution issued by the regulatory agency for the calculation of the monthly fee payable by the users of cable television services rendered by the subsidiary Cablevisión S.A., whose decision cannot be foreseen to date.

VI. REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with effective regulations, we report with respect to Cablevisión Holding S.A. that:

- a) The interim condensed financial statements detailed in point I a) and b) comply with the provisions of the General Associations Law and the regulations concerning accounting documentation issued by the CNV, and have been transcribed to the Inventory and Balance Sheet Book.
- b) The financial statements detailed in point I a) arise from the Company's accounting records kept, in all formal aspects, in accordance with effective legislation.
- c) Furthermore, we report that in exercise of the legality control within our field of competence, during the two-month period ended June 30, 2017 we have applied the procedures set forth in Section 294 of the General Associations Law, as deemed necessary pursuant to the circumstances and we have no observations to make in that regard.

Free translation from the original prepared in Spanish

- d) We have read the additional information to the notes to the financial statements detailed in point I a) required under section 12, Chapter III, Title IV of CNV regulations, on which, within our filed of competence, we have no observations to make.
